**MARITIME CENTRAL AIRWAYS**

By GORDON LINDSAY SMITH  
Simple or Elaborate

One of the satisfying things about gardening is that one can spend as little energy or money as one wishes. Unlike some strenuous hobbies, this one is elastic. There is scope for the most elaborate planning and designs, for an immense amount of exercise, limited, or if one feels like loafing, then one can have a garden to suit that mood, too. One cannot say that a small flower garden is less beautiful than a large one, but there is a difference in the amount of work involved.

It is really amazing the results in satisfaction and beauty one can get from a tiny plot of flowers. And they will not take much work either. A little digging and a few packets of seeds or boxes of started plants are all that are needed. If one has more time it can be enlarged, and as one's interest grows, more frills can be added.

Some enthusiasts, for example, plant all blue or all yellow flower gardens, some prefer sharply contrasting borders. The beginner, and many others, however, are advised to stick to fairly simple designs, with irregular clump plantings rather than straight rows. And also, instead of solid sheets of one color, a continuous display of bloom will usually give more satisfactory results.

**Lawn Work Early**

One of the first jobs in the spring is fixing up the lawn. One can start this job as soon as the sod is fit to walk on. Grass seed makes its best growth in cool weather. Experts advise getting a good grade of lawn grass, which will be a mixture of various sorts of grasses designed to make growth quickly and stay green year after year. For patching, the bare spots should be thoroughly stirred with a rake, then seeded rather heavily. Covering with brush or wire will protect from the birds.

Fairly early in the spring is the best time to apply commercial fertilizer. Roll early when the ground is soft.

Janet Skinner read an interesting story on "Mrs. Brown Gets a Telegram". Janet Skinner presided over business period and the minutes of the last meeting were read and approved.

**DARRYL F. ZANUCK PRESENTS BEST-SELLER WITH IRENE DUNNE, REX HARRISON AND LINDA DARNELL IN TOP STARRING ROLES**

With "Anna and the King of Siam" which opens today at the Prince Edward Theatre, Darryl F. Zanuck has once again brought to the screen an outstanding triumph of motion picture entertainment. The 20th Century-Fox filmation best-seller starring Irene Dunne, Rex Harrison and Linda Darnell, achieves peaks of splendor, drama and romantic excitement seldom equalled on the screen.

Here, indeed, was a story to conjure with. And Zanuck, Director John D. Cromwell and Producer Louis D. Lighton, along with their superlative cast, have succeeded in capturing and enhancing all of its sweep and grandeur, its brilliantly rich and exciting flavor.

"Anna and the King of Siam" unfolds the adventures of an English woman who was called by the fabulous King Hongkai to strange and exotic Siam in the 1860's to serve as a teacher to his hundreds of harem wives and their children. The shocking, almost medieval barbarism that ran parallel to the age-old culture and beauty of the land, and the imperiously harsh yet moody and temperamental King Hongkai himself could not help but have a profound impact on the frail and sensitive Anna.

How, with the wonder of her Western beauty and the flame of her courage, she braved this strange world and won a triumph more exciting than any woman would dare dream, makes for a thrilling and unforgettable motion picture.

This policy has made us leaders in quality Packaged Chocolates, and you, who buy our Chocolates, have every right to expect of Ganong's nothing but the purest and best... "The Finest in the Land."
