

Bigger Crops

More profit from POTATOES, better LAWNS, FLOWERS and VEGETABLES.

No matter where you use Soilgro—on your potatoes, corn, grain—on your lawn, flowers or in your garden, you'll be amazed at the growth it promotes. Soilgro feeds any plant that has roots. It is the new scientific method of hastening and increasing growth. It is cheap— for six dollars you get a package that will do for a good sized lawn and garden, or an acre and a half of roots or grain—for all summer. It is easy to apply and eliminates for the man in town, the difficulty of procuring and the objection to applying barnyard manure or other fertilizer. On farms it can be used with manure with splendid results.

Here's what one man says about Soilgro
Tenniskaming, Que., Sept. 4, 1924.
"I take much pleasure in saying that I got very good results from Soilgro as I had a very bad summer for flowers. I am pleased to say that my flower garden took first prize at the Exhibition and as there is but one other here that has used Soilgro we both had the best garden."

The original of this letter is in our files. We will be glad to give the writer's name if desired.

DOG JUMPS FROM WINDOW—The friends of Mr. T. B. Rogers are at present sympathizing with him in the loss of his nine months old German police dog, "Abegweit Wkiki." The dog which is a very valuable one and the winner of several championships found her way, on Wednesday into the office of Mr. K. J. Martin on Richmond Street. How it came to lose its balance will probably never be known, but to the great surprise and astonishment of passers-by it came suddenly hurtling through the window into the street eighteen feet below, sustaining a broken hip. It suffered so much that it was mercifully poisoned.

MCNEIL-SOPER—A marriage that came as a surprise to the many friends of the young people was solemnized at the Baptist parsonage, Sydney, on Monday, the contracting parties being Mr. Clarence McNeill, of Charlottetown, P. E. I., who until he resigned last week was for two years lighthouse operator with the North Sydney Herald, and Miss Beatrice Soper, daughter of Mr. Reid, Stanley Street. The ceremony was performed by the Rev. L. E. Aikland, pastor of the Baptist church, Sydney, and uncle of the groom. Mr. McNeill, who is a first class operator, and whose resignation was regretted by the whole Herald staff, had planned to go to Boston, where his parents now reside, and when it became known a few days ago that Miss Soper also intended to go there, the friends of the young people became suspicious of an impending romance. Their suspicions proved well founded, but the happy young couple did not get away from town as quietly as they expected, a large number of their young friends being at the railway station Monday night to shower them plentifully with rice and good wishes when the express was leaving—North Sydney Herald.

The lucky young operator referred to above was formerly employed with the Guardian.

"Won't you play with me?"

THIS little girl is speaking to you from the store windows of thousands of Congoleum merchants throughout the Dominion. She represents the thousands of happy children who have gained their mothers' closer companionship through Congoleum Gold-Seal Art-Rugs. For with these rugs on their floors, mothers have more time for their children, more time for the things that every woman enjoys.

Spring cleaning and moving time offer an exceptional opportunity to change from old-fashioned, dust-collecting carpets to easily cleaned Congoleum Gold-Seal Rugs. They are far less expensive—will leave you money for draperies and other furnishings—and in addition offer a charming variety of beautiful patterns for every room.

No Sweeping or Beating

No wonder housekeepers everywhere are using Congoleum Gold-Seal Rugs all through the house. For all the cleaning a Congoleum Art-Rug ever needs is a quick going-over with a damp mop. How different from the tiresome sweeping and beating that woven floor-coverings demand! And how infinitely more sanitary is the smooth, waterproof Congoleum surface.

Lie Flat without Fastening

Unlike many woven floor-coverings, Congoleum Art-Rugs are made in one piece. Another advantage: these rugs hug the floor; never curl at the edges, never wrinkle.

CONGOLEUM GOLD-SEAL ART-RUGS
