TONIGHT, at 8 o'clock, in the Y. M. C. A. parlor, the last meeting for the season of the Natural History and Antiquarian Society will be held. The Rev. Dr. Morrison will lecture upon the Indians of America. Everyone is invited to attend. Admission free. It is hoped that the public will show its appreciation of the work of the Society in providing so excellent a course of lectures upon antiquities and science subjects, by a large attendance at the closing meeting.

THE Semi-annual examination of Hamilton School took place on Friday the 4th inst., in the presence of a number of rate-payers of the school. The pupils were examined in the different subjects by Miss Janie B. McDonald, teacher of Indian River, and Miss Melissa Manderson, and the manner in which the scholars acquitted themselves, showed clearly the ability of Mr. Montgomery Owen, the popular teacher of the school. At the close of the examination remarks were made by Messrs. John H. Woodside, Edmond Phillips and others, all of whom expressed themselves as highly pleased with the progress of the school.

THE regular weekly meeting of Victoria Division, S. of T., will be held in Wright's Hall, this evening at 8 o'clock. A committee is appointed to arrange to make this a "social" evening; and they take this opportunity to request all members, especially the older members of the Division to be present. The object is to get acquainted with the large number of new members who were admitted during the winter months. A good program is prepared, and a very pleasant evening is expected. Visiting members of the Order will be welcome.

FREETOWN Jottings.—Maple Leaf Division is in a flourishing condition. Quite a number of new members have of late been enrolled.—Mr. J. D. Schurman and family have again moved from Kensington to their summer residence in Freetown.—Mr. Fred W. Ficketts, who has been ill for the past few weeks is almost restored to his usual soundness of health.—Mr. S. P. Crolet, who has done good work in our school during the past winter is about to take a well-earned vacation.—Mr. Chas. Baristo is busy fitting out his customers in the latest styles. Any one wanting a stylish chamber suit should give him a call.

BRADALBANE NOTES.—The farmers in the vicinity have not performed any labor in the soil yet owing to the unfavorable spring which is later than usual. Our merchants are storing up their usual spring supply of goods, in order to meet the demand of their customers. The village presents a lively appearance. Mr. J. Gordon McKay is fitting up a large commodious building for the purpose of starting a new store. The work is being performed by Mr. J. Warren who proves himself to be a clever ingenious workman. Mr. McKay, who has returned from a short visit to St. John, is to be complimented on his new undertaking and we hope he will receive a generous patronage.—Our village is becoming depopulated owing to the exodus of its citizens to Uncle Sam's domains and other places. The public schools close for vacation on the 10th inst. thus giving the "knights of the birchen rod" an opportunity of enjoying a period of relaxation from mental responsibilities.—It is rumored that some of our enterprising young men intend taking up the matrimonial profession during the coming summer. Success to the successful.—We are pleased to note that our genial citizen, Mr. William McKay is reported convalescent after his severe illness.—SCHIBER.

THE steamer Coban is out of the dry dock. She is loading 3,000 bbls. of cement for Sydney, at the Furness pier. The Coban will run on the coast this season instead of the St. Lawrence route.—Hx. Herald.

ON Saturday a man presented himself at the ticket office of the P. E. Island Railway and asked for a second class ticket to Summerside. Upon being told that the price was \$1 he objected and said that he only paid \$1 before the road was shortened. Argument failed to convince him and he paid the dollar protesting.

WRITTEN FOR "THE GUARDIAN."

What a privilege it is to get robed in the best,
At a minimum cost when in clothes you invest,
A fact which perchance you cannot reconcile
With the difference in price of fabrics and style.
But such incongruous things you can harmonise well,
When you read and digest what I here have to tell,
When I tell that in town where our Parliament meets,
There resides a McDonald on one of its streets.
And his mission in life which he strives to uphold,
Is unselfish—not merely for silver and gold,
But with efforts untiring, and invincible skill,
He keeps far in advance of competitors still.
And the suits that he cuts, that he fits that he sews,
Are as far and away in advance of the clothes
That are made by the rest of the tailors in town,
As a Prince is in ways in advance of a clown.
When you're needing a suit tho' you've money or not,
It is the cheapest, if best, that ought to be got,
You should take my advice for I say what I know,
Go to S. A. McDonald's 'tis there that they go
When they are wanting a suit in which to take pride,
When they're wanting a suit when they're wedding a bride,
When they're wanting a suit which in style and in wear,
But I've said this before, with which none can compare,

NERVOUSNESS

The Disease of this Fast Age which Destroys Beauty, Health and Happiness.

Nothing so hastens old age as nervousness. Beauty fades, wrinkles and care lines disfigure the once beautiful face, the sunny temper becomes soured and irritable; nights of sleeplessness are followed by days of worry and fatigue. The feminine organs become weak and irregular. Everything goes wrong to the victim of nervousness, for the whole system is under the control of the nerves.

The usual result of nervousness is paralysis or nervous prostration, while to others it brings insanity or epilepsy. The waste of nerve force increases at a terrible rate, until life is clouded by gloom and despondency.

As a restorative for nervous men, women and children, Dr. Chase's Nerve Food is unrivalled and unapproached. It is a new wonder of medical science which builds up and revitalizes the nerves and puts new life and energy into every movement of the body. It positively cures nervousness in all its forms in the course of a few months' treatment.

Dr. Chase's Nerve Food, the great restorative, in pill form, 50 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto. Book free.
