Trading Dull On Exchanges As Holiday Nears

(By William D. Horgan) NEW YORK, Dec. 23 (AP)—A handful of stocks supplied most of the action in today's market.

The market generally stayed in its December groove with price changes mainly fractional. A half-hearted attempt to get ahead was not an outstanding success, although gains did outnumber losses.

Turnover of 1,080,000 shares was about on a par with daily turnover during all of December. Trading yesterday totalled 1,000,000 shares.

Two of the market's high fliers were Atlantic Gulf and West Indies Common and Preferred stocks, both of which reached new highs for the year during the day.

The preferred closed 5 higher at 81 on sales of only 300 shares and the common ended 3 ahead at 63 on turnover of 600. The common jumped 4 7/8 yesterday.

Control of the company passed to Graham-Newman Corp. an investment concern, earlier this month when a sufficient number of shares were purchased at a stated price of \$47.50 each.

U. S. Industrial Chemicals took a almost all of the western oil following announcement that directors had skipped the dividend usually voted at this time of the year.

The stock hit a low for the year with a loss of 2 3/8 at 19 3/8.

Nickel Plate Common steamed ahead 3 1/2 points to 77 1/2 after a rise of more than a point yesterday. The preferred, however, was shaded 1-4 to 134 1/2.

At Toronto TORONTO, Dec. 23 (CP)—Western oils climbed strongly in late trading on the Toronto Stock Exchange to chalk up the best gains in an otherwise dull pre-holiday session. Gains also edged ahead towards the close and base metals firmed quietly.

Almost all of the western oils following news of three new wells in the Leduc field. Anglo-Canadian rose 15 cents to a new high at \$4.75 and Calgary and Edmonton added 20 cents at \$6.20. Home Oil gained 1-4 at 14 1/2. Calmont, Globe Oil, Leduc West, Okalta and Pacific Petroleum were strong gainers. Pan Western and Consolidated Homestead were the only losers as the exchange's index.

Action perked up in the last hour in golds. Kerr Addison and Teck Hughes were ahead in seniors and a wide range of junior producers improved. East Malartic and Malartic were spotlighted for new highs.

Gains more than tripled losses in the base metals. Smelters, gainers in fraction and Steep Rock, Wattle Amulet, Torbit Silver and East Sullivan were ahead five cents. Labrador, Osisko and Sherritt were also good gainers.

At Montreal MONTREAL, Dec. 23 (CP)—All though losses narrowly edged out gains on the Montreal Stock Exchange and Curb Market today, selected issues were on an upswing. Trading remained dull due to the coming holiday season although six stocks had turnovers exceeding 1,000 shares each.

Mines moved into lower ground in a narrow list as trading was light.

Today's industrial sales were approximately the same as yesterday's with a turnover of 31,000 shares while mines totaled 139,300 shares, an increase of 52,700 shares over the previous day.

Canadian Vickers moved into the spot-light once more adding 7 1/2 points to close at a new high of 71. The preferred issue, meanwhile gained two points and closed at 140.

Papers were on a fractional up-
