The Montague Fire Department has recently acquired a new fire truck as an adjunct to the equipment already purchased. The truck is one of the large army type specially adapted for travel through heavy snow or mud. It is designed to carry an extensive line of hose on the carrier box. On the rear axle a connection has been attached to which the pumper will be connected, thus making a complete unit. The chemical unit has been totally renovated so that its efficiency will be greatly improved. The renovation and care of the equipment is under the care of Mr. Joseph Vuozzo.

An unfortunate accident took place near Gaspareaux Monday night when a farm tractor driven by Mr. Patrick Giddings overturned in the ditch causing injury to Mr. Giddings. As the tractor moved slowly along the road in the darkness of the evening, it gradually approached a mound of gravel placed near the centre of the road. Mr. Giddings, not noticing the gravel pile, drove the tractor over the top where the tractor unbalanced and overturned into the ditch. Mr. Giddings suffered a broken collar bone, broken ribs, and lacerations. Brought to the Kings County memorial hospital, Mr. Giddings was last reported to be resting comfortably despite his serious injuries.

From the farm of Mr. Hazen MacWilliams, Cape Traverse comes a new potato oddity. Some years ago a shackle was dropped in the field, and this year when turned up by the plow, it was found that a potato had grown directly between the prongs of the shackle. Bulging out on either side, the potato had so grown that the shackle was firmly lodged on the potato. Considerable effort was required to remove the potato which, after being removed, appeared as almost two hemispheres. The odd-

ity was picked up by Mrs. Robert MacWilliams, Mr. MacWilliams' grandmother. Mrs. MacWilliams, surprisingly active for her eighty-four years, does the milking, feeds the livestock, picks potatoes along with the chores and her household duties. Her amazing vitality is the wonder of her neighbors as she goes about her work each day. Yet in the midst of all these duties, her kindness and generosity are ever present to all who call at her home. Truly a wonderful age to be so active.

On Tuesday, November 25th, the Board of Management of the Montague Curling Club held a meeting in the offices of Dr. L.A. Johnson presided over by the President, Mr. Fred G. MacIntyre, with Mr. Douglas Coffin as secretary. The primary discussion of the meeting concerned the acquisition of a water supply for the coming season. The water supply at present is being supplied by the school, but under present conditions it is doubtful whether or not water can be supplied unless these conditions can be rectified. It was reported by the investigating committee that satisfactory progress had been made, and that undoubtedly a solution to the problem would be at hand within the near future.

A motion for a letter of appreciation to be extended to the Ladies' Auxiliary of the Kings County Memorial Hospital was made to acknowledge receipt of a cheque for use of the curling rink old stove during the fall for the Hospital dance.

Mr. George Freese, the capable and efficient janitor and icemaker of last year, has been rehired for the winter season in the same capacity.

The Secretary, Mr. Douglas Coffin was authorized to contact Mr. Rankine MacLain, Charlottetown, to acquire new curling brooms in view of the fact that the old curling brooms were somewhat dilapidated. It had been under discussion that the club should choose a club color and the meeting decided on wine as the official color. Mr. Neil Hooley was authorized to order 120 sweaters in this color, and on the left side of the sweater will be attached the club crest already in the possession of Mr. Keir Clark.

At present the membership committee are contacting all old members and all those who might be interested in curling with the view to increase the membership of the club. It is expected that within two weeks the dance floor will be removed so that the ground floor may be levelled prior to flooding operations. Last year this procedure was followed giving the club level ice, under the watchful care of Mr. Freese, the icemaker. The ice sheet was one of the best on the Island. This year the club hopes that the weather will permit of an early start at the old roaring game. —Lan.
