REV. MR. McNEILL'S DISMISSAL.

We have now the government organ's excuses for the summary dismissal of Rev. D. McNeill from the Education Office. It is quite brief and we repeat it here. The Patriot says:

Mr Ewen Stewart McPhail, teacher at Hampton, has been appointed clerk in the Department of Education in place of the Rev. D. McNeill. The latter has been a faithful official for several years and it is regretted that in view of certain changes in this department, the Government has been obliged to dispense with Mr. McNeill's services in order to place a younger and more active man in the position. No doubt the public will see the necessity for the change.

This is no doubt intended to put the best possible face upon a transaction which many fairminded people view with great disfavor. Mark the belittling of Mr. McNeill's term of work by the Patriot. He has been "a faithful official for several years!" Rev. Mr. McNeill has unquestionably been a faithful official as the government organ is forced to confess, and not for "several years" merely, but for more than a quarter of a century.

Surely it was due to a faithful official of twenty-six years' against whom no fault had been charged, that the matter should have been talked over with him, and the necessity of a change, if such existed, should have been pointed out to him in a friendly way. The manner in which the change was made is inconsistent with the construction put upon it by the Patriot.

So far as we can learn there was no complaint from the head of the department, nor from the teachers, over 200 of whom on the last quarterly pay day received their checks from Mr. McNeill. Nor is it claimed that there was "a petition" to the Premier signed by a number of respectable but invisible names, calling for his dismissal. On the face of the transaction it simply appears that Mr. McNeill's place was wanted for another, and this is demonstrated by the fact that the other was appointed even before Mr. McNeill was removed.

The Patriot says that a younger and more active man was needed in the position. If the Patriot and Mr. Farquharson will apply the same rule to the provincial government, they can perhaps find there men quite as old, and less active and competent than Mr. McNeill. Would the Patriot recommend that they shall be dismissed, without further warning than to have the names of their successors suddenly thrust before them?

We cannot escape the conviction that Rev. Mr. McNeill has been treated with harshness and cruelty as to the manner of his dismissal, and that needless indignity and hardship have been laid upon one who by faithful service in the Gospel ministry and by long and energetic toil in the Education Office had deserved the consideration and respect of the entire Province. He was at least entitled to a much longer notice, or a gratuity, or both, even if his removal had been necessary in the public interest.

And now it is stated by the Liberal organ that no appointment has yet been made to the Queen's county Judgeship, and that "the matter will be fully and earnestly considered." It may be that the remonstrances which have been pouring in upon Sir Louis Davies during the past few days have caused a reconsideration of matters that were thought to be agreed upon last week.

The amendments to the Liquor Regulation Act have been in force since the Amending Act was assented to by the Lieutenant Governor on May 19th, Six o'clock in the afternoons of Saturdays and seven o'clock on market days are the hours named for closing the saloons. There is also the penalty of two to five dollars for treating, and persons purchasing liquor from druggists will require to have the certificate of a registered physician as their warrant. And yet things seem to be going on much in the old way. Where is the Inspector?

The inconvenience of the vacancy in the Queen's County judgeship was felt by a judgment debtor yesterday afternoon. He was taken by the Sheriff on what is known as a jailable execution and paid the amount rather than go to jail, awaiting the appointment of a judge, before whom he could take advantage of any irregularity in the document, or "swear out." The creditor, however, gets his money.

THE GUARDIAN has received from Hon. Donald Farquharson a long letter in defence of his course in regard to the liquor legislation enacted during the recent session. We shall gladly publish it in full, and only regret that by reason of its length we are compelled to hold it over until Monday. We are quite sure that our readers will peruse with interest what the Premier has to say.

"Rum did it" in Dawson, as rum is doing bad work everywhere and at all times. Twice Dawson City has had destructive fires within a few months and in both cases the cause was the upsetting of a lamp in one of the low groggeries of the town. The latest fire destroyed 111 buildings large and small along the centre of the river front, right in the heart of the city. The loss, variously estimated at from one to two millions of dollars, is the more severely felt from the fact that no insurance was carried. The insurance companies appear to have prudently avoided taking risks in Dawson.

THE GUARDIAN is pleased to learn by a letter of Mr. F. L. Haszard in the Patriot that he is "authorised to state that if the (public library) matter is taken up and pushed forward at once, the sum of $1000 will be donated by one of our large-hearted citizens, and will be paid over as soon as a Board of Trustees is legally constituted." This is indeed a generous proposal, and ought to infuse new life into the library movement. We do not know the name of the citizen making this splendid offer, but we feel sure that every intelligent and public spirited member of the community will honor and approve his disinterested motives in this matter.

INCALCULABLE GOOD,

AN EXPRESSION OF FAITH.

Dr. Ward's Blood and Nerve Pills have done me an incalculable amount of good. I think they are the best, surest and quickest acting cure for nervousness, unhealthy action of the heart, insomnia or sleeplessness, anemia or impoverished blood, loss of appetite, general debility and ill-health. For nine years, before I commenced taking Dr. Ward's Blood and nerve Pills, my heart was weak and in an unhealthy state. Its action was so much impaired that I could not walk across the street without suffering great distress, my heart fluttering and beating so rapidly that I could scarcely breathe, causing faintness, loss of strength, and leaving my nerves all unstrung. My sleep was very much disturbed. I had no appetite and there was little strength or vitality in my blood; I was always excessively nervous.

I have now taken three boxes of Dr. Ward's Blood and Nerve Pills and since taking them I have not been away from my business an hour. Before taking these pills it was a frequent occurrence for me to be away from business. As a result of taking Dr. Ward's Pills my heart is perfectly healthy and strong and gives me no distress or trouble whatever. They removed all nerve trouble, made my nerves strong and gave me healthy sleep. These pills also made my blood rich and strong and gave me a healthy appetite. Dr. Ward's Pills have given me perfect health, restoring my lost strength, in place of continual ill-health, weakness, heart trouble and nervousness. In justice I cannot speak too highly of this wonderful medicine. Signed, Miss N. Millward, Walton St., Port Hope, Ont.

Dr. Ward's Blood and Nerve Pills are sold at 50c. per box, 5 boxes for $2.00 at druggists, or mailed on receipt of price by THE DOCTOR WARD CO. Limited, 71 Victoria Street, Toronto. Book of information free.
