MISS EVA DE PRAZER, M. D. a native Hindoo lady who is visiting the Maritime Provinces in the interest of Foreign Mission Work spoke in the Baptist Church at Cavendish on Wednesday evening last. All present listened with the greatest interest to her vivid description of the heather in her native land. To have any conception of the degradation of those poor creatures and their manner of living, one must see them as they are in their own land. Miss De Prazer says it is confusing to the converted Hindu to know which is the true religion, that it is one great drawback to have so many missionaries of different denominations. She thanked the Canadians in the name of India for all they have done to enlighten her heathen land. India is beginning to see that her only hope of salvation is through her own native converts. Many a Canadian who has heard the gospel preached all his days might indeed feel the love of God in his heart; for the first time under the influence of Miss De Prazer's powerful speaking.
