REDPATH TRAGEDY

The Mother Dead and Son Dying.

THERE WAS A QUARREL

Believed the Son Shot His Mother, and then Shot Himself.

THE REDPATH TRAGEDY.

MONTREAL, June 14.—(Special.)—An awful tragedy took place last evening in the residence of Mrs. J. J. Redpath, Sherbrooke St.

A pistol shot was heard and when the servant went to the room, Mrs. Redpath and her son, Clifford Redpath, law graduate of McGill, aged twenty-four years, were found in a dying condition.

MOTHER DEAD, SON DYING.

The lady expired soon after and her son, cannot live. He has been unconscious ever since the shooting at six o'clock.

The supposition is that the mother shot her son and then killed herself.

The affair has created a tremendous sensation, as the family has been for the half a century amongst the first in the city.

MOTHER SHOT BY HER SON.

MONTREAL, June 14.—[Special.]—It is now disclosed that Mrs. J. J. Redpath was shot by her son as the result of a number of quarrels the pair have had recently.

IT WAS WHISKEY DID IT.

The young man was intoxicated when he committed the rash act.

The family are making every effort for a private inquiry.

SURE CURE FOR SEA SICKNESS, NAUSEA.

Maladies of this type yield instantly to Polson's Nerviline, and if you suffer periodically from these complaints, just keep Nerviline at hand. A few drops in sweetened water gives instant relief, and in the course of half an hour the cure is complete. A large 25c. bottle of Nerviline in the house will save doctors bills, and a vast amount of suffering every year.

A May-day Ramble.

What in life is more delightful than to stroll through the green fields and "beside still waters" unless indeed, it be to stroll beside your "best girl". But when your best girl is included in your country ramble "tis bliss sublime." At least, that is how we felt on Victoria Day, as with others we wended our way along the shady paths which border that charming sylvan retreat known as Hardy's Pond.

Beneath our feet stretched the green sward, decked with wild flowers, above our heads the blue dome of heaven, in our hearts peace, and last but not least—in the hamper lunch, which on some had a "Madgeal" effect.

Trout fishing was indulged in by lovers of that sport, but the more romantic sought the shady dells, where fans were much in evidence. On the placid surface of the pond a few of the venturesome floated gaily, others would not hazard going however, unless the breeze was westerly, which, by the way, had blown Caulder earlier in the afternoon.

At length, as the declining sun warned us of the flight of time, we with one accord, retraced our steps toward the mill, where the sound of the busy Mallett and the musical whirr of the circular saw, together with the roar of the waters, presented a scene of unusual activity, a fitting birthplace for the Hardy sons of toil.

At this juncture the shadowy form of our genial friend "The doctor" appeared on the scene and acting on his suggestion, we turned our footsteps homeward, refreshed in mind and body by the day's outing.

RAMBLER.

AN \$18,000,000 CHEQUE.

One of the largest checks ever drawn in Wall street was signed Saturday by officials of the Morton Trust Company. It was for \$18,000,000 drawn to the credit of the National Bank of Commerce in connection with the St. Louis and San Francisco Railway bond refunding, as well as other business of the Trust Company.

DID NOT RECOGNIZE ABILITY.

A sure test. A countryman visited St. John's Nfld., a few days ago when a Maronite woman offered to sell him a pair of scissors. The countryman to test their quality put them in his mouth and bit off the blade. The woman became so enraged that she took hold of the man, and a policeman had to interfere to secure his release.

CANADA'S DEFENCES.

OTTAWA, June 12.—The post-office department has applied to the department of militia to have Mr. Ecclestone confirmed in the rank of captain, to which he was raised by the imperial military authorities while in the field postal service in South Africa. It is the desire of the post-office department to put the experience gained by its experts during the Boer war to practical account, in connection with the annual training movements of the Canadian militia.

POPE LEO'S MEMORY.

Pope Leo XIII, has a wonderful memory. A little while ago he told a surgeon who was attending him that a small sore on his finger was caused seventy-five years ago, when he was a boy, by a ball striking his hand while he was playing a game called "bocce" in the garden of the Palazzo Colonna, and he even remembered the name of the chemist who bound up the wound and the situation of the shop.

C. P. R. TRACKMEN MAY STRIKE.

The trackmen on the C. P. R. system will strike on Monday if their demands are not acceded to and it is believed the engineers will refuse to run on tracks not properly patrolled.

THE POULTRY INDUSTRY.

Mr. F. C. Hare, poultry expert for the Department of Agriculture, has just returned to Ottawa from an official trip to the eastern Provinces, where he visited the poultry stations at Truro, N. S., and Bonville, Que. At both these places, as well as "Whitby," experiments have been made with three lots of chickens, numbering from 250 to 350. Heretofore the experiments conducted by the Department have been confined to fattening, but this year the stations are engaged in raising chickens and watching them day by day from the time they leave the incubator until they are four months old, after which they go into the fattening crates, and are kept there one month, when they are ready to be killed and marketed. The actual cost of experiment is noted, so that the exact profit may be known. These chickens are being fed on skim milk and ground oats, and a little blood meal, the whole making a very rich food. By this treatment a chicken weighing one and a quarter ounces when hatched, has, in three weeks, reached eight ounces, and in five months, five or six pounds. The experiments are being tried as between Wyandotts and Rocks, in order to judge the respective merits of the two varieties.

Chronic Bronchitis

Mr. Wm. Davidson, St. Andrews, N.S., writes: "Dr. Chase's Syrup of Linseed and Turpentine has cured me of bronchitis. I have, without success, tried many remedies for the past six years. Last winter when I had a severe attack and was unable to work I procured a bottle of Dr. Chase's Syrup of Linseed and Turpentine, and am happy to state that the third bottle made me a well man."

Mr. W. R. Alger, insurance agent, Halifax, N.S., says: "I used Dr. Chase's Syrup of Linseed and Turpentine for a severe attack of bronchitis. Permit me to testify to its splendid curative properties. I got better from the time of taking the first dose. Having a family of young children, my doctors' bills have annually come to a considerable sum. I believe a bottle of Dr. Chase's Syrup occasionally will aid me in reducing them very materially." 25 cents a bottle, all dealers.
