TRAIN SERVICE WEST

There is much to be desired in the way of improvement in the train service between Charlottetown and Summerside.

This would be fairly satisfactory if the arrival in this city were made on time, which is very seldom the case.

At present the Cape Traverse train leaves the Cape entirely too early for convenience. It ought not to leave earlier than 8 or 8.15 a. m. arriving at Emerald Junction in time to make connection with the mail express for Summerside.

This is the only service that can ever be made reasonably satisfactory without increasing the number of trains.

It ought to be added that unless a change is promptly made the increasing fall freights will hereafter almost inevitably cause further and longer delays in the arrival of Number 4 train in this city.

years are prohibiting the dropping of bombs and explosives from the clouds upon ships and fortresses below.

At this writing there is doubt whether either Hon. Dr. Pugsley or Hon. Mr. Graham will be opposed in seeking reelection in St. John or Brookville.

Modesty forbids that we should do more than express our gratitude for the length and apparent fervor of Dr. McNeill's latest tribute to The Guardian.

Men Require Nerve and Blood Tonic

The daily grind of life burns up a man's vitality faster than he renews it. He gets shaky, nervous, irritable, loses in his sleep, is ready to drop the handle any minute.

A correspondent in King's County refers to the school-houses being kept closed from Friday evening till Monday morning, thus preventing the free circulation of air, and shutting out the health-giving and disinfesting sunlight.

From the photograph of the wreck of the Quebec bridge and the fuller information now to hand, it appears that nearly one third of the entire length of the superstructure had been erected, and that this is now a total wreck.
