Strong S.D.U. Team To Meet Mt. A. Saturday In Intercollegiate Opener

A strong Saint Dunstan's University senior squad will leave tomorrow morning for Sackville, N. B., where they meet Mount Allison in the opening encounter of the N. B. P. E. I. senior inter-collegiate football series, with the game getting underway in the afternoon.

The N. B. P. E. I. title will be decided in a home and home series between Mount Allison, U. N. B. and S. D. U., with the second game of the series being played the following Saturday at Sackville between Mt. A. and U. N. B. It is not known as yet just what date the Saints will play their first game in home territory.

Judging from the recent 13-0 defeat that the McAdam coached squad handed out to the Abbies last week in an exhibition encounter, the boys in "red and white" will be putting up plenty of stiff competition against the Mount Al-

Outlook Is Gloomy For Injury-Riddled Bruins

HERSHEY, Pa., Oct. 14—(CP)—The outlook was tinged with gloom as Boston Bruins of the National Hockey League put a finishing touch to their long training grind and prepared to move home tomorrow.

A few weeks ago, things were not so bright for the Bruins. Not so tonight.

First—Frank Brimsek, veteran goaltender, is not in shape. Brimsek reported here about 10 pounds underweight as the result of a severe throat infection. He took a week off trying to regain strength.

Jack Gelineau, McGill University star, stepped into the goal and did a bang-up job. But—Jack must go back to school to please a couple of "profs" who insist the up-and-coming hockey star didn't put all the right answers on some of his examination papers last term.

Then, Jack Quilty for whom the Bruins had high hopes, will not be available. Jack suffered a broken leg last summer and it has given trouble during the training season. He's going back to have the experts do something about it—and that will take about two months.

Topping all this is some concern over Paul Ronty, who suffered a leg injury, and the loss of Clair Martin on the defence as a result of injuries. Ronty appears to be rounding into shape but who can tell?

On the other side are eight rookies temporarily with Hershey Bears in the American League. Withdrawal of any of the youngsters will bring a terrific howl from these hinterlands.

St. Mary's And Arrows Work Out

HALIFAX, Oct. 14—(CP)—Halifax St. Mary's presented a young light team and Dartmouth Arrows a big experienced club as the two entries in the Maritime Senior Hockey League ran through two ice drills today.

Captain Marty Barry was on hand for the first time and expressed satisfaction with his St. Mary's charges.

Captain Duggie Kuhn of Arrows tried two new lines. On the first string he had Kenny MacKenzie, Eddie Sorrell, pivoted the second line with Harry Mosenko and Bert Gonso on the wings. Johnny Myke worked between Frank Redmond and Alex Robertson on a third line.

Younger brother of Bill Mosenko of Chicago Black Hawks, Harry played here in 1943 with Navy.

U. S. Pointers Expected To Swell Entries For Annual 'Hun' Trials Here

Some fifty pointers with their professional trainers are expected from the U.S. to swell the entries for the second annual Charlotte-town "Hun" Trials.

Sponsored by the Charlottetown Kennel Club, Stuart Ives, President, Prince Edward Island's great fall hunting classic which is open to all pointing dogs, will be run off on Oct. 19 and 20. Dogs placed first will win silver trophies and all placings will be awarded ribbons of the Canadian Kennel Club under which club's rules (1947) the trials are being held.

Judges named are Raymond Hoyer, U.S.; Robt. Tufts, Nova Scotia; Raymond Golan, U.S.; Jack Mayer, New Brunswick; and Herb Farnsworth, U.S.

Purchase Of Community Race Horse Decided On At Horsemen's Meeting

About 40 interested horsemen and three ladies attended the meeting in the City Hall last evening, having as its object the purchase of a community-owned free-for-all pacer, James (Jimmy) Fox, popular here, whose colors have been borne by many winners in the past 15 years, was chairman.

In a short address he spoke of the desirability of a community-owned pacer worthy of representing the city in the Maritimes. He spoke of the need for a community-owned horse such as Dudy Patch 2:06 1-4 and Tip Abbe 2:06 had achieved for the Dudy Patch Club in New Glasgow, N.S., and said that this could be duplicated here. He read a letter from the owner of the Saunders-Mills Stables, Toledo, Ohio, stating that they were sending Joe C. Blackstone, Prince Richard and his wife to the Harrisburg Sale. These horses have raced in anywhere from 2:01 to 2:06, are young, and should be suitable to take part in the fastest events held here. Mr. Power also had information regarding other horses that will be going to Harrisburg and felt that with the necessary funds a horse could be secured and also a great advertisement for this city.

Consider Team For Maritime Hockey Loop

At a meeting held at the Travel Bureau last night under the auspices of the Charlottetown Amateur Athletic Association, some 15 local hockey players gathered to discuss the pros and cons of entering into a Senior B Maritime hockey loop.

During the meeting, which was presided over by Colonel L.T. Lowther, president of the Association, many of the players expressed their views in connection with the prospects of entering a team in such a loop, with the majority present voting in favour of the move.

Following an open discussion in the matter, it was decided that immediate arrangements would be made for practice sessions for an Abegweit team in view of the fact that the four-year-old international further negotiations will have to be carried out with mainland officials before a definite decision is made.

Sport Echoes From Prince County

A committee of the Summerside Hockey League, appointed by the president, Harold McIver, will attend the annual meeting of the Charlottetown Hockey League to be held in the near future. This committee will decide whether the Summerside Club will again be a member of this league, after it is known just what terms can be secured from the Capital City league will begin its schedule of games much earlier this year than was the case last winter.

Local sports fans will regret to hear that the president of our hockey league, Mr. McIver, will be confined to his home for two or three weeks under orders from his physician. Everyone will be hoping that when hockey gets into full swing again, Harold will be in his customary good health so that we may have the benefit of his energy, resourcefulness and tact to help assure us of another successful hockey season.

May Expand N.H.L. Schedule To 70 Games

DETROIT, Oct. 14—(AP)—Expansion of the National Hockey League's schedule to 70 games by the six clubs and 35 on the road, is foreseen as a distinct possibility by N. H. L. president Clarence S. Campbell.

But there is no immediate prospect of enlarging the circuit to eight clubs.

Campbell, who came here for Wednesday night's League opener in which Detroit beat Chicago 3-1, said that the N. H. L.'s current 68-game schedule can be stepped up to 70 within limits of the 27-week season, and probably will be for next year if the Boston Garden and Madison Square Garden in New York will approve the additional dates.

"The other four arenas can be made available for five additional home games," Campbell said. "But bookings for other arenas in Boston and New York make schedule expansion a problem there."

"I believe we will be able to arrange it, however, and the odds are that the League will play a 70-game schedule in 1949-50."

Campbell said that the N. H. L. would welcome additional members wherever adequate arenas seating upwards of 20,000 spectators become available in communities large enough in population to support a major league club.

"But building materials continue so difficult to obtain that I see no immediate prospect that any other member can be taken into the League in the immediate future," Campbell added.

Most logical prospects are St. Louis, which has a suitable arena; Los Angeles, which is taking over a 27-acre site to construct one; and Philadelphia, which has sought entrance into the circuit for several years but lacks a suitable building, the president said.

Injured Bayeux May Start In Saturday's Race

NEW YORK, Oct. 14—(AP)—Chances that Bayeux, the Belmont champion, will join the field of champions in Saturday's \$100,000 Empire City International Gold Cup, were boosted considerably today.

A Belmont Park veterinarian reported the four-year-old colt injured only superficial injuries when he reared in his stall while flying the Atlantic Monday. He bruised the hocks of his hind legs.

"We can't say for sure, of course," said his trainer, Albert Vandesteene, "but if he improves as much by tomorrow as in the last 24 hours, he'll be all right."

Bayeux and the English colt, Nathoo, are the only European horses expected to meet the American triple-crown champion in the mile-and-five-furlong classic. They came to New York in the same plane, but Nathoo never batted an eye at the trip, his handlers said.

James Butler, Empire City president who inaugurated the international event won the first time a year ago by Szymie, said the French filly, Madelon, would not start.

"She came out of her last workout sore, and they are very discouraged with her," Butler said. Madelon was flown here from Paris several weeks ago to complete training.

Nathoo has started 10 times this season, and has won five races, including the Irish Derby. One victory was a walkover in the Knowsley Dinner Stakes at Liverpool.

Bayeux has won three races, including the Belgian Gold Cup two weeks ago.

Remember When

Tony Lazzari, in big time baseball 12 years and batting over the 1937 World Series, was given his unconditional release by New York Yankees for other attractions in Boston and New York make schedule expansion a problem there.

"I believe we will be able to arrange it, however, and the odds are that the League will play a 70-game schedule in 1949-50."

Campbell said that the N. H. L. would welcome additional members wherever adequate arenas seating upwards of 20,000 spectators become available in communities large enough in population to support a major league club.

"But building materials continue so difficult to obtain that I see no immediate prospect that any other member can be taken into the League in the immediate future," Campbell added.

Most logical prospects are St. Louis, which has a suitable arena; Los Angeles, which is taking over a 27-acre site to construct one; and Philadelphia, which has sought entrance into the circuit for several years but lacks a suitable building, the president said.

Subscriptions Offered

He had mentioned to a few people his idea and had quickly received promise of \$50, which he had supplemented with another \$100. He was willing to give the use of his car, bike and a good set of harness and make his stable available and his caretaker to look after the new arrival for the winter. He would like those present who felt they could support the move to come forward and sign for \$25. If the list looked promising he would call on merchants and duplicated here. He said he had been invited to go to Summerside and Montague as well.

Other Speakers

Mr. R.R. Bell, K.C., M.L.A. favored the purchase of a community pacer and thought that perhaps Summerside, Montague and other places might also want to own a free-for-aller. He had been present at Richlieu track, near Montreal with P. R. McLaine some time ago and saw Adage win the free-for-all in last time.

Other speakers were H. J. Kennedy, president of the Exhibition Association, Chester Pratt, St. Peters, Don Seaman, and W. J. Brown.

At the close of the meeting quite a number of persons signed subscriptions of \$25 to be paid on or before Oct. 30.

Mr. Power will leave for Harrisburg Nov. 3 and will spend two or three days before the sale looking over the horses catalogued and getting information regarding them so that he will be in a position to pick the right horse.

ST. PAUL, Minn., Oct. 14—(AP)—Walter Alston, manager of the St. Paul American Association baseball team, has signed a contract to pilot the club again next year, general manager Mel Jones said today.

Alston, 37, the youngest manager in the Association, this year guided his team through the American Association playoffs and into the Little World Series.

NEWMARKET, England, Oct. 14—(AP)—If this keeps on British race-track fans will be betting by numbers instead of breeding.

Solar Slipper, third in the St. Leger classic, won the Champion Stakes today. Last year the Aga Khan's Mipoli, third in the St. Leger, won the Champion Stakes. Yesterday, The Twister, no. 13 on the card, won Newmarket's opening race. Today Tapola, 14th on the list, won the opening event.

Veck Believes Indians Will Be Strong Team Again Next Season

By LARRY SMITH

CLEVELAND, Oct. 14—(CP)—Cleveland Indians won't need much overhauling for defence of their world championship, president Bill Veck said today.

"Of course, that doesn't mean we'll repeat but we'll be up there with the best of them," Bill hastened to add.

Veck conceded that "we can't stand pat completely. No team should adopt that attitude. But I don't think many changes will be necessary."

"We have a pitching staff that is good for five more years," Veck said. "Our outfield is one of the best and there isn't a better catcher in the League than Jim Heenan."

With the exception of (Eddie) Robinson at first, our infield is past the mark, but I'm looking for another good year from (Lou) Boudreau, (Ken) Keltner and (Joe) Gordon. Some people will tell you these three are slowing

up but they played some great ball this year. Some younger fellows might cover more ground but you can't beat instinct and experience.

"Our pitching looks awfully good to me," Bill remarked. "Gene Bearden and Bob Lemon both won 20 games."

"Bob Miller will come back. In fact, he did come back this year in spite of the fact he lost two Series games...."

Veck also expects a lot of pitching from Steve Gromek. "The 27-year-old right-hander won 18 games for the Indians in 1946, then had two dismal seasons. This year he seemed to find himself as a 'spot' pitcher, and worked up with nine victories and three losses."

As to the outfield, Veck said "We're all set there with two great youngsters (Dale) Mitchell in left and (Larry) Doby in centre, but we probably could use a little help in right. Maybe Hank Edwards will take care of that for us."

S.D.U. And P.W.C. In Exhibition Game Today

Prince of Wales College and the second line team from Saint Dunstan's University are scheduled to clash this afternoon at the S.D.U. grounds at four o'clock in an intercollegiate exhibition encounter.

Both teams, who are expected to meet later in the season in a regular scheduled series for the collegiate intermediate title, will be getting their first taste of competition for the season and the game will afford both teams the opportunity of testing their skill and strength and to pick up with the fluency and from them out for future competition.

Regardless of the fact that the encounter is scheduled as an exhibition match, the two teams, who have always been keen rivals, will be going out there prepared to give everything they have in the line of fast, hard hitting football and should give the local fans plenty to root about before the game is decided.

The following are the lineups for today's game:—

Saints: Fullback—McCarthy; three-quarters—Dorsey; Murphy, G. MacDonald, Fisher; halves—McKinnon, Martin; forwards—Lewell, Corbett, Burke, T. Pendergast, E. Pendergast, O'Brien; subs—O'Connor, Jay, Cormac.

P.W.C.: Fullback—Reidy; three-quarters—Lane, Andrew, Crockett, Brown, Zaken; halves—Howatt and MacRae; forwards—Jardine, Henderson, Cannon, Conrad, Hine, McIsaac, Ballam.

INDUSTRIAL DEVELOPMENT

TORONTO, Oct. 12—(CP)—Officials of the Ontario Planning and Development Department said today some 15 companies are about to start new production programs in Ontario and 131 plants are adding to their facilities. Most of the expansion was in larger cities but British industry planned to develop industrial sites at Tilbury, Wallaceburg, Point Edward, Preston, Paisley, Merrilton, Lindsay and suburban Toronto, a Department survey indicated.
