DOWN THE BACK STRETCH

The Standard Bred pacing bay mare Filbert 2.09 was sold this week by P.J. Cadegan, Glace Bay, N.S., to Walter Hennessey of this city. Filbert is by Volation 2.00¾, one of the coming sires, and is equally well bred on her dam's side. She is a beautiful mare and this, her first season in the Maritimes, has raced extremely well. We think Mr. Hennessey has used good judgment in buying her and that he will have a good pacer for the 2.16 class next season.

Catalogues have arrived from Gainesway Farm, Lexington, Ky., Walnut Hall Stud, Almahurst Farm, Donnerail, Ky., and Hanover Shoe Farms, Hanover, Pa. These contain pedigrees and information regarding the stallions and yearlings at the farms and are of great interest to breeders and horsemen. At Gainesway Farm a number of yearlings by King's Counsel 1.58 will be auctioned. A recent picture of this horse shows him in magnificent form, a true aristocrat of equine breeding. In his two, three, four, five and six-year-old form he was a champion and won almost $45,000 in an era when purses were not large as compared to the present. He is a son of Volomite, the world's champion sire, and of Margaret Spangler 2.02¼ that produced Chief Counsel 3, 1.57¾, Blackstone 4, 1.59¼, Attorney 3, 2.03, winners of over $115,000 in stakes and purses, all full brothers.

Margaret Spangler was a somewhat erratic mare but in the hands of a patient, good-natured, kindly trainer she won the $25,000 Kalamazoo Derby and placed in the brood mare ranks her get have been the most sought after at the auctions in recent years. Despite the excellent breeding of King's Counsel and the fact that all stock farms are raising their service fees he is to remain at $400 for the season of 1950.

Another great horse at the Gainesway Farm is the trotter Algiers 1.58 4-5 that earned almost $80,000 in three campaigns and was sold for $80,000 two falls ago to Mrs. J. W. Nichols, Jr. of Walnut Hall Farm, and Mr. Gaines of Gainesway Farm. He is a son of Volomite and his dam is Iosola's Worthy 3, 2.03¾, the dam of some of the greatest trotters and pacers, notably Long Key 3, 2.00, the sire of Mary Merk 2.08 3-5. Algiers' fee for 1950 will remain at $500.

The great stake-winning trotting stallion Peter Astra 4, 2.01½, undefeated as a three-year-old and winner of nearly $60,000, is still a headliner at Gainesway Farm. His colts are notable for beauty of conformation, soundness and many of them are racing well this season. The dam of Peter Astra is Astra, also the dam of Pagliacci 2.09½, owned by Frank McKay, East Royalty.

The catalogue of Walnut Hall Stud features part of the get of Volomite, Scotland, Guy Abbey, Guy Day, Protector, Phonograph and Darnley. The first five are well known as producers and the latter two are just coming into their own. The original Walnut Hall Farm has been divided between two sisters and the get of these four sires have likewise been divided. It is not necessary to say very much about the yearlings from either farm that will be offered. For the past many years Volomite's get have sold for enormous averages and have justified the faith of the purchasers. Scotland, Guy Abbey, Guy Day and Protector have also to their credit a wonderful list of great trotters and pacers with Protector's daughter Proximity now the world's greatest living money-winning trotter. We would be satisfied to own any one of the youngsters offered by this great farm this season.

The catalogue of Hanover Shoe Farms is the largest they have ever issued and contains a wealth of information regarding present sires and those of the past. Top sires there are Dean Hanover 4, 1.58½, world's champion two-year-old trotter on a half-mile track and also on a mile track during his campaigns and three-year-old champion trotter on a mile track and half-mile track. He still remains the world's champion for a three-heat race by a trotting stallion regardless of age, and driven by a thirteen-year-old girl, Miss Sheppard, daughter of L. B. Sheppard, one of the owners of the farm, he set up a world's record for age, gait and sex with a lady driver—1.58½.

Next in the list is Nibble Hanover 5, 1.58¾, world's champion two-year-old trotting colt in a race, holder of world's two-heat race record for trotters regardless of sex and also holder of world's record for four-heat race for trotters. This horse was recently purchased by the farm from Dunbar Bostwick for $100,000, the third largest price ever paid for a harness horse stallion, the two top records being $125,000 paid by J. Malcolm Forbes, Ponkaponk, Mass., for Arion 2, 2.07¼, world's champion trotter to high wheels, and $105,000 paid for the three-year-old trotting champion Axtell. Nibble Hanover's fee for 1950 is set at $1,000. Then there is Titan Hanover 1.58, world's champion three-year-old trotter on a mile track and world's champion two-year-old trotter on a half-mile track. Also His Excellency 3, 1.59¾, Peter Song 4, 2.00, that are both worthy sires.

The Gainesway Farm yearlings will be sold at Tattersalls, Lexington, the evening of Tuesday, October 4th, and the Walnut Hall Stud yearlings at the same place Wednesday, October 5th at 8.15 p.m. The Hanover Shoe Farm yearlings will be sold at the Harrisburg sale, November 7th to 12th. They are a magnificent lot and among them will no doubt be some of the great winners of the future. To look over the above catalogues and read the pedigrees is most interesting and informative. Many of them trace back through generations to the mighty monarchs of the turf that we knew in our youth.

Our Montreal correspondent writes that our mutual friend Raoul Potvin, one of Canada's greatest reinsmen, is confined to his home and may enter hospital for treatment to his leg. He hopes to be out and back again in the sulky next year. "Harry" was greatly enthused by the racing of the Montreal pacing derby at Richelieu Park. It drew 7,000 enthusiastic fans and was a battle royal. Prince Like, a great favorite with the fans, winning the first heat at 9/16 from Adage, Captain Cash and others, and then Captain Cash went on to win the next two heats at the longer distances. The winner won the Cafe Provincial trophy as well as the major part of the $2,000 purse. Other winners were Denfield Dick, Dick Granite, Our Victory and Iola Mainsheet.

Our good friend Dr. Leroy Johnston, Greenfield, Mass., sent us a clipping from the Boston Sunday Globe which has a picture of Dannie Steele cutting his birthday cake which was made by the office girls at Foxboro Raceway in honor of his 65th birthday. Four nice looking girls appear with Dannie, who looks fit as a fiddle. Dannie is runner up to Earle Avery as leading driver at Foxboro.

A recent visitor to Roosevelt Raceway told us that one night he was present there was a regular downpour of rain and he thought the races would be called off for the evening—but not so. Giant scarifiers especially built for the purpose appeared on the track and scooped the mud off to the outside. They were followed by large specially built trucks going at considerable speed, sprinkling sand and in a few minutes the track was ready to race again. An hour later there was another big shower and the same procedure was carried out and the races went on. He said all the drivers have to discard their glasses when the rain is anyways heavy and this is a handicap to older ones who require correction aids. Thousands of spectators took the downpour in stride, most of them being prepared for it, no doubt having read the weather bulletins.

The latest news from Joe O'Brien is that he is at Fairmount track, Collingsville, Ill., racing part of his stable, which consists of ten horses. Towards the end of next week he will be at Hollywood Park, Englewood, Cal. Indian Land 1.59 4-5 is no longer a member of his stable. He remained at Roosevelt Raceway and was driven in his last race by Clint Hodgins, but did not place. Joe's principal patron, Mr. Dougherty, has purchased Wilmington Direct 3, 2.06. He has four in Joe's stable, one of them a colt which he bought a short time ago at Delaware, Ohio. Joe is taking with him Brewer's Gallon, and word from the stable is that he is a good trotter. Joe and wife Betty are glad to get away from Roosevelt, not that they did not appreciate the treatment or the generous applause his winners received, but driving so many races, often with horses he was not familiar with, was a great strain. At Roosevelt like any other track, there are always admirers who like to know what the driver is going to do—can he win or place? The driver of course does not know most of the time. He is a victim of circumstances and if he makes the right move he may win, but if he makes the wrong move he may be out on the limb and finish far back. There is certainly nothing so uncertain as horse racing. Of course as soon as the horses go to the paddock a conversation with drivers is taboo.

The two finest fields in the four year history of the Western Harness Racing Association appear certain for the Golden West Trot and the Golden West Pace, both for $50,000 at the 35-day Grand Circuit meeting which opens at Hollywood Park, Englewood, Cal., on October 8th. For the Golden West Trot thirty horses have made second payments and 38 for the Golden West Pace. Among those in the latter we note Gene Abbe, Alemite, 1.58 4-5, that some think has a chance of equalling Billy Direct's world's record of 1.55, Indian Land, Jimmie Creed, Mighty Song and Rudagar.

On the cover of this week's Harness Horse published at Harrisburg, Pa., are photos of four big races at the annual Reading, Pa., Fair Grand Circuit meet. The first shows Floracan (Pownall) winning the first heat of the Two

Continued on page 7

SPORTING NEWS

Providing the weather is fine, there will be plenty of sporting activity over the week-end when local teams and athletes will take part in a series of important competitions both at home and abroad.

• • • •

Heading the list locally, will be two big features this afternoon, one in football and the other in track and field. The football division will see the opening of the season here on the S.D.U. gridiron, when the Mount Allison University squad clash with the Saints in the opening game of the N.B.-P.E.I. Intercollegiate championship series.

• • • •

It will be the first of a three-way, home and home series between the Saints, Mount A., and U.N.B. on a total point basis for the right to meet the Nova Scotia winners for the Maritime title. The winner of the N.S. division will be decided in a similar series there.

• • • •

The local squad are the N.B.-P.E.I. defending champions, and today's contest should be a rugged keenly contested encounter, and one that should be really worth while going to see, as both squads will be coming out strong to cop off the initial win which will go a long way towards assuring the winner of gaining the final verdict in the series.

• • • •

The big track and field program will be the 3rd annual interscholastic meet which will be held at Memorial Field this afternoon when some 190 athletes, representing 14 schools from all over the Province, will meet to compete for top honors in a program of some 20 events.

• • • •

The meet, which will be the last of its kind held here this season, is one of the leading local annual sporting events, and always comes up with sterling competition that local track and field enthusiasts can hardly afford to miss.

• • • •

The big feature abroad will be the final round of the N.B.-P.E.I. junior baseball championship series between the Charlottetown Junior Knights of Columbus squad and the Dieppe, N. B., Junior Cardinals when they meet in the second game of the series at the latter's home diamond at Moncton this afternoon.

• • • •

With the Cardinals leading the best two of three series by one game as the result of their 8-2 ten-innings victory in the opening game here last Sunday, the Knights are going to have a tough up-hill battle in order to push the series into a third and deciding game, which, if such be the case, will be played at Moncton Sunday.

• • • •

However, the Knights have the power within their ranks to do just that, if they take advantage of the breaks if and when they get them, as they proved here last Sunday that they have just as good a ball team as their opponents if they play the kind of ball they are capable of, as it was a two-all deadlocked ball game at the end of nine innings, when they allowed themselves to be pushed into a 6-run tenth inning landslide that cost them the game.

• • • •

The Summerside Curran and Briggs diamond will be the scene of the big action in baseball Sunday, when the Meteghan Shipbuilders, Nova Scotia champs, meet the C. and B., provincial titlists in a doubleheader billing there for the N.S.-P.E.I. intermediate baseball championship.

• • • •

The games shold be naturals from start to finish when these two powerful championship squads meet to battle it out for the two-Province title and the right to meet the New Brunswick champions for the Maritime Intermediate crown. One of the largest crowds of the season, is expected to turn out to witness the two teams in action. If the series is forced into a third and deciding game, it will be played at Summerside on Monday.

N.B. - P.E.I. Football Series Opens Today Between S.D.U.-Mt.A.

The New Brunswick-Prince Edward Island Inter-Collegiate Championship football series will get underway this afternoon at three o'clock when the Mount Allison University squad clash with the Saint Dunstan's University aggregation at the latter's home field on the University grounds.

The game will be the first of a home and home series between the local University, Mount Allison and University of New Brunswick, for the right to meet the winners of the Nova Scotia series for the Maritime title.

Although it will be the first game of the season for these age old gridiron rivals, it is expected to produce plenty of fireworks and hard-hitting football from the opening whistle on, with the S.D.U. boys expected to be coming out strong in defence of their twin-Province crown which they won last year in the final game of the series against this same team, while on the other hand the Mounties will be equally determined to avenge that defeat and get away to a winning start for the title which they so narrowly missed winning last season.

While little is known of the Mount Allison lineup this year, the S.D.U. boys have all of last year's forward line back in uniform, although they will be breaking in an almost entirely new backfield, which will be put to the test for the first time under the guidance of the University's regular coaching mentor, A. J. McAdam

The game should be a real send-off to the local football season here, and a large crowd of fans is expected to be on hand to see the boys in action.

The following are the team lineups:

S.D.U.—Forwards, Cyril "Bun" Callaghan, Reg Rodgers, Wilf Driscoll, Hughie McPhee, Willie MacDonald and Lloyd Burke; ball quarter, Peter Dunphy; flying quarter, George Cameron; halves, George MacRae, Jim Ayers, Allister "Kiker" McIsaac, Dunstan Murphy; full back, Mike Hennessey; subs, J.D. McCarville, Johnny Cash and Charles Cheverie.

Referees—Gordon Bennett and Jim McCallum.

Boston Red Sox Within Single Victory Of Winning American League Pennant

(By The Canadian Press)

Boston's Red Sox staggered within a single victory of the American League pennant Friday in one of the weirdest performances of the modern era.

On five hits, the men of Joe McCarthy achieved an 11-9 triumph over the Washington Senators. When a double play finally saved their lives in the last of the ninth, Ellis Kinder, a 23-game winner, was pitching his heart out with the potential winning run on first.

During the first hour of the strange struggle the Sox scored 10 runs — five in the second inning, five in the third — on three hits and a breath-taking combination of walks and Washington errors.

At New York, Dick Fowler, working as easily as a man rocking on his front porch, struck a cruel blow at New York Yankees' pennant hopes as he pitched Philadelphia Athletics to a 4-1 triumph with a superb four-hitter at Yankee Stadium.

Fowler, a 28-year-old veteran from Toronto, never seemed to have too much stuff. A slow curve, a change of pace and an occasional fast ball got him home but ne never lost his poise.

Mad at himself in the second when he loaded the bases with two out on a single and two walks, Fowler talked Earle Mack, the acting A's manager, into letting him stay in the game.

Protected Upland Game Birds

The attention of upland game hunters is drawn to the fact that several hundred Chukker Partridge have been liberated in the Province this summer. These birds somewhat resemble Huns if seen on the wing and the white markings on the side of the head and red feet and bill are not so easily discernible. They have one characteristic the Huns do not possess, they do not flush in a body as do the Hun covey's but rise singly, in other words its every bird for himself.

Forty-eight Chukkers were liberated in the Vernon River-Orwell district and on this account the farms of Dingwell MacLeod and Joseph Sullivan on Sentia Point between the Orwell and Vernon Rivers are posted under the Game Act as Enclosed Property. The Chukkers are still frequenting those farms and hunters are requested to govern themselves accordingly.

Horseshoe Club

Semi-finals and finals in the Brighton Horseshoe Club doubles tournament, delayed earlier because of weather conditions, will be played over the week-end, it was announced last night.

In semi-finals R. Vessey and Sgt. Appleton will meet S. Williams and E. Brown. The winners will meet A. Martin and G. Scheyler in a best of five series.

Baseball Title Remains In Doubt

SAINT JOHN, N. B., Sept. 30—(CP)—The intermediate baseball situation in New Brunswick remained clouded tonight while the New Brunswick Baseball Association continued its investigation of pitcher Don McKellar. Saint John Cubs will play Arthurette Legionnaires for the title if McKellar is ruled eligible.

Chatham Ironmen, eliminated by Arthurette when McKellar hurled for the latter team, protested that he had signed with two clubs this season.

Officials said tonight that evidence to date is that a pitcher named McKellar worked with four teams—Arthurette, McAdam, Florenceville and Bristol All-Stars.

If Arthurette is unable to prove Don McKellar eligible, Woodstock Firemen will return to the playdowns in a sudden-death game with Chatham.

Horse Racing At Sunny Acres

On Saturday Afternoon, Oct. 1st.

Three big Classes—Same 13 entries as last week and several new ones. This may be the last race of the season, so don't miss it—every event getting bigger and better.

An army of hunters is standing by waiting breathlessly for the zero hour - - - 5.30 a.m. on the morning of Saturday, October 1st. To my mind its the biggest army to take the field on any opening morning. Furthermore the hunters are equipped with the latest in weapons — deadly streamlined three shot automatics, sturdy, efficient pump guns and a large assortment of the latest in hammerless double guns.

• • •

Everyone seems to be planning to go shooting on Saturday morning. Even farm boys with their wire reinforced singles will be found waiting for daybreak on some marsh or lake. Hunting pressure is increasing with each passing hunting season. Old duck hunters have all in readiness. Blinds have been built, guns oiled, decoys painted and with anchor strings attached are ready to be packed in the old gunny sacks, shells set out and even the old hunting coat has been given the once over. Its a big day that comes only once a year and they are making the best of it.

• • •

After all anticipation is not the least of hunting. Many should have their anticipation backed with good bags of fat blacks and teal for the ducking prospects have brightened within the past 10 days. The rather short hatch of local ducks has been substantially augmented by fresh arrivals from the north. Old timers are hinting that this pertends an early winter. I wouldn't go so far as to back this contention up. In former years when the season opened on September 15th I have checked hunters game bags that held a fair share of big Northern red-legs and do not recollect that the winter came any earlier.

• • •

I gave Pisquid Pond the once over one afternoon this week and found the rice beds simply teeming with big black ducks and jet propelled teal. On another afternoon I checked an inland lake surrounded by a heavy stand of spruce. Beds of lily pads dimpled in the sun and the whole lake that is 600 yards long by 400 yards wide was dotted with black ducks —400 or more of them. I watched as they splashed in the water, preened their feathers or dozed in the sun as the spirit moved them.

• • • •

I couldn't help but feel a pang of regret to think that their happy days were about over. Gunners will surround that lake in the pre-dawn hours each bedded down in his own particular nook in the short spruce bushes. If the ducks were in the habit of sleeping there during the night the mysterious rustlings in the buhes, matches flaring as cigarettes are lighted or muttered curses as some nimrod stepped into a hole in the pitch black predawn darknes would put the birds on the alert and cause them to move out and thus lessen the casualties. Methinks that those ducks spend the night in the Pisquid Pond rice beds and drop into this lake to sun and preen themselves during the day.

• • •

As dawn reddens the east on Saturday morning those ducks will come hooking in over the trees with wings cupped and will be met with orange streaks of flame spurting from the shadows below them. A duck in flight offers a sporting target, particularly if they are zooming in for a quick landing, and the casualties will be light in comparison with the shots fired.

• • •

Hundreds of wildgeese have arrived in the province within the past week or 10 days and one would be almost led to believe that the wily Canadas were able to read and learn that the season on them did not open till October 20th. The greese are definitely here early this fall and gunners are requested to use restraint if they happen to stumble upon them while hunting ducks or Huns. The longer the geese are left unmolested after arriving the better for the goose hunters—if not for the birds. Early flocks decoy others to alight and the birds, once they have found suitable feeeding grounds, are loath to leave the area even if fired at. All in all the later opening of the goose season should make for better shooting.

• • •

Hungarian partridge will also be legal game on Saturday morning. I never saw so many large coveys as are on the rounds this fall. Quite a few hold over 30 birds. Driving along a secondary dirt road in eastern Kings early one morning last week I came upon a flock of birds in the middle of the road. At first I thought they were hens that had strayed away they looked so large. On second glance I saw that they were Huns —28 of them. They were in a place I'd have never thought of hunting for them if the season had have been open. The country was

(Continued on Page 7)

To Decide N.S. - P.E.I. Baseball Championship At S'side On Sunday

Hot Fight On The Cards Here For Next Week

Tom White announced last night that he has completed arrangements for a bout next Wednesday night between "Bearcat" Jackson of New Glasgow and "Big Boy" Peterson of Charlottetown. This bout will be one of the latter events to be put on Wednesday evening towards the close of the annual Potato Festival. This should prove to be a real scrap and draw a good crowd.

The last encounter between these two heavyweights was a hot and heavy one with Jackson emerging the winner. Wednesday night the "Big Boy", who holds the Island heavyweight title, will be out seeking revenge for his previous setback and it should turn out to be a rough, rugged battle from gong to gong.

Interscholastic Track, Field Meet Today

The 3rd annual interscholastic Track and Field Championship Meet, which was postponed from last Saturday, will get underway at Memorial Field in Victoria Park this afternoon at 2 p.m., if weather conditions are at all permissible, it was announced yesterday by officials of the Department of Physical Fitness, who are sponsoring the Meet. If weather conditions make the holding of the meet out of the question, the meet will be held over until the following Wednesday, officials further stated, and all contesting schools will be notified if such further postponement is necessary.

The Meet, which is one of the leading annual events, will see some 14 schools from all parts of the Province participating, represented by a total of 190 entries, which is one of the largest in its history, and is expected to produce a really high calibre of keen competition and sportsmanship.

The schools represented in this year's meet include West Kent, Queen Square, Prince Street, Prince of Wales College, Rochford Square, Summerside, Georgetown, Kensington, Bedeque, Spring Park, Parkdale, North Rustico, Glenaladale, and Freetown.

The following are the large number of competent officials who have been appointed to supervise the meet, and should contribute much to its overall success:

Patron, Lt. Governor, Honourable J. A. Bernard; Hon. Referees, Hon. J. W. Jones, Lt. Col. D. A. MacKinnon; Starter, Major W. A. Smith; Judges at finish, Lt. Col. W. J. MacDonald, Councillor W. H. Beaton, Walter LePage, Roy MacGillivray; Field Judges, W. E. Scantlebury, Wm. Halpenny, Thomas Harper, George Walters; Timers, L.B. MacMillan, Bill Bevin (Sr), Arthur Campbell, Dick Purcell; Chief scorer, Lt. Col. L. T. Lowther; Field scorers, Earl Nicholson, Glen Matheson; Track scorers, Ev. Cutcliffe, Harold Semple; Clerk of Course, P. W. Turner; Referee, Bill Reid; Press Stewards, Neil Matheson, Terrence Fitzgerald; Meet Physician, Lt. Col. J. H. Shaw; Surveyors, C. E. Ryan, Fred McCabe; Inspectors, Lt. Col. A. W. Rogers, A. L. Perry, Ken MacLean, A. B. Reid.

With the weatherman promising clear weather on Sunday, everything is in readiness for the big series between the Meteghan Shipbuilders and the Summerside Curran & Briggs for the intermediate baseball championship of Nova Scotia and Prince Edward Island. A crowd that will surpass even the record breaking assembly of last year when the Summerside All-Stars and the Woodside Combines played the rubber game that decided the Maritime championship is expected to be on hand to see these two championship teams in action. There is a strong feeling among local baseball fans that although this series is only the semi-final series for the three-province crown, the team that emerges victors from this test of ability will go on to annex the Maritime title.

The series is a best two of three game affair. Sunday's encounter is a doubleheader, with the first game scheduled for 1.15 p.m. If a third game is required, it will be played Monday.

Coach Murray Veno has announced that the following players will make the trip from Meteghan to play the Island champions: G. Comeau, Bennie Mallett, Wilfred Gaudet, M. Veno, Jr., Buddy Holmes, Vic Deveau, George Aymar, M. Muise, U.M. Boyd, Delbert Lombard, Gus Robichaud, H. Wheeler, Jack Reed.

The Curran & Briggs nine will be at full strength. Manager Les Gaudet and catcher Emmett Mulholland will fly from Montreal to take part in the important series, and Alan Stewart and Gordie MacKay will come over from Wolfville to take their place in the line-up.

It is expected that coach Charlie Hogan will throw his ace flinger, Joe Bernard at the Meteghan boys in the first game of Sunday's doubleheader and Wilfred Gaudet is likely to be the choice of Veno to open hostilities against the Islanders.

Either Daley or Powell will probably toe the slab in the second game with Bennie Mallett, who pitched against Summerside two years ago in Windsor, taking up the pitching chores for the visitors.

Bernard will probably be facing the toughest crowd of hickory wielders he has yet faced when he faces the Meteghan crew but if Joe is pitching in his old form the Meteghan sluggers will have to be at their best to beat him.

Free busses will operate from Summerside to help get the expected bumper crowd to the games. —S

Hole-In-One Tourney Planned

Club Professional Cecil "Bubby" Dowling of the Charlottetown Golf Club announced yesterday that a Hole-In-One Tournament will be held over the Belvedere course today and Sunday.

A special hole of 125 yards has been constructed for the tourney, and all players who will be turning out on either of the two afternoons for regular play, are invited to take a shot at the hole-in-one layout before starting their round of the course.

Special prizes will be awarded to the two players making the hole in one drive or coming the closest to the cup.
