FREDERICTON CITY BLANKS TROJANS 11-0

(Canadian Press)

FREDERICTON, N. B., Nov. 8.—On a field blanketed with four inches of snow, the aggressive Fredericton City rugby squad downed Saint John Trojans 11-0 today in the first match of a two-game series leading to qualification of New Brunswick's entry in McCurdy Cup play.

Fredericton's three tries, one of which was converted, were made within 19 minutes of the first half. The fixture was hardly a walkover, however, as Trojans fought every inch of the way. They are expected to furnish strong opposition in the second game at Saint John next Saturday.

Condition of the field made play extremely uncertain, and the ball was difficult to handle. Fredericton showed superiority both in the forward line and backfield. Trojans displayed some long, threatening kicks but never offered a serious threat.

Tries were made by Clark, Beatty and Coverney, Clark converting Beatty's try.

LEAFS REGISTER 18 PLAYERS

MONTREAL, Nov. 8.—The name of Eddie Shore, the season's most noted holdout, was conspicuous by its absence when Frank Calder, president of the National Hockey League, tonight issued a list of players and the numbers they will wear in the season which opens next Thursday.

Although Shore, burly defenceman for Boston Bruins for several years was not allotted a number, Cooney Weiland of Ottawa, who was suspended tonight, was included in the roster of the Senators.

Toronto Maple Leafs have more players than any other club, 18 men being given numbers. Smallest squad is that of Detroit Red Wings with 13. Most of the squads are at the league's maximum of 15, the limit allowed in league games.

(Canadian Press)

TORONTO, Nov. 8.—Governors of the Interprovincial Rugby Union will vote in a few days to decide who is to succeed the veteran Alex Denman of Hamilton Tigers as holder of the Jeff Russell Memorial Trophy, awarded annually to the player most gentlemanly on the field and most useful to his team.

Denman, veteran of a dozen seasons with the Tiger Tanks by gaining the award in 1932. But youth predominates in the list of candidates for the honor this year. Each team names two of its players for consideration.

Andy Tommy, sensational half-back and Bud Andrews, flying wing, have been named by Ottawa Roughriders. Both are playing in their first big four campaign.

Argonauts have nominated Jim Palmer, captain and inside stalwart and Teddy Morris, line-smashing backfielder who also is a great secondary defenceman.

The veteran Brian Timmis, nearing the end of a career with Hamilton Tigers during which he was recognized as the outstanding middle wing in the country for years, and Seymour Wilson, outside, are Tigers nominees.

Montreal players have not named their selections.

"DADDY" BUBAR WORKS OUT WITH HAWKS

(Canadian Press)

MONCTON, Nov. 8.—Daddy Bubar, New Glasgow, arrived in town this afternoon and immediately joined the Hawks in a practice session in the Stadium. Bubar, who is looked upon as one of the greatest goalies ever developed in the Maritimes, campaigned last winter for the Charlottetown Abegweits and the winter before was with the Fredericton Capitols.

Although this afternoon's workout was the first he has had this year, Bubar looked good and it was hard for the Allan Cup sharpshooters to find a weakness in his defense. Bubar will serve as substitute goalie for the Hawks this winter and is a worthy relief man to Captain Jimmy Foster.

Bobby Beaton, another New Glasgow youth who is trying for a berth with the Dominion champions, is displaying considerable class in the workouts. Sturdy, a good skater and proficient in handling the stick, the critics forecast a brilliant future for the young right winger after a bit of seasoning.

The Allan Cup champions are hitting a dazzling pace in their regular berths will have to step lively—or so it would seem. The team is working out twice a day.

Both incidents were reported to American Ambassador Sumner Welles.

All telephone communications with the interior were broken off late today for an undetermined reason.

American destroyers in Havana Bay moved out of the danger zone at full speed.

INSPECTION OF NAVAL RESERVES

Last evening the R. C. N. V. R. were inspected at their headquarters by the Director of Naval Reserves, Commander C. Beard of the Naval Staff, Ottawa. The ship's company was drawn up on the quarter deck, and were inspected. Classes were then detailed for the following: seamanship, gunnery, small arms, and torpedo. After inspection of these classes, the ship's company was formed up on the quarter deck and the director expressed himself as very well satisfied with the progress the Charlottetown half company had made.

He stressed the point that while the half company was making great strides in efficiency, the success of the unit depended entirely on the team spirit shown by each individual rating. He pointed out that no matter how successful the unit was, it depended upon the enthusiasm of each individual, and that each one must pull his weight to assure the success of all.

Winter cruises and training for the half company will be arranged later on during the season.
