**MRS. J. SIMPSON BELL**

Although suffering from a slight cold, death came unexpectedly to Mrs. Bell following a heart attack Easter Sunday morning, April 6, 1947.

Mrs. Bell oldest daughter of Mr. and Mrs. Henry MacKie, was born at Campbellton, Prince Edward Island, 76 years ago. In 1907 she was united in marriage to Mr. Simpson Bell of Hope River, who predeceased her by two months. She was a member of the United Church of Canada and a life member of the Stanley Bridge Women's Missionary Society. Mrs. Bell was greatly loved by her family and friends and admired for her kindly presence and quiet humility. She had a great love for flowers and surrounded her home with their beauty, and as she lay in death surrounded by the beautiful floral tributes placed on her casket by the loving hands of those she left behind, the setting seemed particularly fitting.

The funeral service was held from her late residence Tuesday, April 8 and was conducted by Rev. E. F. Coffin, assisted by Rev. W. I. Green. In his remarks, Mr. Coffin spoke of the Easter message and its assurance of victory over death.

The hymns which Mrs. Bell had selected for her husband's funeral two months before were sung, The Sands of Time Are Sinking, Rock of Ages and Peace, Perfect Peace. Interment was in the Cavendish Cemetery.

Those left to mourn her sudden passing are her son, Eric, and daughter-in-law, Margaret, Hope River, also a number of nieces and nephews. One sister, Mrs. A.E. Fyfe, three brothers, Scoble, who was lost at sea during World War I, Boyce and John predeceased her. The pallbearers were her three nephews, John, Gordon and Elmer Fyfe, Leo Reid, Louis Walsh and Frank Bell.

The floral tributes were:  
Pillow: Eric and Margaret.  
Spray: The Fyfe family.  
Spray: Mrs. C. M. Howatt, Harold and Sterling, Vivian and Will.  
Spray: The Stanley Bridge W.M.S.

The Heavenly gates were opened A gentle voice said come, And with farewells unspoken, She calmly entered home.

**General Crerar Urges Compulsory Military Training**

MONTREAL, June 5 —(CP)—A call for adoption of compulsory military training in Canada came today from Gen. H. D. G. Crerar, writing in the June issue of the Legionary, monthly publication of the Canadian Legion.

Gen. Crerar urged the country to think "more deeply in terms of the next generation and much less importantly in terms of the next election."

The former army commander declared that "we Canadians must face up to the situation that war is still an instrument of national policy and that its abolition in the years ahead is by no means assured."

Making it clear that he places little belief in the opinion that the atomic bomb and other disastrous weapons now available

**The Canadian Cheese Family Grows**

The origin of foods is always a romantic story and the story of early cheese-making is no exception. According to legend, the first cheese was made by accident. Many centuries ago a wandering merchant was travelling across the hills of Arabia. Like all travellers of his day he had filled his canteen, made from a dried sheep's stomach, with milk. He plodded all day over the hills in the heat and by nightfall he found no milk would pour from his canteen. He slit the skin and found a mass of semi-hard substance, which upon tasting he found to be delicious. The goat's milk had been curdled by the rennin left in the sheep's stomach. It was in this way that make war unthinkable, Gen Crerar wrote.

"War has not been banished from this world—the contrary, the danger of its recurrence is a situation which we Canadians must frankly face."

Rennin was discovered as the essential factor in the curdling of milk for cheese making.

Our early ancestors held cheese in such high esteem that it became a medium of exchange and barter for the wandering tribes of Asia. Today every homemaker considers cheese as one of the most important items in her menu. From the numerous varieties on the market a suitable cheese may be selected to be served at any course of the meal—as appetizer, soup, main dish, or dessert.

Many cheeses, which were formerly imported are now made in Canada and compare favourably with the original product. The majority of Canadians prefer a mildly flavoured cheese, but now that there is a larger supply of these less familiar types, the taste for them will undoubtedly develop rapidly.

Cheeses may be grouped into soft, semi-hard and hard types, according to the amount of moisture left in the curd, the bacteria mould developed and the method of curing. The most commonly used varieties of the soft type made in Canada are Cottage, Cream, Camembert; in the semi-hard class are Roquefort, Limburger, Oka and Blue cheese, which is a type of Roquefort. Among the hard cheeses the most popular is Canadian Cheddar. Others are Gouda, which

**Dominions Consulted On India's Status**

By JAMES MCCOOK

LONDON, June 5 —(CP)—The present Dominions, including Canada, have been consulted on the proposed transfer of self-government to India on the basis of Dominion status and have approved it, official sources said tonight.

They added there is a possibility that the Dominions of Pakistan and Hindustan would be received into the British Commonwealth within a few months with a status similar to that of Canada, Australia, South Africa and New Zealand. Necessary legislation would be rushed through the British Parliament before August ends, and after that it would be for the Indians to make this new freedom effective.

Britain's attitude was indicated by a high official who was asked what would happen if the new Dominion or Dominions refused to accept a governor-general appointed from London.

"I do not think we could force a governor-general on any Dominion if this was opposed," he said.

**President Truman To Visit Ottawa**

OTTAWA, June 5 —(CP)—Prime Minister Mackenzie King announced in the Commons today details covering the visit of President Truman to the capital June 10, 11 and 12. The President will be accompanied by Mrs. Truman and their daughter Margaret.

The party will arrive by train about 4:30 p. m. ADT, Tuesday afternoon. They will be greeted by their host, Viscount Alexander, and by Prime Minister King and Mayor Stanley Lewis.

After a drive through the city, President Truman will be accorded a royal salute at the gates to Rideau Hall, home of the Governor-General and his residence during the visit. Viscount Alexander will give a state dinner for the party Tuesday night.

On Wednesday the President will address a joint session of the House of Commons and the Senate and later will place a wreath at the national war memorial.

A parliamentary luncheon will be held at the Chateau Laurier the same day, Mr. King said, and in the evening President and Mrs. Truman will be his guests at a dinner at Laurier House.

On Thursday the President and members of his party will dine with the Hon. Ray Atherton, United States ambassador to Canada, at the American Embassy. They will leave Ottawa by train late Thursday evening.

**Similar to Swiss cheese in texture but without the large holes and Canadian Bra. The latter is a hard cheese similar to Parmesan and it is usually grated before using.**

For general cooking purposes Canadian Cheddar cheese will remain the homemaker's favourite. However, the home economists of the Consumer Section, Dominion Department of Agriculture, suggest that these newer cheeses be served either with the salad course or as the dessert course with crackers or crisp wafers.
