Hereafter, under this heading will be found news pertaining to Prince Co. Under the proper headings will also be found the news of the other counties. The Guardian classifies its local items thus in the hope that this will be a convenience to its readers.

John P. Cahill, of Bellevue, and brother to R. L. Cahill, of St. Dunstan's College who recently passed the New York State examinations with honors, has been chosen as President of a High School there. This is both a lucrative and honorable position in New York, and Mr. Cahill's many friends on the Island will be proud of his success abroad.

The Guardian will be pleased to hear from any correspondents who have news to furnish, and who desire to have the same published. The news of each County is now classified, which will prove a convenience to readers in finding their own County news quickly. In every case the items are most appreciated when they are brief and to the point and confined to matters of fact, or events that have happened or are to take place. With all who wish to contribute The Guardian will be glad to correspond.

**FENCING THE FARM**

To the practical farmer this is one of the most interesting questions of the day. The wide awake man is looking for a strong high fence, proof against large or small stock, requiring but little room, one which will not blow down, burn down, break away, obstruct the view, nor require constant repairing, but will remain tight and secure under hard usage, and constant change of temperature, and last a life time. Last and by no means least one which will make the smallest demand on the farmer's purse. Such a fence, is the woven coiled spring fence when properly erected, as all now acknowledge. While wire fencing has been so high in price and ready woven fencing is still so high that only the WELL TO DO can afford to buy it in quantities to suit their needs, but the LONDON now brings the cost down far lower than the old style rails, besides, the saving in land will soon pay for it.

It pays to own a LONDON FENCE MACHINE. There is not another implement on the farm which will save enough to pay for itself in a single day's work, as the London will do. Farmer it will pay you to look into this matter. Buy a LONDON FENCE MACHINE and London spiral coiled spring wire, and build your own fence at times when you can't well do anything else at one half the cost of ready woven fencing. Write for Free Catalogue which is full of valuable pointers on fencing to

**CRUISER TO SEE ABOUT TOBAC**

LONDON, April 30.—The Cabinet to day lengthily considered the dispute with Turkey regarding the Tabaq boundary and resolved to dispatch the second class cruiser 'Minerva' to El Arish, with instructions to investigate the report that the Turks had removed the frontier pillars at Bafsaner and El Arish. The negotiations continue with Constantinople, but 16-day's Cabinet meeting showed the British Government is unalterably determined to enforce the withdrawal of the Turkish troops from Egyptian territory.

**ISLAND BLEND TEA Competition**

How many days, hours and minutes will it take the new Steamship lately purchased by the Charlottetown Steam Navigation Co. to come from the pier she last casts off her lines at in Britain until she is moored at the first port of call in P. E. Island?

To establish the superiority of Island Blend Tea over all others, I am going to give the people of P. E. Island an opportunity to thoroughly test its good qualities in the following way:—

To the FIRST person sending the correct answer to the above, or who comes the nearest to the correct answer, I will ship 50 lbs. Island Blend Tea; to the three next nearest to the correct answer, 20 lbs. each; to the next five, 10 lbs. each; to the next seven, 5 lbs. each; to the next ten, 3 lbs. each.

CONDITIONS—Each person making a guess must purchase at least one pound of Island Blend Tea from a merchant. All answers must be forwarded in a special envelope, which will be furnished by the merchant. No other answers than those contained in these special envelopes will be considered. The statement of the captain of the new steamer as regards time taken will be accepted as correct.

All answers must be received by me at least three days before arrival of the steamer. The result will be announced in the newspapers and the tea forwarded to the successful competitors not later than two weeks after the arrival of the steamer.
