

SEVEN INCHES OF RAIN FELL

CHEESE BOARD. There was a large attendance at the meeting of the Cheese Board yesterday afternoon. After a number present had spoken in high terms of the late James E. MacDonald, a prominent member of the Board, a committee was appointed to prepare in conjunction with a committee from the Dairy Association, a letter of condolence to Mrs. MacDonald. The Board Committee consists of John Anderson, Lancelin MacDonald and R. Jenkins. Considerable discussion took place about the bidding on the board, it being claimed that prices were run to an extreme height, and that the highest bidder would only take the limit, four hundred cheese, thus blocking the board. In some cases the parties pushing him would refuse to buy at their former bids. It was felt that with present limit no remedy is possible without changing the rules of the Board. Following were the sales: Hazelbrook, 138; Hillsboro, 100; Union 115; Cornwall, 75; to Horace Hazzard, 10; Red Point, 114; Lakeville, 200; Cardigan, 80 St. Peters, 30; Orwell, 280; East River, 150; Stanley Bridge, 300; Red House, 108; New Perth, 123; Summerside, 17; Emerald, 370; Kinkora, 250; to Dillon & Spillet at 10 13-16; Mount Stewart, 115; Hampton, 150; O'Leary, 150; Winsloe, 50; Gowan Brae, 75; Kensington, 100, were not sold. The following is the bulletin: Montreal, weak and declining; English do Montreal, 10; to 11; Brockville, sold, 10; English market, 55 to 58. At the meeting of the directors the question of sending a delegate to a dairy conference was discussed, and Inspector E. T. Morrow was selected.

THE ROYAL MONTH AND THE ROYAL DISEASE.

Sudden changes of weather are especially trying, and probably to nose more so than to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula—its bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it have derived from Hood's Sarsaparilla, whose radical and permanent cures of this disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proven its merit in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative,—consumption.

Duke and Duchess Canadian made shoes. The acme of style, full value for your money. Ask your dealer for them. Fresh sausages 12 cts per lb at Saunders & Newsom's.

Boys' School Boots.

Boots that will wear well and that are not too heavy is the kind the boys want. We have about a dozen different kinds. One we specially mention is made from buff leather, heavy single sole put on by hand, solid sole, leather insoles and counters, they are well made and very neat. Our own make, price \$1.68.

Notice! The Light & Power Co. wish to remind customers that this is the last day for receiving discount on electric light bills this month.

In New York in Three Days Causing Great Damage

Lipton Sails Home—Gerald Balfour at Leeds—Sir Rivers Wilson Denies Statement Made by Chamberlain.

GERALD BALFOUR SPEAKS. LONDON, Oct. 9 (Special).—Gerald Balfour reaffirmed at Leeds that the Government pledge did give effect to the fiscal reform proposals until after the appeal to the country. The new Cabinet ministers assumed their duties today.

DENIES CHAMBERLAIN'S STATEMENT. Sir Charles Rivers Wilson, addressing the Grand Trunk shareholders, denied Mr. Chamberlain's statement that American trade is falling off. He believed that both Canada and the United States are progressing and would so continue despite the ill-directed efforts of the combination which introduces such disturbing influences.

LIPTON SAILS FOR HOME. NEW YORK, Oct. 9 (Special).—Sir Thomas Lipton sailed today. The Atlantic Yacht Club will be the custodians of Lipton's cup for the ocean race next May and the Club will give three additional prizes.

NEW YORK'S BIG RAIN STORM. Rain has been continuous for over seventy-two hours. Nearly seven inches of rain have fallen.

Many places are flooded and much damage done. Railroad yards are washed out and travel greatly delayed, thousands being unable to reach their places of business as the roads are even impassable to vehicles.

Much damage is also done in different parts of the state.

His Nerves Played Out

And Health Broken Down—A Life Saved by the Timely Use of

FERROZONE

Mr. Karl E. Newsome of Rothesay, writes: "I owe a debt of gratitude to Ferrozone which saved my life after a severe stage of Nervous Prostration. About a year ago my health gave out completely. I was in such a weak irritable condition that I couldn't work, and found that doctors did nothing for me but take my money. My druggist recommended Ferrozone as the best preparation for nervous troubles, so I commenced at once to take one tablet at meals. Every box of Ferrozone I took seem to do me more good than the previous one, and it wasn't very long before I was strong enough to move around again. In three months I was completely cured, and know that I wouldn't be alive to-day if I hadn't used Ferrozone. It braced up my nerves, gave me a strong healthy constitution, and is certainly a marvelous restorer and tonic for nervous people.

The reason Ferrozone is so successful in curing nervous disease is that it contains the very elements that are needed to restore the wasted nerve cells. It is a nourishing, strength-giving tonic that costs 50c. per box, containing three weeks treatment. Six boxes for \$2.50. Sold by all druggists or by mail from The Ferrozone Company, Kensington, Ont. Don't fail to get Ferrozone to-day, it assures health.

Mr. Rattee, Malpeque. 8.40 p.m.—Offering for Provincial Work. 8.40.—Address—W. C. Pearce, Chicago.

THE TRUE TRAGEDY OF LIFE

is ill-health, disappointed ambition, usefulness destroyed. Pathetic! nay tragic. Poor blood, weak nerves, a tired brain. Is there hope? Yes! Because there is a cure. Ferrozone Tablets make blood; not blue blood but the fluid that strengthens the whole body. Ferrozone does this quickly by improving digestion, stimulating assimilation and by imparting health and tone to the whole system. Your druggist will tell you a great deal more about Ferrozone. Ask him to tell you of the wonderful curative properties of Ferrozone Tablets.

Good fit, good wear, perfect satisfaction. Ames Holden's advertised shoes ask for them.

Our tweed contains nothing but the hair of the sheep's back. No swamping, no old cut-up clothing but wool of the sheep's back and P. E. Island sheep at that. Farmers see that you get Tryon Tweeds every time.

PROWSE'S BIG FALL OPENING

Attracted Large Crowds all Day Yesterday.

A Magnificent Display of Fall Millinery—Descriptions of some of the Latest in Ladies' Hats.

YESTERDAY the store of Prowse Bros was filled with visitors. The occasion was their annual millinery opening and the display fully repaid the large crowds that thronged the store. The eye is first attracted to the two entrance arches leading to millinery department beautifully decorated in Nile green sateen puffing, on which are displayed wings, birds ornaments and millinery of all kinds. Going through the first arch on your right are two tables trimmed with pale blue, on which are more trimmings, while on each are three beautifully trimmed hats. Continuing along to the south side of the store you will find a counter thirty-five feet long, handsomely decorated with trimmings and hats on stands; further back is a double table twenty-four feet long trimmed with pink sateen puffing, with more hats on stands, also ornaments, wings feathers, laces, nets, ribbons and a thousand and one other dainty things that are made to captivate the ladies' fancies. Among the beautiful creations some the work of Miss Rendle, the firm's milliner, some imported are the following: Among the most prominent is a Penelope shape with black panne velvet shirred rim, trimmed with black plumes mere ribbon and sequin quill ends. The price is \$12. And there is a torpedo shape turban brown pan crown, with brown and cream bands under rim trimmed with cream ribbon with cream and brown wings and out steel ornaments. It is cheap at \$5.75. A fawn beaver hat trimmed with cream ribbon and fawn and white wings is a centre of attraction. Another ornament is a large turban of Nile panne, velvet crown, and Nile chieles and again bands trimmed with ospreys and white quill ends. A beauty is the brown pattern hat with brown silk velvet and old rose silk facing trimmed with flowers and beize ribbon and pearl ornaments. A large picture hat of cream silk with velvet shirred rim trimmed with cream plumes cream mere ribbon and cream quill ends is among those prominently displayed.

IN A PAINFUL DILEMMA. "Ten miles to the nearest doctor, without a bottle of Nerviline in the house" writes Mrs. J. Smith from Regina, N. W. "I hardly knew what to do with my child which was suffering from cramp and headache. For years I have used Poison's Nerviline in my house and found it an excellent remedy for all internal pains, stomach and bowel troubles. Nerviline is the best remedy in case of an emergency and just as good as the doctor. You can take Nerviline internally or rub it on. No house should be without Nerviline. Get a large 25c bottle from your druggist today.

Rev. Dr. McMillan, Cardigan Bridge is in town today. Herbert Brown of Prowse Bros. is in town today on a business trip. The S. S. Lunenburg came into port yesterday afternoon at 5 o'clock. Miss McNutt, City, is visiting here the guest of her friend Miss Minnie Owen, Grafton Street.

A quantity of fresh cod and pollock were taken off Pampus Island last evening and found ready purchase this morning at McDonald's Wharf. A large and interested house erected the Lions and their wonderful trained dogs at the town hall last night. The performance of these little animals of the canine tribe was remarkable. The dive from the top of a 40 foot ladder into a net below was one of the most striking features. Comedy sketches, moving pictures, illustrated songs, etc. were also presented. Altogether it was a good clean show.

NO RHEUMATISM SINCE.

That is what W. J. Dixon reports after a Treatment of Dodd's Kidney Pills. BARWICK, RAINY RIVER, Oct. 5.—(Special)—Rheumatism, one of the terrors of this new country, cannot stand before Dodd's Kidney Pills. This is the pleasant experience of many settlers. W. J. Dixon is one of them. He speaks as follows: "During the summer of 1901 I had an attack of Typhoid Fever, and Rheumatism set in as one of the after effects. I had pains in my back and right hip so bad I had to use a stick to walk. I could scarcely dress myself for nearly two months, and for three or four weeks I could not lace my right shoe. "On my brother's advice I started to use Dodd's Kidney Pills. After taking three boxes I began to walk and do my work. I was cured, and I have had no pain since. Dodd's Kidney Pills take the uric acid out of the blood and the Rheumatism goes with it.

Duke and Duchess Canadian made shoes. The acme of style, full value for your money. Ask your dealer for them.

We received by express yesterday morning about 300 books, Metal Library. A good many of them by the famous G. A. Henty. We ordered them so as to have them for tonight's trade and they arrived just in time. See our show window this one inside and go over the whole Mitchell's Bookstore, Summerside.

MAY BE ANOTHER SESSION BEFORE

Dissolution of Parliament—A Short One

Prorogation About Thanksgiving Dropped—Stealing from the Militia, Halifax.

PROCEEDINGS IN THE COMMONS. OTTAWA, Oct. 9.—(Special).—Sir Wilfrid Laurier announced today that the bill to amend the Audit Act had been dropped and the bill respecting penitentiaries will not be proceeded with. The supplementary estimates were then considered.

CHANCES FOR PROROGATION. The Senate expects to finish with the Redistribution Bill to night. There is but very little chance of prorogation before Thanksgiving Day, October 15. MAY BE ANOTHER SESSION. Generally the impression prevails that another session of Parliament will be held before the general election, but the session will be brief and only urgent business will be dealt with.

STEALING FROM THE MILITARY. HALIFAX, Oct. 9.—(Special).—Charles Conway who was arrested on a charge of stealing cement from the military made a confession declaring two contractors induced him to steal and paid him for doing so. The military authorities will take action.

RESERVE FORCE. The healthy body has a certain amount of strength reserved in case of emergency, which is exhausted by disease or unusual physical exertion, without this power of resistance a person is an easy prey to every ill that comes along. By enriching the blood and creating new nerve cells, Dr. Chase's Nerve Food keeps the health at high water mark and fills the body with the vigor and vitality that overcomes and defies disease.

OF PERSONAL INTEREST. W. C. Harris, architect, went to Sydney yesterday. D. C. Morson, Cardigan was in town yesterday. M. S. Egally Tait left yesterday morning on a month's visit to Fredericton, N. B. Rev. D. B. McLeod went to Sydney yesterday where he will remain over Sunday. M. Smith, M. P. P., and Mrs. Smith, Pleasant View, Hampton were in the City yesterday. Judge Forbes who has been attending Presbyterian Synod and who was visiting at Mr. Bartlett's, returns to St. John this morning.

MINERS WANTED AT PORT HOOD

There is a scarcity of laborers at Port Hood. The Port Hood Coal Company report quite as carelessly of men and could give fifty or sixty miners and half as many loaders employment at once. This shortage of labor is somewhat retarding the output of the Port Hood Coal Company and people who are anxious to get Port Hood coal, and many no doubt are, would do well to secure supplies as early as possible. The output of the Port Hood Mines this fall is the finest quality yet produced.
