Electric Storm Kills Several. EDMONTON, Alta., August 3.—The electrical storm Saturday and Sunday which swept over Central Alberta, took its toll of lives at St. Paul-des-Metis, where Abbie and James White, aged five and nine respectively, were instantly killed by lightning. The boys met their death on Sunday morning, a watch in the trousers pocket of one of the lads was stopped. The two boys, sons of R.S. White of St. Paul-des-Metis, were sleeping in a tent.

Rum Runners Make Gay at Windsor. TORONTO, August 3.—One hundred boats of various varieties are engaged in the rum-running trade across the Detroit River between Canadian and United States territory at Windsor and Detroit, Mich. At least one thousand cases of Canadian liquor are taken over the river to the United States every night according to Isadore Polozker, special United States district attorney at Detroit, as expressed in an interview with the Toronto Star correspondent who is at the border writing up the situation there.

The provincial authorities consider that the public attitude in and about Windsor is such as to make it reasonable to believe that the constituted authority of the law is threatened. The situation therefore takes on a provincial aspect. It is a Federal law that permits a comparatively abnormal amount of racing and attracts undesirable to the vicinity of Windsor and it is a matter for the general welfare of the country to protect its borders from being overrun by persons whose respect for law and order is notorious.

The government's representative at Windsor has been instructed it is understood, to take hold of the loose situation on behalf of the Crown, as best he can and to take every step deemed necessary to restore law and order.

Amherst Soldier Committed Suicide. (Dom. Press Special.) WOODSTOCK, N. B., Aug. 3.—After making the round of several hardware stores here today and collecting a shot-gun in one place, Scott Jones, of Centreville, N. B., stepped on the front platform of the store, and at first unnoticed by numerous people in the street, tied a string to the trigger and to one of his feet, the charge shattering his head and causing instant death. Jones had been in the hospital here for several weeks and was discharged this morning. He was fifty years of age and during the war had served at the Amherst, N. S., detention camp for enemy alien prisoners, returning home about a year ago in poor health.

Run Down, Pale and Weak Nervous and Tired "Vital" Tablets. THE GREAT FRENCH TONIC WILL BUILD YOU UP. How many people today are putting in an existence, far different from what nature intended. Disease of one sort or another is lurking in the system, snapping the very life itself. One cannot enjoy life. The French have come to the rescue of all such persons. In VITAL Tablets are all the essentials to make you healthy and strong. You have no appetite, your food does not agree with you, your nerves are all on edge, why? Because the very part of the body that needs to be kept in a strong, healthy condition, is gradually getting weaker rather than stronger, you must build yourself up. You must fortify your body. Once your body is strong, it will throw off the disease. The question is, what should one take to do this. The makers of VITAL Tablets will sell them under a guarantee. If they do not build you up, you can have your money back. Build yourself up and away goes every disease. VITAL Tablets are a wonderful reconstructive remedy, known to science. Go to your druggist and procure a box of VITAL Tablets. See for yourself. Price fifty cents per box, at all drug stores. Sold in Charlottetown at Foster's Drugstore. 2033-3-3-twist141

JUST A GIRL BY JANE PHELPS. BUSY DAYS—HAPPY DAYS IN VIEW. CHAPTER 78. I was so excited over it all, I couldn't wait for Mary to come home but I went to meet her. "Just get your breath, Zena, and commence over again. What's all settled?" "Oh, Mary I have so much to tell you. It's all settled, and everything!" "Oh, Mrs. Fagin is a dear! She went to a real estate man she knows, the one she rents her house from, and she has rented a lovely place it will be lovely when he gets it fixed up, it is awful now—and she is going to let us take it from her. She said that maybe landlords wouldn't want to rent to two girls like us. And Mary, he's asked him to. Paint the floor three coats, and there's a little room in the back or a kitchen and—" "You'll never live to help run that tea room if you don't stop. Your breath will give out." Mary was just as excited as I was even though she did make fun of me. After dinner we went over to look at the place again, and she like Mrs. Fagin, saw its possibilities at once. "I never thought we would get such a dainty place as this," she said. "Why Zena, we'll be the happiest girls in Chicago if it goes."
