

Every Young Husband

... should answer these questions:

Were the EXPENSES of starting your home greater than you expected? In most cases the answer is "yes." Probably there is a mortgage and other debts. Given time, you can pay them! But they could be a burden to your wife, if something should happen to you. That is one reason why you should have adequate life insurance protection.

Does it matter which COMPANY you insure with? Yes! Life insurance companies are much alike as to policies and rates, but actual long-term results vary widely. Evidence of

the satisfaction of our policy-holders is furnished by the fact that whole families and succeeding generations have entrusted their life insurance programs exclusively to The Mutual Life of Canada, and each year approximately 35% of its new business comes from policy-holders. Ask your Mutual Life representative to explain the special features of this Company.

...Y. F. U. MEETS—The weekly meeting of the "Alumni" Y.F.U. of the Montague United Church held on Oct. 28th in the class room of the Church was a more than usually interesting one. The meeting opened with a sing-song with Jean Adams at the piano. A worship service followed which was very lovely and was conducted by the President, Ruth McGregor, who took as her topic "Quest for Beauty," that is, the beauty of nature. George Nicholson then took charge and carried out a program on "Appreciation of Art" which was very much enjoyed by those present. He displayed a number of reproductions of famous paintings by Canadian artists and invited the members to express their opinions and ideas on each one. More than an hour was passed in this way and the discussion was voted to be most instructive as well as entertaining. Mr. Nicholson does some of this kind of work himself and exhibited a few of his own pictures and asked for criticisms. A short business period was then held and games played.
