The reason for the Charlottetown call, the Minister said, is to give as many people in the Province as possible an opportunity of inspecting the ship before she goes on her regular schedule.

A tragic sequel to the visit of the circus to Summerside occurred on Saturday when Elzier Blacquiere, 12-year-old son of Mr. and Mrs. Alban Blacquiere was found dead in the basement of his home with a rope around his neck and the end tied to a pipe running along the ceiling. The boy had been playing by himself. His mother, in the course of preparing the dinner for the family, went to the cellar for potatoes and her eyes met the horrifying sight of her son in an upright position hanging from a rope. His toes just touched the floor so it is assumed that the rope tightened on his neck and choked him.

Mrs. Blacquiere immediately cut the rope, but it was too late, her son was dead. The Coroner was called and decided that no inquest would be necessary. It is believed by the parents and friends of the family that the young lad was trying to imitate some of the acrobatic stunts he had seen at the circus the day before. He was the eldest of a family of eight children and the home is at the corner of Park and North Market Streets. Mr. Blacquiere is employed at the Summerside Airport.

Some lingered regretful to leave but hopeful of meeting again next year, God willing. —S.

PUBLIC MUSEUM FOR P.E.I.— In speaking at the Women's Institute Convention, Mrs. Wyand says Green Gables in a story sounds very romantic but Green Gables deserted and dusty is just another old house and holds no romance for the thousands who visit it every year. This idea of a museum is not a new one as the need has been felt by many for a long time of a public museum for Prince Edward Island although, I believe, there are some splendid private collections. The Federal Government is supporting this scheme and willing to co-operate in any way to make it a success. Our aim is to preserve a sample of the old things that our forefathers possessed and had in their home. If you happen to possess anything quaint and old such as a candle lantern, snuff box or grandmother's old bonnet or ruffled cape, etc., anything that you will part with or loan to the Government, please communicate with Mr. Smith, Superintendent of Parks, Miss Mary G. Macdonald of the Women's Institutes or Mrs. Jeremiah Simpson of Cavendish. A nominal sum will be paid by the Government if you wish to sell, otherwise they will be preserved as a loan and add much to interest future generations as well as visitors.
