Skakoon was convicted of hitting Mrs. Leake over the head with an electric iron, and then driving a knife into her brain.

An appeal to the Dominion Cabinet for clemency was refused recently, and from that time Skakoon was quite resigned to his fate. He stepped bravely onto the trap of the scaffold and dropped from sight as Sam Edwards, hangman, pulled the lever.

Newfoundland Elections Today

ST. JOHN'S, Nfld., June 10—(By The Canadian Press)—Climaxing one of the bitterest campaigns in Nefoundland's colorful political history, electors will go to the polls tomorrow to set up a new Legislative Assembly for the Island Dominion. It will be a battle between the Liberals led by Prime Minister Sir Richard Squires, and the United Newfoundland party, led by F. C. Alderdice, leader of the opposition in the last Legislature.

There are 35 candidates in the field, contesting 27 constituencies. The number of seats was reduced from 40 to 27 by Legislation passed this year. The Prime Minister has candidates for 26 seats, and they are all opposed by supporters of the United Newfoundland party, made up of Conservatives, a sprinkling of former government men and an independent or two.

Neither of the parties is contesting Fortune. Dr. H. M. Mosdell, who resigned from the Squires' Cabinet after a quarrel with the Prime Minister over the budget, walked in here as an Independent and was received by acclamation.

FREEDOM OF SPEECH IN CANADA

One Of The Subjects Dealt With At Yesterday's Session Of The United Church.

MONTREAL, June 10. (By the Canadian Press) —Freedom of speech in Canada as in Great Britain; opposition to expulsion of people from Canada when lawful residents here; criticism of the "harsh and unreasonable" features of the criminal code and especially section 98, were the subjects of an important resolution adopted by the Montreal and Ottawa Conference of the United Church of Canada.

The resolution, moved by Professor W. A. Gifford of the local United Church Theological College, urged the general council to take action to obtain the following results:

"First: That freedom of speech be safeguarded in Canada as it is in Great Britain;

"Second: That disturbers of the peace and other violators of the law among the foreign born be dealt with as in the case of Canadian born and this thing be not made a pretext for the expulsion, from Canada of people lawfully resident here, whose real offence is their social views;

"Third: That representations be made to the government of Canada concerning the harsh and unreasonable features of the criminal code dealing with alleged unlawful associations and especially section 98, clause 3, which says that any person who wears or causes to be

Startling Development In Lindbergh Baby Kidnapping And Murder

Waitress In Morrow Home Suicides Prior To Police Questioning, But Not Before Implicating Ernest Brinkert, Ex - Convict And "Mystery Man" In Case Who Is Now Under Arrest—Condon Identifies Picture Of Brinkert As Man To Whom He Paid $50,000 Ransom.

(Canadian Press)

ENGLEWOOD, N. J., June 10—A waitress in the Dwight Morrow household, who is reported to have entered the United States two years ago from Canada and whom police believed had guilty knowledge of the Lindbergh baby kidnapping and murder, committed suicide today after disclosing the name of a man with whom she had gone on a mysterious trip the night of the kidnapping.

The waitress, Violet Sharpe, 26, dramatically drank poison in the home of the baby's grandmother. Police immediately intensified the search for her companion, Ernest Brinkert, whom they revealed for the first time had been under suspicion since March 2, the day after the Lindbergh baby was stolen from his crib. A general alarm was broadcast for the arrest of Brinkert, who was missing from his home in White Plains, N. Y.

The waitress' sister Edith, police said, sailed for England four days after a $50,000 ransom was paid in a Bronx cemetery by Dr. John F. Condon, the "Jafsie" in the case. The sister had stayed for some time before the kidnapping at the home of Constance Chilton in Englewood, and a cablegram was sent to Scotland Yard immediately asking for her apprehension. She also has lived in New York City.

In the general alarm police asked for the arrest of Brinkert on sight. They gave the number of his automobile as N.Y.-30-1983, and said he had a police record for larceny in New York State.

DRANK POISON

Violet Sharpe had been employed by Mrs. Morrow, the murdered baby's grandmother, for a year and a half. She had been questioned repeatedly since the child was stolen on the night of March 1. Today the police came back to grill her again. She drank from a bottle of poison as they waited and fell to the floor, her lips forever sealed by death.

REFUSED TO TALK

In the early examination of Miss Sharpe she refused to tell where she had been on the night of the tragic crime. She would not talk about a telephone call she had early in the afternoon. She would not reveal the name of the man she went out with. And insofar as she did talk, her statements were conflicting. Police said nothing. In fact, Miss Sharpe's name was never mentioned in published reports about the case. But they concentrated all their efforts on breaking

WINNIPEG OFFICIALS THREATENED

Police Investigating Source of Anonymous "Red" Letters Received by Premier Bracken and Mayor Webb.

(Canadian Press)

WINNIPEG, June 10—Police today were investigating the source of two anonymous letters threatening the lives of Premier John Bracken and Mayor Ralph H. Webb of Winnipeg, should they be successful in the Manitoba elections June 16.

The letters purport to be from "the workers centre," here and both warn against floating of any propaganda antagonistic to Communist candidates. "Keep your hands off the Communist party or it will be the worse for you," says one passage.

"You know what happened to the Premiers of France and Japan. If you are elected and the Communist defeated we will know the reason; so beware, watch your step."

Foreign Gov'ts. Protest Action Of The Junta

SANTIAGO, Chile, June 10 — (A. P.)—With the protest of foreign governments against confiscation of foreign currency deposits in hand, the Socialist Junta today proceeded to control prices of grains, sugars and other foods.

The step was taken, it was announced, to end speculation in these commodities. One newspaper said the Minister of Industry had completed a plan for a state monopoly of iodine as well, which is expected to bring in large returns. Meanwhile the confiscation decree has not been placed in effect, and the opinion in foreign circles was that the order would be modified or annulled. Foreign diplomats have notified the Junta that the order might cause a reaction abroad.

French Trade Relations Now Being Considered

ALLEGED STATEMENT OF FRENCH CONSUL GENERAL REPLIED TO BY FINANCE MINISTER.

OTTAWA, June 10 — (By The Canadian Press)—"The trade relationships between France and Canada are a matter that has been engaging attention of the government here," declared Hon. E. N. Rhodes, Minister of Finance. He was commenting on the report of an interview given by M. Edouard Carteron, Consul General of France in Canada. Therein the French official had charged that this country was "committing suicide through the policy of Rt. Hon. R. B. Bennett."

Mr. Carterton further declared that it had been stated in Ottawa no efforts had been made by Canada to renew the Franco-Canadian Trade Treaty.

Commenting on the Consul General's observation about Mr. Bennet's policies, Mr. Rhodes said:

"I would prefer to leave recognition of his statement in the hands of his own government."
