THE adv. of the exhibition to be held in Charlottetown in September appears in our advertising columns today. This exhibition promises to be the best ever held here. Entries we understand, are already coming in and the Secretary informs us that the interest taken at this early date this year far exceeds that taken at the same date in 1900. He will be glad to furnish any one who asks with prize list. Although four thousand copies were printed, the demand for them has been such that not many now remain on hand.

THE automobile was given a trial yesterday afternoon and worked beautifully. As the machine passed along the streets hundreds were to be found in the windows and doorways. A number of ladies enjoyed the drive. Horses on the streets viewed the machine in a friendly manner and doubtless will not shy clear of it. The automobile is fitted with a gasoline fed steam engine, a popular form of motive power and one easily operated. The auto has a capacity of 16 1/2 gallons of gasoline and 60 gallons of water. One filling of the tanks will suffice for a day. In steering, the axle remains stationary, and does not swing in the centre as in ordinary vehicles, but each wheel turns on a swivel at each end of the axle.

INFLAMED NOSE AND THROAT.

And such diseases of the respiratory organs as Bronchitis, Weak Lungs Cold in the Head, and Nasal Catarrh, are treated with marvelous success on strictly scientific principles by Catarrhazone. The medicated vapor of Catarrhazone quickly traverses every air passage possible to be reached by any treatment. All soreness, pain, congestion and inflammation are at once dispelled, and by means of the healing powers of Catarrhazone the irritated tissues are quickly restored. Where Catarrhazone is used colds last only ten minutes, coughs half an hour, and Catarrh, Consumption, Asthma and Bronchitis flee as from fire. A trial will convince anyone of the startling merit of Catarrhazone. Costs \$1.00, small size 25c. At Druggists, or Polson & Co., Kingston, Ont.
