**YOUR BLOOD IS POISONED**  
If You Suffer From Headaches or Neuralgia.

Frequent attacks of Headaches or Neuralgia are Nature's warnings of Blood Poisoning. The pain is due simply to the tortured nerves, inflamed by the blood being overloaded with impurities, because of inactive bowels, kidneys or skin.  
There is usually chronic Constipation and the food matter, instead of passing from the body, is absorbed by the blood. The kidneys are not as strong as they should be and fail to filter from the blood, the necessary amount of impure matter.  
Instead of the skin throwing off one and a half pounds of waste matter every day, it becomes inactive and does only half its work, leaving three quarters of a pound of this waste to poison the body. Headache powders and pain killers simply numb the nerves and have no helpful action on the organs causing this poisoning of the blood. To cure Headaches and Neuralgia, the blood must be purified, which can be done only by making the kidneys, bowels and skin healthy and active.  
"Fruit-a-tives", made from concentrated and intensified fruit juice, is the greatest blood purifying medicine.  
"Fruit-a-tives", or "Fruit Liver Tablets", is a scientific cure for Headaches and Neuralgia, and never fails to cure because "Fruit-a-tives" stops the cause of these troubles.  
50c. a box, 6 for \$2.50, or trial box, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

**Naptho is an All-around Soap**

Naptho does work of all those "special" Soaps. It's a three-water Soap: lukewarm, hot, or cold. Does same good work with cold or lukewarm as with hot, besides cutting out old-time clothes-boiling, hot suds, dirty messes, disagreeable odors, steam and chills.

Naptho eliminates back-breaking, health-wrecking, knuckle-skinned rubbing—soaking clothes over night and starting wash at dawn. No overtime with Naptho—it does work in half time.

Valuable Premiums for Naptho Wrappers.

**THE MORNING PAPER.**  
Some Reasons Why It Makes The Best Advertising Medium.

A woman's curiosity to know about society, marriages, births, deaths, forces her to read it. The Morning Paper is before her all day long, and it is she who is doing her household duties, arranging and improving the appearance of her home, that the missing and necessary articles of furniture, rugs, carpets, curtains, or other necessities, "picks up the plainest, and there would be to more opportune time for a reader to tell about the new goods, the new styles and the bargains offered, for today or week.

In a majority of homes the newspaper is practically the bulk of the reading matter, and the long, all-day life from 5 a. m. to 10 p. m. of the Morning Paper gives not only the housewife but every member of the family an opportunity to read it.

The Morning paper is read at the breakfast table, again at home at noon, on the trains, in the restaurants. It is read in doctors' offices, professional offices, clubs, hotels, cafes, barber shops. It is read by doctors, everywhere read to by both employer and employee.

It is a known fact that throughout the world, possibly with a half dozen exceptions, the papers with editorial influence and national reputation are morning papers.

With these facts in mind, the business man who is looking after the real money-making end of the family, to interest in his goods will compare his best interests by placing his announcements where the women will read them.
