**Noble Country Doctor**  
Played By **Barrymore**  
At The **Prince Edward**  
A friend in sickness, and a forgotten man when the health is good and the bills come in. That, too often, is the lot of the doctor, the country physician, city specialist, or famous surgeon. The butcher, the baker, and the candlestick maker must have their money on time, but the doctor's bill can wait.  
Lionel Barrymore, in his role of a rural practitioner in RKO-Radio Pictures' new drama, "One Man's Journey," which opened yesterday at the Prince Edward Theatre, overcomes this human failing to a certain extent by accepting fees in farm produce. The only handicap to the system is the fact that he can't pay off his mortgage in turnips and potatoes.  
By saving the life of the banker's son he meets that mortgage, however, and is in a position to salvage the happiness of a girl he loves as a daughter.  
Dorothy Jordan plays that girl, and James Bush is the boy in her near-tragic romance. Another love affair in the film features Joel McCreca and Frances Dee, while Barrymore has his own tender moments with May Robson, seen in the picture as his bustling house-keeper. Others in the cast directed by John Robertson include David Landau, Oscar Apfel and Buster Phelps. Lester Cohen wrote the screen play, based upon the play widely acclaimed short story, "Fallure," by Katherine Haviland-Taylor.

**"Madame Spy"**  
At The **Capitol**  
Love, intrigue and adventure comprise the nucleus of a picture that is more than an evening's entertainment in Universal's powerful continental drama, "Madame Spy," which opened an engagement at the Capitol Theatre, yesterday.  
Filled with action, teeming with suspense to the last reel and abounding in romance, here is a picture that is as educational as it is diverting and exciting. Fay Wray in the title role gives an exemplary performance in a characterization which will delightfully surprise her many followers. Opposite her in the featured male lead is Nils Asther, one of the handsomest leading men on the screen and an actor of merit.  
The story harks back to those hectic days of 1915 on the German-Austrian-Russian border, when all of Europe was aflame. The beautiful Russian girl who sacrifices everything to serve her country in the only way she knew how and the cross-roads she comes to when love crosses her path, makes one of the most absorbing pictures that has been seen in a long time.  
A truly great cast includes Edward Arnold, Noah Berry, John Miljan, Vinca Barnett and Bolo Lloyd. The director, Karl Freund, has turned in a mastery job on a subject he knows well.  
"Madame Spy" will more than satisfy even the most finicky theatre goers.  
Timothy is grown in England as a permanent mixture but it is not saved to any extent as a seed crop. The United States generally supplies the greatest proportion of this seed.

**Many Have Always Needed Aid In Seeing**  
Many who have given their eyes a thought have had their lives needed aid in seeing. In youth they did not believe it because they saw well. At 40 they are in doubt. At 50 they are forced to secure help. Much wiser to have this important matter attended to before results demand it.

**IN MEMORIAM**  
**EDWARD SIMMONS**  
There passed away on Saturday, May 5, at the home of his daughter, Mrs. Arthur E. Francis, Edward Simmons at the age of 73 years.  
The late Mr. Simmons was a farmer resident of Lot 16, where he lived on the old homestead. He was first married to Fannie Best who died in 1922. His second wife, Mrs. Mary, also predeceased him. After the death of his second wife Mr. Simmons spent his great deal of his time with his only daughter and the last eight months of his life were spent with her, at Fortune Bridge where she made many new acquaintances.  
Service was conducted at Fortune on Sunday evening by the Rev. John G. Hockin. The remains were then conveyed by rail to his old home in Lot 16. The funeral, which was very largely attended, was held on Tuesday. Services were conducted at house, church and grave by his pastor Rev. Mr. Woodside.  
Interment was in the old Methodist Cemetery. He leaves to mourn their loss one daughter, Mrs. A. E. Francis, one brother, Joseph Simmons and one son, Mr. Fred Simmons, also four grandsons and a large circle of relatives and friends.  
The floral tributes, a pillow, any and family, spray, Mrs. Robt. Simmons, were lovely.  
The pall bearers were: Frank Sweet, Isadore Farrell, Percy Millar, Seymour Thompson, William Millar and Ernest Inman.

drinking public, that this sort of thing is not going to be tolerated. I suggest that this session of G.D. Temperance met in Montrose Hall, Tuesday, May 8th, at 2 p.m. with the Grand Worthy Patriarch, Rev. A. F. Baker in the chair. There were forty-three delegates in attendance.  
The public meeting in the evening was well attended with Rev. J. W. A. Nicholson of North Bedouque as special speaker.  
The following program was rendered by the division members in order of welcome, Rev. M. D. MacLeod.  
Recitation, Mrs. Shaw.  
Duet, Rev. and Mrs. Baker.  
Reply to address of welcome, Lloyd Henderson.  
Recitation, Mrs. E. Collett.  
Solo, Miss Ida MacKay.  
Monologue, Miss Myrtle Ellis.  
Solo, Mr. Ira MacKay.  
Reading, Miss E. Marchbank.  
Following is the report of Grand Worthy Patriarch.  
Officers and members: To one and all, greetings. It is indeed a privilege and a pleasure to greet you again after six months of silence so far as this court of our Order is concerned.  
Almost immediately the annual Grand Division Session closed almost a year ago. This has rendered any activity on the part of the Grand Division Executive very difficult, and suggested to them a certain impossibility of holding a successful mid-winter quarterly session. Consequently the quarterly session, which was very shortly after the annual session our G.W.P. became ill, and the entire winter was spent in comparative idleness, acting under the doctors orders.  
This combination of circumstances practically made impossible any activity on our part. And doubtless the severe winter seriously interfered with the activities of many of our subordinate divisions. Let us determine that from now on during the summer months we shall put forth every effort in our various programs.  
The Grand Scribe will report the activities of the Executive at its mid-winter or post-annual Grand Division session. It will be sufficient for me to mention here a meeting planned for Summerside in connection with a proposed quarterly session of this court. It was the intention of the Executive to challenge the authorities of Summerside with their duty to make a more reasonable effort to clean up the liquor situation there, some elements of which appear to the average person as little less than a nuisance. Later it was decided impracticable to call the Grand Division in session for the meeting, and other plans were made which have not to date issued in a meeting. This session may be called upon any way to the future.  
Before we meet again in quarterly session, National Division will have met with the Grand Division of Nova Scotia in Yarmouth. This province ought to be well represented at that meeting, and it is therefore hoped that you will be able to attend national session together with the opportunity to visit the sister province, covering the entire western section of it in the necessary journey, will tempt many of our workers to take the trip. Traveling in this manner, first in each, will reduce the expenses to a moderate minimum. Your Grand Scribe, and Grand Worthy Patriarch will be glad to assist in any possible way in arranging auto parties, or any way to go, either with or without your own car, please advise the G.S.  
It is possible for this Grand Division to secure the services of Rev. A. A. McLeod, Grand Organizer for the Order in Nova Scotia, and Editor and Manager of "Forward" for a few weeks in mid-summer.  
Again we urge upon our subordinate divisions the voluntary acceptance of the 8 cents per quarter per capita tax. Many of our Divisions have done this. It is easily possible for all of us if we only think so. The only thing standing in the way is the will to do it—or we won't.  
Following the decision of the Grand Division at the annual session to organize district divisions, your G.W.P. appointed three District Deputy Grand Worthy Patriarchs: Brother Hardy for Western District, Brother Walter B. Craig for Central District, and Brother Rev. T. R. Goudge for Eastern District. Doubtless the difficult winter has hindered organization. It is to be hoped that all our workers in the several districts named will cooperate to complete this part of our organization as soon as possible.  
Turning to a consideration of conditions throughout the province in the matter of liquor enforcement, and general liquor conditions, there does not seem to be any great change for the better or the worse. The Prohibition Commission report that there were 2369 seizures made last year, 129 seizures were made, and 274 convictions secured. It is a matter of interest to note that considerably over one half the seizures made were in the town of Summerside. And more along this same line, the report for the first three months of 1934 is that there were more than half as many seizures made in Summerside as there were made in that town during the preceding twelve months. But from the 45 seizures only 7 convictions were secured. It does seem somewhat strange that only 7 convictions were secured. It does seem somewhat strange that it is so easy to find liquor and yet so difficult to get convictions.  
I call your attention to the fact that the public is feeling again the danger of the drinking auto driver—one of the greatest dangers to highway travel that exist today. Surely this danger can be reduced to a minimum by the authorities. In many places courts and magistrates are dealing with offenders in this regard in such a way as to indicate to the public, especially the

**SON AND DAUGHTER OF REV. J. EUSTACE PURDIE COMPLETED SUCCESSFUL UNIVERSITY COURSE.**  
At the Annual Convocation of the University of Manitoba, held in Winnipeg on Wednesday, May 16th, some 468 students from the various departments, including Arts, Science, Law, Medicine and Pharmacy, received their Degrees. The large Faculty, including the Affiliated Colleges, wearing their Academic gowns and hoods presented a magnificent scene in the new, large auditorium seating some 4,500 people.  
Among those graduating and receiving their B. A. Degrees, were Miss Helen F. Purdie and Mr. J. Arnold Purdie, daughter and son of Rev. and Mrs. J. Eustace Purdie, formerly of Charlottetown. These graduates both went to public school in Charlottetown, Miss Purdie attending Prince Street and Mr. Arnold attending Kent. Miss Purdie is also attending the Winnipeg Normal School, graduating from that institution three years ago after a year of academic work and holds a First Class Professional Certificate. This, with her B. A. Degree, qualifies her to teach in the High School of Manitoba.  
Last year Mr. Purdie led his class and received an Iobister Scholarship and his sister also took a high average in her work. Arnold has been registered in St. John's Anglican College which is the first of the University and during his final year has been Editor of the College Magazine—"The Johnian". Archbishop Stringer has appointed him to a Mission for the Summer in the Diocese of Rupert's Land in the Province of Manitoba. In the Autumn he hopes to begin his Theological course in Wycliffe College, Toronto, in preparation for the Ministry of the Church of England.  
Very significant and touching feature of the Convocation was the fact that Dr. Matheson, retired Archbishop of Rupert's Land and Primate of all Canada, who has held the position of Chancellor of the University for twenty-six years conferred the Degrees in the last time, and though over 82 years of age gave a very splendid address, his voice being heard well over the immense building. He is a native of Manitoba and having been born in Kildonan and carried with him to this day both in nature and intellectual and spiritual ability the great heritage of Scotland.  
The above two Graduates are niece and nephew of Mr. W. Victor, Purdie of the firm of Purdie-Ferguson Shoe Co., Ltd. of Charlottetown.

It is about the size of a man's fist. It never sleeps, loafs, holidays. Each hour it pumps 50 gallons of blood.  
Don't abuse this remarkable mechanism—even unwittingly—by resorting to tea and coffee for artificial stimulation and false renewal of energy. Among the causes of heart trouble is over-stimulation. And caffeine found in both tea and coffee is a heart stimulant.  
There are, of course, many people who can drink tea and coffee in moderation without feeling the ill-effects—without
