BABY'S FUTURE
Something for Mothers to Think About

Lives of Suffering and Sorrow Averted

And Happiness and Prosperity Assured by

Cuticura Soap, Ointment and Pills When All Else Fails.

Every child born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp and blood, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence, it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment.

Warm baths with Cuticura Soap, to cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal, and mild doses of Cuticura Resolvent, to cool the blood in the severer cases, are all that can be desired for the speedy relief and permanent cure of skin-tormented infants and children, and the comfort of worn-out parents.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, scalp, hair and hands, for annoying irritations and weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves.

Cuticura Resolvent, liquid and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Depot: London, 27 Charterhouse Sq.; Paris, 2 Rue de la Paix; Australia, R. Towns & Co., Sydney; Boston, 127 Columbus Ave.; Foster Drug & Chemical Corp., Sole Proprietors, New York.

Send for "How to Cure Baby Humors."

ODDITIES IN PET NAMES.

Cat and Pig Are the Terms Coveted by French Women.

"If a man in this country calls his wife a cat the foundation is laid for a divorce suit," said the man who travels. "But a French woman takes the same word as a term of endearment. It's odd how the choicest phrases in the vocabulary of affection of one people are used for quite an opposite purpose by another nation. One of the most familiar and most coveted phrases of endearment among the French, for instance, is 'my little pig,' and 'my little puppy dog' is also well liked.

"But if the Frenchman were to call Mme. Narcisse 'duck,' as an American husband might lovingly call his better half, she would be very much offended. One of the oddest pet names that I ever heard of was that used by a famous German general, who always called his wife 'my little kernel of coffee.' They were divorced at last, however, and a cynic said that the general's pet name should have been 'my dear little stack of bayonets,' for the lady was said to have had a very sharp tongue. I know a devoted disciple of Walton, who, when writing to his wife while on a fishing expedition, calls her 'my dear little speckled trout.'"

ALL who patronize Palma are aiding a student of human nature who has thrown the courage of his convictions into a fight with narrow-mindedness which seems well nigh suicidal. He is a gentleman in the prime of life, a thorough master of the occult sciences and has had a college education. There need be no delusion in interviewing him, his patrons and staunchest supporters are to be found principally amongst Canada's best and most knowing people. To neglect having a hand or head reading by him while on the Island is an oversight for which one will not easily forgive himself.

Why Razors Get Tired.

"Do you know why we dip a razor in warm water before we begin shaving, and do you know why some ignorant men say a razor is 'tired'?" asked the barber. "Well, this is all due to the fact that a razor is a saw, not a knife, and it works like a saw, not like a knife. Examined under the microscope its edge, that looks so smooth to the naked eye, is seen to have innumerable and fine saw teeth. When these teeth get clogged with dirt all the honing and strapping in the world will do no good—the razor is dull and nothing will sharpen it. Then is the time the ignorant say it is 'tired' and stop using it, but the wise know it is only clogged.

"The wise, though, don't suffer their razors to get clogged. They dip them in warm water before they use them, and thus the teeth are kept clean. It is because a razor is a saw that lather doesn't soften the beard, as so many people think. It stiffens it, so that it will present a firm and resisting surface to the razor."

One Oculist's Advice.

"So you have been trying to doctor your own eyes," remarked the oculist, as the patient removed the bandage, displaying an aggravated case of conjunctivitis. "In many cases you can cure yourself, but if you don't know what treatments to avoid you are liable to do yourself injury. Old household remedies are all right in their place, but I would advise you not to use tea leaves. They often give relief, but they bring on other complications. In fact, the 'tea leaf eye' is well known to the profession. The lid is puffy, flabby and lifeless. If you wish to reduce the inflammation in your eyes use hot water with a cloth. That is enough. Yes; you may add salt if you wish, but it is not necessary in most cases. Salt is merely an antiseptic and has no other virtue for eye affections."

Dr. Chase's Ointment

To prove to you that Dr. Chase's Ointment is a certain and absolute cure for each and every form of itching, bleeding and protruding piles, the manufacturers have guaranteed it.
