

United Church Moderator

REV. PETER BRUCE, D.D.

Right Rev. Peter Bryce, D.D., has been a leader of the United Church of Canada since its inception.

During his earlier career, Dr. Bryce was engaged in pastoral work and in the inauguration and direction of social service enterprises in the city and province of his adoption.

While a student, Dr. Bryce began a pastorate which continued for fifteen years in the industrial suburb of Toronto known as Earls-court.

Throughout that period, the young minister was in direct contact with the social needs of a great and growing community.

In this period, Dr. Bryce studied and wrote a great deal on various forms of social work and legislation, and has continued his activity in this direction throughout his life.

From time to time Dr. Bryce was called upon to assist the Methodist Church and later the United Church in various important enterprises.

Beginning his leadership in the Missionary and Maintenance Fund in the autumn of 1925, Dr. Bryce has continued throughout the years to promote and advocate the United Church's enterprises.

Campobello Pleased At Election Result

WELCHPOOL, N. B., Nov. 4.—(CP)—News of President Roosevelt's reelection was received with quiet satisfaction by his friends at this little Canadian island of Campobello, where the President has a summer home.

Messages of congratulation were wired by residents who have known him since his childhood.

FIRE! FIRE! Market Building

TONIGHT FIREMEN'S FAIR Due to inclemency of the weather it has been deemed advisable by those in charge to remove to the Market Building.

FIREMEN'S FAIR MOVES TO MARKET BLDG.

The firemen's fair is moving to the Market Building and Charlottetown firefighters were busy last night preparing to transfer the large amount of equipment to the new location.

Weather conditions last night were very unfavorable for the third consecutive day since the fair opened. Despite the wet weather, however, the attendance was encouraging but not nearly what might be expected at a show sponsored by an organization such as the Charlottetown Fire Department.

The program tonight will be changed somewhat but an attempt will be made to have it better than ever.

Suggests Change In Name Of English Church In Canada

WINNIPEG, Nov. 4.—(CP)—A change of name for the Church of England in Canada was suggested today by Archbishop M. T. M. Hard, at the opening session of the first meeting in four years of the Synod of the Diocese of Rupert's Land.

Delivering his charge, Archbishop Harding suggested the church adopt the name "Episcopal Church of Canada." It would, he said, emphasize more clearly the national character of the church which does not, he added, "exist primarily to minister to the people of English descent in particular."

Dealing with confession for members of Protestant Churches, the Archbishop said a desire for confession was being discovered in the most unexpected quarters.

He urged clergymen to discourage marriages in private homes rather than in the church and the regular admission of non-episcopal ministers to the pulpit of the church.

Arrange For Inter-Exchange Of Newspapermen

OTTAWA, Nov. 4.—Arrangements for inter-exchange of newspapermen within the Empire have been completed, J. M. Woods of Calgary, chairman of the Canadian section of the Empire Press Union, announced today.

Applications from several Canadian papers for British journalists had already been received and a number of British newspaper owners had agreed to place Canadians, Sir Keith Murdoch of Melbourne, Australia, had expressed willingness to give jobs to two Canadian newsmen.

Col. Woods was also confident that other parts of the Empire would co-operate.

The regulations governing the exchange are that the applicant must be 55 years of age or under, must have three years newspaper experience, be recommended by the newspaper for which he works, and his application approved by the respective sections of the Empire Press Union.

The "host" newspaper owner agreed to provide work for a year.

LOADS FOR GRENFELL MISSION—Products of Prince Edward Island farms are now being loaded aboard the sturdy supply ship Gertrude B. Cluett at Montague for Grenfell Mission headquarters at the northern Newfoundland outpost, St. Anthony. This will be the Cluett's last trip north before winter sets in and a varied cargo is being placed aboard her including produce, hay and cattle.

Meeting Of Little Theatre Executive The first meeting of the newly elected executive of the Little Theatre Guild was held last night, Dr. T. E. Robins presiding.

The resignation of Mr. Ivan Reddin as secretary was accepted with regret and Mr. Charles Jenkins was appointed secretary pro-tem.

Plans were laid for a very busy season, which will consist of four studio nights of one act plays, a three act major production and an opera.

A programme committee was appointed whose duty it will be to select dates, plays, producers, etc., consisting of Mr. Ian Smith, chairman; Miss Margaret Jenkins, Miss Ruth Heartz, Mr. A. R. Cooper and Mr. Charles McKenzie.

A financial committee consisting of Dr. T. E. E. Robins, Mrs. Houle and Mrs. Belcher was appointed, also a building committee comprising Mr. Ivan Reddin, chairman, Mr. A. L. Wright and Mr. Jas. Harris to investigate and submit plans for improvement of the Theatre building, particularly the entrance.

It was unanimously decided to send an entry to the regional festival at St. John Jan. 25th and 26th.

A drive for membership was planned, and the following committee was nominated and appointed: Mrs. K. S. Rogers, Mrs. Benj. Rogers, Mrs. A. W. Henry, Miss Gladys Mathers, Mr. A. Vessey, York; Miss Bessie Campbell, Miss Margaret Collins, Miss Constance McFarlane, Mr. Charles McKenzie, Miss Connie Coyle, Miss Jean Ellis, Mrs. H. S. Henderson, Mrs. Frank Murray, Mr. Wm. Trainor and Mr. Peter Crichton.

It was decided to establish an upstairs office during membership week.

Announces Policies to Be Pursued By Corporation.

OTTAWA, Nov. 4.—(CP)—Two immediate surveys of radio conditions in Canada will be made by Major W. E. Gladstone Murray, general manager of the Canadian Broadcasting Corporation, Leonard W. Brockington, chairman of the Board of Governors of the Corporation, said in a broadcast speech here tonight.

The first will relate to the coverage of existing stations, the second will be directed towards a greater variety and improvement of programs.

Following meetings of the Governors here, Mr. Brockington tonight outlined briefly the policies which will be pursued in developing radio as an entertainment and instructional medium.

He assured his hearers, however, that the fact of some of the directors being university professors did not mean listeners were "to be harangued" as though they were children.

"The merry heart is the one that goes the furthest," he said, "and the truest education can well come from delight in the wonders around us."

Mr. Brockington expressed the thanks of the new governing body to Chairman Hector Charlesworth and his associates of the now defunct Canadian Radio Commission, which the Corporation succeeds.

The new board of nine governors or directors, he said, is in the main independent of any Government department.

FOREIGN REACTION TO ELECTION

By The Canadian Press Foreign officials and newspapers hailed with enthusiasm Wednesday night the landslide re-election of Franklin D. Roosevelt as President of the United States.

In European nations where the press is controlled by authoritarian governments, editorial writers suggested the overwhelming New Deal vote might show a trend toward a single party system as in their own countries.

"Is this Democratic election a question mark or is it the eruption of the Fuehrer (leader) idea within the Democratic system—achieved by Democratic methods?" asked the Berlin Tageblatt.

The American people have approved "the tendency of the President to concentrate political, economic and directive powers in a form which a European democracy would call dictatorial," commented Virgilio Gayda, authoritative writer for the Rome Giornale D'Italia.

"A triumph for democratic tendencies" was the phrase used by French Foreign Minister Yvon Delbos.

The President's greatness lies in the fact "he has been able to break away from hidebound tradition without smashing the still-sound economic and social structure," said the London Evening Standard. The London News called the election victory the "greatest triumph in United States history."

Moscow, Tokyo, Amsterdam, Vienna, Shanghai, and Geneva added their felicitations for the landslide. Prelates in Vatican City said Pope Pius expressed pleasure over the result.

The Canadian Government, as customary, declined to comment officially. Individuals interested in continuation of the reciprocal trade treaty declared their gratification.

Weekly Meeting Of Hi-Y Grads Club Held

Rev. A. E. MacKenzie, co-pastor of Trinity United Church, was the speaker at the regular supper meeting of the Hi-Y Grads Club last night. Mr. Gordon Bonness was the chairman.

Mr. John Denny, Prince of Wales College student attended the meeting and suggested that the Club cooperate with the Athletic Association of P.W.C. in a movement to have dances begin and close earlier than has been the case in the past.

Mr. Carl Boehner, a prominent Grad member tendered his resignation from the Club. He is to take up residence in Montague where he is taking over a jewelry business. Fellow Club members regretted his departure from the Club and wished him the best of success in his new venture.

The meeting learned with regret of the serious illness of Mr. Cyril Johnston, who is at present a patient at the Prince Edward Island Hospital.

During the business session the meeting decided to supply uniforms for the basketball team. No meeting would be held next week it was announced because of the Club dance.

Three Miners Fatally Injured In Fall

KIRKLAND LAKE, ONT., Nov. 4.—(CP)—Three Lake Shore Miners were fatally injured today when they fell 200 feet from a staging in a raise off no. 5 shaft in the mine.

The three, George Browne-Cadman, 46, Bert Peterson, and Charles Duda, were working with four others on the staging when a pneumatic drill operated by Cadman is believed to have ricocheted against the edge of the platform.

Part of the platform gave way when the sprag was dislodged and the three men were hurled between 200 and 300 feet below to a rock pile in the shaft. The four others were not thrown.

Master Raymond Burgoyne, young son of Mr. and Mrs. John Burgoyne, Granville, has entered the P.E.I. Hospital to undergo an operation.

MILLAR'S WILL GOES TO COURT ON FRIDAY

TORONTO, Nov. 4.—(CP)—While the Ontario Government looks on critically, having computed at 120 the number of children whose futures are directly at stake, clause 9 of Charles Vance Millar's famous will comes before Mr. Justice W. E. Middleton in the Ontario Supreme Court Friday morning.

The occasion promised tonight to be something of an event, certainly achieving the highest point in public interest since Millar's will was read 10 years, bequeathing a fortune of \$500,000 to the Toronto mother registering the greatest number of births in the 10-year period following his death.

In Mr. Justice Middleton's court room will be gathered all the leading candidates for the motherhood prize, possibly excepting Mrs. Grace Bagnato who is expecting a too-late-to-qualify baby any day now. The deadline for births was last Saturday at 4:30 in the afternoon.

Thousands of curious may—and no doubt will—crowd outside the high iron fence that surrounds Osgoode Hall, the province's law courts building within a few blocks of the busiest business area.

But only 20 of them will be admitted to the courtroom. That's all there will be space for. Cameramen won't be permitted inside the gates.

Inside, Mr. Justice Middleton will be asked by the executors of the will to determine clause 9 is valid and, if it is, to direct the executors as to disposition of the estate.

Then counsel for two persons claiming to be next-of-kin to the Toronto lawyer, Alexander Butcher and Arabella West, will ask the judge to void that clause of the will on the grounds it is "contrary to public policy and uncertain."

A representative of the Ontario Attorney-General's office will hold a watching brief. For the time being, the Government does not intend to take any action in the matter.

Lauds Churches' Co-operation

MONCTON, N.B., Nov. 4.—(CP)—Speaking at a public meeting in St. John's United Church tonight as Moderator of the United Church in Canada, Rt. Rev. Dr. Peter Bryce, Toronto, pointed to the growing spirit of co-operation among Christian sects as one of the most magnificent developments of modern religion in Canada.

The eminent Churchman declared "parochialism in the life of the church is as deadly as nationalism in the life of the nation," and pointed to co-operation between the Protestant and Catholic churches in providing food and clothing for people of drought-stricken areas in the west.

The Moderator in describing modern trends of the church in Canada cited as two predominant phases "the spirit of advance" and "better appreciation among the people generally of the value of church in both community and the nation."

Rev. Dr. J. A. Ramsay, Moncton, former president of the Maritime Conference of the United Church, presided at the meeting.

Earlier in the evening Dr. Bryce was guest at a supper tendered him in the Y.M.C.A. by United Church clergymen and lay leaders.

MARITIME STRIKE GROWS

Peace Negotiations Fail As Food Shortages Loom.

SAN FRANCISCO, Nov. 4.—(CP)—Hopes for peace in the still spreading United States Maritime strike reached a new low level here today and particularly vulnerable areas exhibited increasing concern over prospective food shortages.

Striking seamen claimed more ship tieups on the Atlantic and Gulf coasts. Export traffic out of Boston was paralyzed.

Mayor Herbert Brown of Anchorage, Alaska, informed Territorial Governor John Troy that there was only food enough in the city to last 30 days. All Pacific Coast American ships were tied up and the railroad from Seward to Anchorage shut down.

International Seamen's Union officers in New York challenged insurgent strikers by establishing a union-controlled hiring hall to provide men to replace strikers.

Joseph Curran, head of the striking seamen here, asserted 4, ships were tied up in the New York Harbor.

San Francisco municipal authorities were still seeking a conference with opposing sides in a Warehousemen's strike that threatened to curtail food supplies in the metropolitan area of 2,000,000 population.

All peace negotiations were at a standstill and prospects of none violence lurked behind the stalemate.

English Canners Critical Of Pacts

LIVERPOOL, Nov. 4.—(CP Cable)—Criticism of the Ottawa trade agreements and a charge that Canadian canners dumped surplus stock in the English market were voiced today at a canners' convention in Liverpool.

A resolution was passed that the Ottawa Agreements were one-sided and that their revision in favor of home producers, as well as other empire producers, was essential.

R. Woodcock of London complained that Canadian canners dumped surplus stock in the English market and offered it at prices with which canners in England could not compete.

P. E. I. BATTY WAR SERVICE IS RECALLED

Interesting Letter From Member Of Nory Family Erquinghem-Lys.

Members of the old 8th Siege Battery and war veterans generally will be interested in the following English translation of a letter received by Rev. Alex. S. Murray, Bedford, N. S., from one of the Nory family, at whose farm the Battery was billeted in June and July, 1917.

"ERQUINGHEM-LYS, THE 20TH OF OCTOBER, 1936

"Dear Sir: "We were very happy to receive your friendly letter as well as the two photos that you had the kindness to send us; they are very good.

"We regretted that we were absent, for one of us belonging to one of the oldest classes was demobilized while you were at the farm. He remembers that when he entered the little room where your wireless station was installed he said to you, "War finished for me."

"Our sisters kept soldiers billeted at the farm, a pleasant memory. In those tragic hours so near the front they shared the same anxieties and ran the same dangers. They were especially fond of the Canadian soldiers whom they knew to be for the greatest part of French origin.

Besides, your fellow-countrymen were very obliging to them. "One of us, President of the Old Comrades (i. e. War Veterans Association) of Erquinghem-Lys, went to Vimy Ridge with 120 of his members to pay a visit to the memorial raised to the memory of the Canadian soldiers fallen on the battle-fields of Arras. They came back amazed at the beauty and magnificence of this monument, so well placed on this ridge, which will immortalize your heroes.

"It remains, dear sir, to thank you for the kind remembrance of us that you keep, and if it is some day possible for you to return to these parts it will be delightful for us to receive you.

"Accept, dear sir, for your self and for your comrades of the Erquinghem-Lys front the affectionate greeting of our sisters and of ourselves.

"NORY HL.

"This letter "writes Mr. Murray was received in answer to one in which I sent prints of a snapshot of "madame" and her sister in front of her new house near the farm. On my way home from ten months study in Germany I made a bicycle tour of the old front, in course of which I called on the Norys on the 10th of July.

"As mentioned in Mr. Nory's letter, the brothers were not at home, but "madame" and her sister received me with open arms.

"Sgt. Nory reached the age of 48 while we were there in 1917 and was demobilized. Being a signaller he was much interested in our wireless set, which was installed in a small room off the kitchen, and operated by "Jerry" Entwistle, of the Royal Flying Corps, to which I was loaned by Major Peake as an assistant, being a pre-war amateur, one of Keith Rogers' old pupils.

"The Nory family, now retired and living on their income, retain a very friendly interest in the Prince Edward Island battery, and if any of the boys, or the battery association would care to send them a Christmas card, their address is: "Nory, Freres et Soeurs, Rentiers "Erquinghem

"sur la Lys, "Nord, "France. "The address of Madame Duquesne, of Meplaux, our very earliest position at the front, who also remembers us is: "Madame Duquesne, "Ferme de Meplaux, "Locon, "Pas de Calais, "France.

Rev. Mr. Murray in closing sends his warmest greetings to "all former comrades of the 8th Siege."
