Railways Arrange Low Fares For Dominion Day

(Special to The Guardian)

MONTEAL, June 16.—Canada's principal summer holiday Dominion Day, July 1, falls on Saturday this year and for the convenience of those Canadians who wish to visit friends and relatives or to enjoy their outing at points away from their homes, the Canadian railways have arranged low fares providing for either the one day or longer holiday trips. Announcement to this effect was made today by C. P. Riddell, Chairman of the Canadian Passenger Association. Return tickets will be sold good between stations in Canada at one and one-quarter times the regular one way fare, good going from noon on Friday, June 30 to noon on Sunday, July 2, and for return, good on trains leaving not later than midnight, Standard Time, on Monday, July 3.

In addition there will be special one day fares, the return tickets being sold at regular one way first class fares. These tickets will be good going on any train after 1 a. m. Standard Time on July 1st, with the return portion good on any train reaching the original starting point up to midnight of the same day. The special holiday tickets will be good between any points which can be visited within the period limit of the respective tickets.

Large Number Naturalized

(Canadian Press)
OTTAWA, June 15.—A total of 25,877 former aliens were naturalized in Canada last calendar year. Prospects of this number being exceeded this year have prompted Hon. C. H. Cahan, Secretary of State, to issue a circular letter to the judicial authorities urging on them the need for exercising greater care in naturalization enquiries.

DON'T FORGET

Boxing tonight at Borden Rink.
Also dance at Abegweit Hotel. Ticket to boxing also good for dance.

Timely Tips On Sport

NORTHAM NIGHT RACES

It is interesting to note that the night race meeting at Northam takes place on the shortest night of the year—June 21 being, of course the longest day. Word from the course indicates that preparations are well forward for the novel event. What with racing under electric lights, and subsequently dancing in a commodious hall there should be a tremendous patronage to reward Messrs. Milligan and Morrison for their enterprise.

YANKS LOSE 4 STRAIGHT

The New York Yankees dropped their fourth straight tilt yesterday to the lowly Boston Red Sox by an 8 to 5 score.

TAKE IT ON THE CHIN

In a loosely played fixture the Tanners, Industrial League leaders, met their first defeat of the season when the Independents handed them a 23 to 13 drubbing in a regular scheduled game last evening.

4 RUNS, 16 HITS

Although the New York Giants pounded the Boston Braves hurlers for 16 base hits yesterday the National League leaders dropped the game 7 to 4.

Boys, be on hand for the Cycling Club hike and softball game tonight. Everybody come as we wish to discuss the five mile road race. Meet at the Y. M. C. A. at seven o'clock.

Children's Friend On Maritime Tour

ST. JOHN, N. B., June 15.—J. D. O'Connell, for years extensive sugar planter in Camaguey, Cuba, arrived in the city yesterday. He will visit Sussex, then Moncton and after that Prince Edward Island and Halifax.

"I'll make my usual Maritime circuit," said he, "and confer about the holding of orphans' picnics in the towns and cities where foundation funds of \$10,000 and \$5,000 for that purpose have been banked." Mr. O'Connell stated only the interest of these funds is used annually, never any of the principal.

Asked how much money was represented in those orphans' picnic funds, Mr. O'Connell answered by stating there were fully 50 in the Maritime Provinces, other parts of Canada, in United States, Mexico, Cuba and Haiti.

Besides these benefactions the former New Brunswick is known to have created an orphanage in Edmonton, Alta., and he went fifty-fifty in building another in Cuba. During the last few years he established food depots near the scene of his plantations when business conditions were bad.

Convict Pleads Guilty To Charge

(Canadian Press)
KINGSTON, Ont., June 15.—As the curtain fell on the second day's hearing of evidence, anti-climax to the convict riots which shook Portsmouth Penitentiary in October of last year, Hugh Burling had pleaded guilty to charge of unlawful assembly, John Evans, youthful negro convict had been given a day to prepare his case after arguing legal points with presiding Judge Evan McLean, and evidence in the case of convict Perry was still being heard.

CRIMSON IS FAVORITE ON EVE OF RACE

NEW LONDON, Conn., June 15.—(A.P.)—Harvard's more experienced heavyweight Varsity crew was established a slight favorite today to capture the four-mile Varsity boat race from Yale tomorrow evening, for the third consecutive year. Final brief workouts along the historic Thames River course found both boatloads in first class condition, the rival camps confident and the picturesque surroundings taking on their annual holiday color.

Sharp Drop In Brit. Currencies

(Canadian Press)
NEW YORK, June 15.—The pound sterling dropped 7 cents and the Canadian dollar 1 1/2 cents on the New York Foreign Exchange market today.

Reports from London indicating that an understanding was in prospect between the United Kingdom, France and the United States upon de facto stabilization of the pound and the dollar at 4.05 to 4.07, caused a sharp drop in quotations for British currencies and a corresponding rise in the value of the American dollar.

The rumors emanating from London were not entirely credited in the exchange market, but it was evident that speculators were actively covering their short commitments and buying American dollars against pounds and francs.

The Canadian dollar closed at 88 1/2 cents against 89 1/2 yesterday. The premium on United States funds rose to 13 percent. The pound closed a cent above the day's low at \$4.03, down seven cents from yesterday's closing figure. The pound opened weak and its high for the session was \$4.08.

Common Sense In Hot Weather

NEW YORK, June 15.—(G.P.)—"Plain common sense in everything we do," is advocated by Health Commissioner Shirley W. Wynne, in a few hot-weather suggestions.

With the "official" opening of summer just around the corner—June 21, Dr. Wynne warned against "rushing, fuming and fretting," and added that using common sense would mean "bodily as well as mental comfort during the warm season."

Here are a few "hints" made public by the commissioner. Avoid too heavy, spicy, or fat foods and eat plenty of fresh vegetables, particularly of the leafy variety, plenty of fresh fruit and at least one cooked meal every day. Drink a quart of milk a day, and four to five glasses of water, not too cold.

"Get a coat of tan early, but avoid sunburn. A few minutes of exposure to the sun daily will bring best results. Exercise your body night and morning—but make it light during the summer. The best kind of exercise now is swimming in the open, but do not do any exercise or go swimming after a heavy meal."

Grade I (B)—1, Alice MacPherson.
Grade I (C)—1, Allison Carr.

Winnipeg Grain Market Shows Firmness

(Canadian Press)
WINNIPEG, June 15.—Winnipeg grain market was "sufficient unto itself" today as wheat future prices ignoring entirely the weakness at Chicago, displayed firmness for almost the entire session to finish 3-8-1-2 cent higher, July option at 64 5-8, October 66 7-8 and December 86 1-8 cents.

A sharp two-cent price "break" in the southern market failed to influence local values as they scored advances of more than a cent at the opening and, depressed around mid-session by liberal selling, to near the previous closing levels, recovered in a final closing flurry.

High temperatures reported from many points in the West (bringing a possibility of serious damage to recently-own crops, and support offered by 500,000 bushels of export sales, aided futures in their resistance to downturns from the south. Support nearly always was at hand and trading was cheerful throughout.

Imperial Oil Officials To Retire

(Canadian Press)
TORONTO, June 15.—Charles Orin Stillman, President of Imperial Oil Limited, and A. M. McQueen, Vice-President, will submit their resignations from the Board of Directors at the annual meeting to be held in Sarnia on June 30, according to an official statement issued tonight to the Canadian Press.

TROJANS WIN FROM HAWKS

The East End Hawks were defeated by the Trojans last night in a Junior League tilt by a score of 8-6. The game was one of the best in the league to date. P. Murnaghan's batting was a big help to the Trojans in their win.

The lineup follows:
Milton's Trojans—Catcher, J. Shepherd; Pitcher, L. McAleer; 1st base, P. Murnaghan; 2nd base, J. McTague; 3rd base, I. Murnaghan; S. Stop, B. Sherry; R. field, F. Hennessy; C. field, A. McDonald; L. field, J. Sherry.

Hawks—Catcher, E. Howatt; Pitcher, C. Howatt; 1st base, J. Hogan; 2nd base, M. Drain; 3rd base, C. Michael; S. Stop, R. Flanagan; R. field, V. Peters; C. field, Michael; L. field, Hogan.
Umpire—J. Chipman.
Bases—J. Francis.

MARITIMES SHARE IN DEBATE

Presbyterian Assembly Empowers Maritime Church To Act In Own Way.

PETERBOROUGH, Ont., June 15.—The Maritime Provinces came in for a big share of debate yesterday during the session of the Presbyterian General Assembly. A travelling pastor was appointed for New Brunswick especially to look after the frontier charges.

Another matter of importance was the decision of the Assembly to instruct a committee to confer with United Church officials in an effort to secure revision of the property division arranged at the union in 1925.

The Synod of three Maritime Provinces were empowered to appoint a treasurer and establish a separate financial system of its own, independent of the central church offices. It was claimed this would aid the Atlantic Provinces in increasing their finances.

A second request, that the Maritimes be refunded 25 per cent of their budget contributions, was referred back to the synod for reconsideration. It will come before the Assembly again next year.

Rev. S. J. MacArthur, Moncton, Rev. Hugh Munro, New Glasgow, and Rev. D. O. MacKay, Elmsdale, N. S., presented the Maritime case. They said the Presbyterian Church in the Atlantic Provinces had suffered a greater blow at union than any other part of the country. At least \$10,000 a year was needed for 10 years to build up the church.

The Maritimes wanted a free hand in their own finances, Mr. MacArthur said. It would stimulate giving if the Maritime Synod could assure its people the money would be spent in the Maritimes. Twenty-one names and 14 churches were needed at once. His own congregation worshipped in a basement.

The church board of administration was clothed with power to supervise the expenditures of all spending boards. It will act as a check on the boards, ordering retrenchment when revenues fall. Suggestions the conference might lead to an appeal to Parliament were contained in the Assembly's decision to seek revision of the property division.

The 1931 census figures will form the basis for the negotiations, Presbyterian General Assembly decided today.

In 1925 common property of the Presbyterian Church was divided between the continuing Presbyterians and those entering union on a basis of 36-64, based on the relative strength of the two factions. It now is claimed the census figures showed the continuing Presbyterians should have received a larger share, possibly a 50-50 split or even higher.

The Assembly today instructed its judicial committee to begin negotiations with United Church officials. Three overtures from Presbyterians were considered and each one suggested the Presbyterian Church take the fight to Ottawa if progress is not made through negotiations.

R. M. C. Cadets Return To Homes

(Special to The Guardian)
MONCTON, N. B., June 15.—A party of twenty six cadets from Royal Military College, Kingston, Ont., were passengers on the Ocean Limited of the Canadian National Railways arriving in Moncton today. Twenty one of the number are continuing on to Halifax where they will enter naval school there to undergo a naval course. The remainder are students returning to their homes in the Maritimes.

Canada's Sales Tax Painless Says Hearst

NEW YORK, June 15.—(G.P.)—Canada's sales tax is hailed as "painless" and "immensely popular" by William Randolph Hearst, who is conducting a campaign for a similar tax in the United States.

Editorials praising Canadian taxation methods appear almost daily in Mr. Hearst's string of newspapers and frequent cartoons depict the easy path the American publisher believes Canadian taxpayers have to tread.

One cartoon shows John Canuck riding along the open highway in an up to date truck with the Canadian budget, heavy as it is, in no way straining the resources of the sturdy vehicle which represents the Canadian sales tax. Alongside runs Uncle Sam in his old flivver, "Antiquated Income Tax," heavily burdened by the lop-sided United States budget.

The New York American, one of the Hearst chain, quotes "America's foremost authority on taxation," the late Thomas S. Adams of Yale University, as saying after a thorough investigation of the Canadian tax. "By reason of the general set-up of the tax the consumer never knows he is paying the tax."

Addressing the ways and means committee of the United States Congress, the paper continues, Mr. Adams said: "I have no doubt that if you provide in the tax law for the same administrative celerity and elasticity found in the Canadian law, a tax on the Canadian model would be absolutely practicable for the United States and would produce large revenue."

Canada was again the largest single supplier of foodstuffs to Jamaica last year.

The rose gardens of the Central Experimental Farm, Ottawa, contains over 500 varieties.
named today chairman of the committee of 12 that will investigate the administration of Knox College. Rev. Norman A. MacLeod, Brockville, will be a vice-chairman.

Inaugurate New Cargo Service

(Canadian Press)
NEW YORK, June 15.—Newfoundland Canada Steamships Limited today announced inauguration of a general cargo service from Halifax, St. John's, Nfld., and St. Pierre Miquelon to New York and Boston. The new service takes effect with the sailing of the Norwegian steamship Sama from New York, June 22, and from Boston two days later.

Convicted On Attempted Murder Charge

(Canadian Press)
PICTOU, N. S., June 15.—A Supreme Court jury today found Guy King, of New Glasgow, guilty of attempting to murder his sister, Sadie King. He was convicted also of wounding her.

Evidence at the trial disclosed King had slashed his sister's throat in October, 1931, and had later cut his own throat and tried to hang himself. He has been in the Nova Scotia hospital since that time.

The Single Man.
The much-sought-after bachelor was seated between the two dear old ladies at the wedding breakfast. "Do you know," he said, making the conversation "I think single men are much worse off than married men."

His neighbors turned on him eagerly. "Do you really think so?" one of them asked. "I most certainly do," replied the bachelor. "You see, the married man is in awe of only one woman, while the single man is in awe of them all."

Good foliage is essential to the production of good roses.

ATTEMPT TO RESTORE THE HAPSBURGS

France, Italy and Czechoslovakia back Move to Restore Dual Monarchy.

NEW YORK, June 15.—(A.P.)—Private cable messages received here today told of a move backed by France, Italy and Czechoslovakia to induce King Alexander of Yugoslavia to settle the Croatian question in such a way to make possible restoration of the Austro-Hungarian dual monarchy.

A close adviser of Archduke Otto of Hapsburg, son of the late Emperor Charles Francis and former Empress Zita of Austria-Hungary, is the source of the information that Zita's brother, Prince Sixtus of Bourbon De Parma, has arrived in Belgrade to negotiate with the Yugoslavian ruler as confidential agent of the French Government.

According to the information, Sixtus carries assurance that Italy fully supports France in this manoeuvre. He is also said to have been charged with informing Alexander that Czechoslovakia favors restoration of the Hapsburg Dynasty as the best means of preventing Anschluss—or union of Austria with Germany. Czechoslovakia, a state created partly out of Austria-Hungary after the war, would find its western portion surrounded on three sides by Austro-German territory in the event of Anschluss.

Geese, like ducks, require a large proportion of roughage in the ration.
