

CANADIAN LEGION DANCE CASINO THANKSGIVING

October 9

Departure From Summerside Of H. M. S. Scarborough

The H. M. S. Scarborough, which has been at Marine Wharf, Summerside since Saturday last, left on Thursday morning for Cape Breton Island. The Commander, the Hon. C. W. Cornwallis, O. B. E., R. C., his officers and men were very pleasantly entertained during their visit.

Besides the Legion dinner and dance at the High School, there were many little social gatherings given in their honour. On Wednesday they were entertained at Fox River the newly acquired estate of Senator Creelman McArthur; where they were given a feed of hams and lobsters in the shed. This was a novel experience for them as these shell fish are not obtainable in the British Isles. About forty of the ship's company went up and engaged in a game of soccer football with the Summerside Soccer team. Needless to say the blue jackets won, but the local boys managed to get in three goals; the score was 7-3. The Scarborough has two very good football teams on board and it was an education to some of the Summerside boys to whom the game of soccer is entirely new, to see how it is really played and they were not slow to avail themselves of the opportunity. The sailors enjoyed the outing very much indeed.

Before leaving, the following letters of thanks and appreciation were sent to Mayor Mansson from the Commanding Officer:

H. M. S. Scarborough, At Summerside, P. E. I., 21st September, 1933.

My Dear Mayor, On our departure from Summerside I should like to express to you my thanks for the kindness and hospitality extended by all to H. M. S. "Scarborough".

We are very grateful for the cordial welcome we have received, and for the many facilities placed at our disposal which have made our stay so enjoyable.

Yours very sincerely C. W. CORNWALLIS, Commander-in-Command

Motor Bandits Day Holdup

LONDON, Sept. 21.—(C.P.)—In the daylight in a busy thoroughfare here, motor bandits headed off and held up a taxicab. They attacked the driver, then opened the door of the vehicle and snatched a handbag containing approximately \$300 from a woman passenger. The bandits carried containing three or four men, raced alongside the taxicab and after calling on the driver to stop forced the cab into the kerb.

As soon as the motorcar crashed into the taxi three men jumped out, and, while two of them attacked the driver, started spectators for another man open the door. When they heard a woman scream, the man jumped out of the taxi and ran across to the motorcar, followed by his confederates. The bandits' car then drove off towards London.

London has a drive for better finances.

ARRESTED ON ROBBERY CHARGE—After evading the police since the latter part of August, sleeping in barns, box cars, the Exhibition building and with a camp in West Royalty, Elmer and Clarence Doucette were finally rounded up and placed under arrest early yesterday morning by Sergeant Dominic Doyle and Officer Watson Higgins, when found sleeping in a barn in the rear of a residence on King Street. They are wanted in connection with a break in the store warehouse of Mr. E. N. Kays on Aug. 28th. The boys who are 20 and 21 years of age have had the police actively on their track since their companions have been arrested and have had some narrow escapes from capture.

The many friends of Mrs. Chester Buntain of New London, will be sorry to hear that she has entered the P. E. Island Hospital for an operation.

Polish Aeronauts Royally Welcomed

(Special to the Guardian) MONTREAL, September 21 — Bonaventure station was thronged with Polish veterans and other Polish citizens of Montreal, gathered for the purpose of welcoming Capt. F. Hynek and Lieut. Z. Burzynski, Polish aeronauts and believed winners of the Gordon Bennett balloon race, who reached Montreal with their balloon after their arduous experiences.

The Polish balloonists came to earth in the Lemieux district of northern Quebec and are believed to have covered the greatest distance in their flight. Their landing spot was some fifteen miles from the lines of the Canadian National Railway lines and the Quebec government lent assistance in getting the damaged balloon out to Lemieux from where it was shipped to Montreal, arriving this morning.

On arrival at Montreal the balloonists were greeted by Joseph Marlewski, Polish Consul, at Montreal; Captain Wiktor, President of the Polish Veterans Society; A. A. Gardiner, assistant general passenger agent of the Canadian National Railways and a large delegation of Polish veterans and other residents.

Immediately after being unloaded the envelope of their balloon, still sodden from the rains which have fallen since the balloon descended in the north woods, was spread out to dry in the immigration hall at Bonaventure Station. The plans of the aeronauts were stated to be indefinite but it is expected they will remain in Montreal for one or two days, being entertained by the Polish Consul and others, before proceeding to New York with their balloon and instruments to make their bid for the prize which is understood to be awaiting them.

Air services in Colombia are carrying twice as many passengers as a year ago.

RAIN DELAYS HARVESTING OPERATIONS

Maritime Survey Shows Crops Well Up To Average of Previous Years.

(Canadian Press) MONTREAL, Sept. 21—Harvesting operations in the Prairie Provinces have been delayed by rains, which may lower the grades of the grain, says the Bank of Montreal telegraphic crop report issued today. While the rains have improved pasturage and the reserve moisture condition of the soil, continued dry weather, however, is needed to complete harvesting operations, approximately 85 per cent of the crop having been threshed in Manitoba and 55 percent in Saskatchewan. Only a small percentage of the crop has been threshed in Alberta.

With the exception of oats, grains are below average in Ontario although quality is good. Root and tobacco crops are also below average but the yield of apples and grapes is good.

Maritime Report A well above-average crop of apples is reported for the Maritime Provinces, cereal crops being about average.

Abundant rain has prevented completion of threshing in British Columbia. Pacific coast fruit crops are of good quality. Details follow for Maritime Provinces: Harvesting is progressing under favorable weather conditions. In yield and quality potatoes are expected to be a good crop, although the acreage was less than last year. Other root crops have benefited by recent rains and a good yield is expected. In quantity and quality the apple crop is well above average. Pastures are satisfactory.

NEW SUBWAY SYSTEM FOR SOVIET RUSSIA

MOSCOW, Sept. 21.—(A.P.)—The Red Capitol hopes to have the first section of a new subway system completed and the first underground trains running on the 17th anniversary of the revolution, October 1, 1934.

Ten thousand young men and women ranging in age from 16 to 24 are engaged in underground work along with approximately 35,000 older workers. The Union of Communist youth announced it hopes to have 60,000 in the shafts by the first of next year.

The subway is being built with the aid of British technical advice and will cover 46 miles when completed, linking the central portion of the City with industrial sections, outlying railway stations and other strategic points.

Construction was begun in 1932 and is expected to be entirely completed in 1936.

CREAMERY BUTTER PRODUCTION GAINS

OTTAWA, Sept. 21.—An increase of almost 2,000,000 pounds was shown in creamery butter produced in August last when the amount was 27,670,654 pounds as compared with 25,822,990 pounds in the corresponding month last year, says a report issued today by the Dominion Bureau of Statistics.

Quebec led in production with 8,890,437 pounds, Ontario was second with 8,623,129 pounds and Alberta third with 2,407,000 pounds, Saskatchewan, 1,885,708; Nova Scotia, 662,982; British Columbia, 499,792; New Brunswick 426,826 and Prince Edward Island 354,000 pounds.

BLOOMFIELD, Conn., Sept. 21.—It took the whole town to decide whether Miss Nellie K. Paget, of Coldstream, N. B., should be retained as a teacher in the Junior High School here.

By a vote of 2 to 1, at a mass meeting last night, citizens of Bloomfield decided the Canadian girl should be kept on, overruling half of the members of the town's school committee who opposed her retention since she was a Canadian and a British subject.

Dancing Tuition Will Present Loan Sometime In October

(Canadian Press) OTTAWA, Sept. 21.—Borrowings by the Dominion Government during the current fiscal year will be for the purpose of meeting the present requirements only, and maturities for 1934 will be taken care of when due, it was learned today. Definite announcement by the Department of Finance that the forthcoming loan would amount to "substantially less than \$250,000,000," set at rest various rumors that the total would reach an unprecedented figure.

Such details of a Government loan as the amount, interest rate, price and date of issue can only be announced when the campaign is explained today. As it is unlikely the issue will be offered until the first week in October, official information of the details is not yet available. It was stated on the highest authority, however, that the total would be substantially less than \$250,000,000.

The belief in well-informed circles is that the issue will amount to about \$235,000,000, to sell at about 97 or 98, and to yield in the vicinity of four percent.

It is understood that more than half the \$75,000,000 borrowed in London during the summer remains on hand and that much of it will be used to meet obligations in the United Kingdom. Something like \$210,000,000 worth of tax-exempt victory bonds and treasury notes are to be retired on Nov. 1.

Hon. E. N. Rhodes, Minister of Finance, retired to the country for a rest more than a week ago, all outstanding details of the loan having been completed except the most favorable moment to launch it.

been left over till today. The contest in public speaking, took place last evening in the pavilion, and drew an audience which completely filled the hall. The youthful speakers maintained the standard of former years and acquitted themselves most creditably.

Hon. H. F. MacPhee acted as chairman and called upon each of the twenty-five speakers in turn. The judges were Rev. J. M. MacLeod, Mrs. Arthur Henry, Mr. H. H. Shaw, Chief Superintendent of Education, and Mr. R. C. Parent.

Following were the winners: 1 Ivan Roberts, West Royalty; 2 Jennie MacNeill, North Rustico; 3 Jack Matthews, Souris; 4 Cedric Stetson, West Royalty; 5 Verna Rodd, South Winsloe; 6 Arnold Godfrey, North Wiltshire; 7 Celia Currie, Vernon River; 8 Lulu Scott Meadobank; 9 Verna Kitson, Hampshire.

Hon. H. F. MacPhee remarked that the object of the contest was to overcome the natural hesitation in public speaking. It was important that all young people learn how to express themselves. He announced that the sports would be held today in front of the Grand Stand, and extended thanks to the citizens who had shown interest by their attendance, and had by their presence encouraged the boys and girls. He extended congratulations to the contestants and to the officials.

Following are some judging results: Leaves 1 Roseneath; 2 O'Leary; 3 Central Bedouque; 4 West Covehead; 5 Savage Harbour; 6 Upper Bell Creek; 7 Cross Roads; 8 Millview; 9 Marshfield; 10 Hermitage.

Quake Takes Toll In West Japan

KANAZAWA, Japan, Sept. 21.—(A.P.)—Heavy property damage was believed done for today in Noto Peninsula by an earthquake which shook western Japan. The tremors continued for three minutes here.

Only one death and two serious injuries were reported, all at Nanao, but communications were disrupted and only meagre reports were received here. Cracks four inches wide appeared in some places as houses, smokestacks and railroad property were damaged.

ENJOYABLE (Continued from Page 1)

known, is well adapted to bring out the massive sweep and dignity of his music. The difficulty with Bach is to find adequate interpreters. It is the highest tribute to Mr. MacEwen to say that his interpretation of this great genius left nothing to be desired.

Scarlatini's "Pastorale," as transcribed by Tausig, an interesting and melodious work, served as a fitting transition to the next number, the Moonlight Sonata, which is perhaps the most romantic and most popular of all Beethoven's piano compositions. The three movements of this sonata, Adagio Sostenuto, Allegretto, and Presto Agitato, were rendered with fine feeling and effect.

Four magnificent Chopin pieces were included in Mr. MacEwen's programme—the Fantaisie in F Minor, Etude in E Major, Ballade in A Flat, and Fantasia-Improvisu. The spirit of these works, in mood so different, yet each so hauntingly beautiful and so characteristic of Chopin's genius, was perfectly caught.

Schumann was represented by "Novelties in F," a short composition of finished grace, and with a delightful melody. A more ambitious performance was Saint-Saens' Concerto in G Minor, scored for two pianos. The three movements, Andante Sostenuto, Allegro Scherzando and Presto, called for technical skill of a high order. Mr. MacEwen gave an admirable rendition, and was ably assisted at the second instrument by Mrs. Rogers.

From Liszt, a favorite composer with Mr. MacEwen, two representative pieces were chosen—the Dance of the Gnomes, quaint and fascinating in its melody, and the Hungarian Rhapsody No. 6. Fine musicianship was shown in the playing of both compositions. The 6th Rhapsody, though not so well known as the 2nd, is splendidly adapted to the concert hall, and both pieces were enthusiastically received.

Mr. MacEwen's concluding numbers were Debussy's "Reflections in the Water" and "Minstrels," followed by De Sival's "Balmoral," a fantasia of Scottish airs in a most attractive setting. As an encore number, which proved one of the most interesting of the evening, he played C. Chaminade's Autumn Etude de Concert No. 2.

Mrs. Richards was heard with splendid effect in two sets of songs, the first comprising Schubert's "Love's Message," "Whither?" "The Linden Tree," and "Ave Maria," and Brahms' "The Blacksmith." Later she sang "Carnaval" (Fouldrain), "It's Snowing" (Bemmerg) and the aria "One Fine Day" from Puccini's famous opera "Madame Butterfly." "The Linden Tree," the rousing Brahms number, and the aria were particularly well received. As an encore, she sang "Comin' Through the Rye."

The rich tonal qualities of Mrs. Richards' voice, her perfect mastery of expression and shading, thrilled the audience as only noble music, nobly interpreted, could do. Mr. MacEwen accompanied Mrs. Richards on the piano.

Mrs. Richards and Mrs. Rogers were tendered bouquets during the performance, which concluded with the National Anthem.

WELSH WINNER FROM FARM

Rev. Simon B. Jones, winner of the Crown, highest honor of this year's National Estiddeod at Wrexham, Wales, is cited as a fine example of Welsh culture. He was born on a farm, went to sea, then to Bangor University, and from college to the postoffice of the largest Welsh Congregational Church in Liverpool, England. He is described as "poet, preacher, pastor."

Ross-Drug-United SAINT JOHN-FREDERICTON-MONCTON-JAMIE-EST-CHARLOTTETOWN

KENSINGTON PASTOR GOING TO SYDNEY N.S.

With the announcement that Rev. G. T. Spriggs of Kensington has accepted a call to Sydney Mines, Nova Scotia, and will be going there shortly, there comes a sense of loss among the christian folk, not by any means confined to Anglican circles.

During the dozen years that Mr. Spriggs has resided in P. E. I. his name has been identified with every good work. A good preacher and a faithful parish worker, he has found time for active labours beyond his parish. During one of the most critical years of the P. E. I. Protestant Orphanage he was the Chairman of their Board, and the present sound position of the institution is in part at least due to his leadership. A member of the Executive Board of the Bible Society he has been unflinching in his zeal for its cause. He has taken a leading part in the activities of the Orange Order of which he is a Past Grand Master.

Perhaps his best public service has been rendered through the Boy Scouts Association. Succeeding the late Hon. D. A. MacKinnon as Provincial Commissioner he has gathered about him a corps of workers who have put Scouting on the map in P. E. I., and the name of Commissioner Spriggs will be affectionately remembered by many a lad of today in years to come.

Mr. Spriggs began his P. E. I. work at Alberton, coming from an outlying Nova Scotia parish which he had occupied after his return from Overseas. Removing to Kensington he has given ten years of good service there. One of the many commendable efforts of his ministry was the gathering up and tabulating of many valuable records of his church and district.

In Sydney Mines Mr. Spriggs will have a considerably larger constituency for his labours, and of kind of ministry which he is well fitted to render.

With his wife and family he will be much missed in his going from this Province, and a very wide circle of friends will follow them with good wishes for success in their new field.

(Canadian Press) SYDNEY MINES, N. S., Sept. 21.—Rev. G. T. Spriggs, Kensington, P. E. I., follows Rev. H. A. Clark as rector of Trinity Church here.

Mr. Clark recently accepted a call to Port LeHave, N. S., after having served Trinity parish for six years.

BUTCHERS MUST DEFY FLIES

Butchers of Cork, Irish Free State, must keep flies from meat. This warning was issued by Medical Officer for Health, Dr. J. C. Saunders, after visiting the 64 shops in the city. He says most of the shops swarm with flies. And there's another thing. Letting street dust blow over the meat also must be stopped, or there may be punishment for butchers, he hints.

Spain sent nearly 15,000,000 pounds of olive oil to this country in the last crop year.

Resolutions Of W. C. T. U.

Following were the resolutions adopted at the annual meeting of the Women's Christian Temperance Union, held on Wednesday at North Wiltshire:

Whereas we as members of the W. C. T. U. are deeply interested in the enforcement of the Prohibition law in our province be it resolved that this convention expresses its conviction that it is the duty of every woman to use her vote conscientiously and to influence as many others, both men and women, as possible to vote only for those who will give definite promise of their whole hearted support of prohibition, also be it resolved that we urge the necessity of co-operation with all Sunday Schools within our reach to make the best possible use of the Special Temperance lessons and to introduce those where possible to families not in touch with any Sunday School.

Whereas the cigarette habit is becoming prevalent among our boys and girls be it resolved that our members wait on our rural store keepers and impress them to stop the sale of cigarettes.

Whereas the returning officers have labored faithfully during the past year be it resolved that the thanks of this convention be extended to them, also to the officers for the use of the church, to the ladies who so kindly entertained us especially Mrs. Clark who so hospitably opened her home for our comfort, to Miss Gullbeck who consented to be our guest speaker who recently returned from Japan.
