It pays to buy in this Province.

D. McLean, Crapaud, was in the city yesterday.

Joseph McRory, Mt Stewart, was in the city yesterday.

Geo R. Montgomery, Montague, was among those registered at the Victoria yesterday.

Harry Burke and Peter Gillis, City, were among the passengers outward on the eastern train yesterday afternoon.

Miss Lilla Trowsdale, Crapaud, who has been visiting friends in Charlottetown, returned home Saturday.

Mrs John McLean, City, who is undergoing treatment in the P. E. I. Hospital was reported as just about the same yesterday.

The February number of the Busy Egg Magazine contains an article written by Edna K. Wooley for the Cleveland News, entitled Prince Edward Island, Arcadia as seen by an American visitor.

The land on which the present warehouse known as "Auld's" is built, owned by Dr. S. R. Jenkins, will remain vacant for the present at least, after the building, purchased by R. C. Goff, is torn down.

Lou W. Pearson and R. J. Pearson, City, have returned from a month's visit to New York and Boston. Lou's many friends will be pleased to hear that he was successfully fitted with artificial limbs while in New York.

E. H. McEachern, City, representative of Frances Drake & Co., New Glasgow, N. S., left on the afternoon train to Georgetown yesterday en route to Pictou. He is on a two week's business trip to the North Shore of New Brunswick.

A memorial Brass in memory of the late Robert Hogg, Appraiser of H. M. Customs has been placed in St. Peter's Cathedral, of which church he was a member. It bears the inscription "In loving memory of Robert Hogg, 1842-1911. Jesus Mercy."

Rev. Edwin and Mrs. Smith and family were recently given a grand reception by the congregation of Chipman, N. B., at the Chipman House. Representatives of all denominations, Presbyterians, Baptists, Methodists, Episcopalians and Roman Catholics came forward to meet and welcome Mr and Mrs Smith to the church and town, making the reception really a civic one.

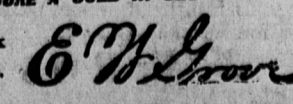

The Women's Auxiliary of St. Paul's Church have always had an enviable reputation for the excellence of their teas. The tea held by that society in the schoolroom last evening was fully up to the usual high standard and the patronage accorded the beautifully filled tables must certainly have been encouraging to the ladies whose efforts were well rewarded. The sale of home made candy added materially to the receipts of the evening.

The installation of officers in Courts Avondale, Mount Stephen and Companion Court Brighton, of the Independent Order of Foresters, took place last evening in Castle Hall. After the impressive service of inducting the officers, which was presided over by the High Chief Ranger, Rev. E. J. Rattee, a number of addresses on various phases of Forestry and its work were delivered by J. F. Wheeler, Rev. Mr. Rattee, J. E. B. McCready, Horatio Nelson and others now holding, or who have held positions in the order. A reading by G. W. McPhee, M. L. A., who is High Secretary for Prince Edward Island, was much enjoyed. The addresses were most assuring as to the steady growth, the present financial status of the order and its bright outlook for the future.

The following is taken from a Cambridge, Mass., paper.—The funeral of Edward Kinsman, aged 64, well known in the leather trade in Brockton, who died at his home, 38 Austin St., Cambridge, Mass., Sunday, will be held tomorrow afternoon at 2 o'clock. ## SUBJECTS FOR IMPERIAL CONFERENCE

LONDON, Feb. 18.—The government has issued the correspondence with overseas dominions setting out the subjects for discussion at the Imperial Conference.

New Zealand suggests an imperial council with representatives from all parts of the empire, a secretary of imperial affairs instead of colonial secretary, separate departments for the dominions and crown colonies, high commissioners raised to the status of ambassadors.

South Africa proposes self-governing dominions, matters to be placed directly under the premier.

Australia raises the question of the declaration of London, regretting that the colonies were not consulted, opposing the provisions affecting food supply and destruction of neutral vessels.

Mr. Harcourt, colonial secretary, hopes the conference will meet fifteen times between May 22 and the coronation on June 22nd.

The all-red route and state cable with a line across Canada are also subjects for discussion.

Newfoundland proposes a line of steamers subsidized by Great Britain, Canada and Newfoundland to link up the three.

Another topic is an imperial court of appeal, New Zealand and Australia suggesting overseas representation in it.

The cabinet raises the British Indian issue, labor exchange, uniform design for stamps, expulsion of undesirable aliens.

Canada has no special proposals, but would welcome suggestions as to uniform naturalization law.

The Chronicle, commenting on the absence of Canadian proposals for the conference program, says Canada is well pleased with the empire as it finds it.

The Times says there are good reasons for this cautious attitude. Canada is extremely busy with her own affairs. The country is developing more rapidly than the most sanguine dared to hope a few years ago. All omens being propitious, it naturally produces a comparative lack of interest in external imperial affairs.

Prince Albert Christian, Duke of Cornwall, born June 23rd, 1894. It has been arranged that his investiture as Prince of Wales, should be the occasion of the revival of an ancient Welsh ceremony to take place at Carnarvon Castle in July, 1911.

At the Duke's left is the Duchess of Cornwall and at his right their daughter Princess Patricia, while their son, Prince Arthur, stands in the rear. The Duke who has been appointed Governor-General of Canada will arrive at Ottawa in September. His Royal Highness is an uncle of King George.

## SPORTING NEWS FROM ABROAD

HALIFAX, N. S., Feb. 19.—The visit of the Canadiens to Halifax this week promises to be a great event in sporting circles in the maritime provinces. The famous hockey team will arrive here Thursday and play two games. The first will be on Thursday night when they will meet the Halifax professionals, and the second on Friday night when they line up against a team picked from the maritime professional league.

MONCTON, Feb. 19.—The first game in the post series in the professional hockey league between Halifax and Moncton for the Starr trophy, will be played here tomorrow night. Four games are to be played, two in Moncton and two in Halifax, a majority of the goals in the four games to decide the winner of the trophy. The teams will be the same as played in the last game here.

QUEBEC, Feb. 19.—Quebec failed to interrupt Ottawa's chain of victories on Saturday night, the visitors winning by a score of 7 to 2.

MONTREAL, Feb. 18.—After a stubbornly fought game, in which Renfrew often looked like winner, and were always dangerous contenders, the Wanderers, with one of the garrison finishes for which they have shown few samples of late, won their third scheduled game with the Renfrew seven at the Arena Saturday night, the going finding them the winners by 6 goals to 4.

## STRIKE THREATENED ON G. N. TELEGRAPH

TORONTO, Feb. 18.—For the third time in seven years as the Great Northwestern Telegraph Company threatened with a strike of its operators. From the present temper of the men and the uncompromising attitude assumed by the company there seems little doubt that the trouble will at least reach an appeal for the appointment of a board of conciliation, under the provisions of the Lemieux Act.

International President S. J. Konecamp of the Commercial Telegraphers Unions of America arrived in the city yesterday to take charge of the situation. While there was no question of union recognition in the dispute, the union would render the committee appointed by the men supporting in their fight for a reasonable salary schedule.

While the trouble has come to a head in Toronto, three dismissals following the presentation of a new schedule, he said that the entire staff of operators from Winnipeg to the Atlantic Coast would be affected by any action that might be taken.

Twenty-five men have been discharged by the Great Northwestern Telegraph Co. since January 1, as a result of a campaign among the telegraphers of that company, which had for its object higher wages. Telegraphers' wages it is said, have not generally kept pace with the times, and the minimum salary remains at \$25 a month with a maximum of \$70 with the G. N. W., the same as ten years ago. The men sought to obtain relief first by petitions and finally by organization.

A new schedule of wages asking for a minimum salary of \$30 a month was presented to the management on February 2 by a committee holding authority from the majority of the employees, and the committee asked for a conference. The company re-

## REJUVENATING AN OLD HOUSE BY USING RADIUM

LONDON, Feb. 20.—The Paris correspondent of the Daily Mail visited Prof. Gabriel Petit, who declared that radium injected into the arteries of a very old horse had extraordinary rejuvenating effects, and has seen the horse in question. His declaration has caused a sensation.

Prof. Petit declared that while it was too early for him to give any detailed explanation, about his experiments with the object of finding an efficacious radio active serum, he was nevertheless greatly encouraged by the results he had obtained. The now celebrated horse, the professor said, had been chosen for experiment as being bigger and easier to observe than a rabbit. It was shown to the correspondent in a comfortable stable at the National Veterinary school where Prof. Petit lectures.

"I do not expect to see a fiery war horse snorting with high spirits," Prof. Petit said. "Our horse is very far from that, and you will appreciate its value when I tell you he only cost 8 pounds, (\$40)."

The correspondent says he found the animal to be a middle-sized horse with a shaggy coat and a furrow in the neck, where the injections had been made. Teeth and eyes bore the marks of great age but the horse seemed in remarkable good condition. It was worn out when it arrived at the school 18 months ago. Before the injections it weighed 725 pounds and for weeks after the operation turned the scale at 801 pounds.

Prof. Petit was, however, loath to give figures, as he is not clear how much of the increase in weight is due to the radium.

FLORENCE, Colo., Feb. 19.—Mrs. Frances Esper, 108 years of age, said to be the oldest woman in Colorado, died in the arms of her 111-year-old husband on Wednesday night from burns received when her clothing caught fire from an open grate.

Mr. and Mrs. Esper had been married 91 years.

## BORN

INNIS—In this city, on Feb. 6, 1911, to Robert and Mrs. Innes, a daughter.

HENDERSON—At Regina, Sask., December 17, 1910, to Robert and Mrs. Henderson, a daughter. (Mrs. Henderson was formerly Margaret Irwin of this city.)

While nearly all the telegraphers involved are members of the Commercial Telegraphers' Union, the question of recognition of the union is not a part of the schedule, which is patterned after the employees agreement in effect with C. P. R., and with the various railroads of Canada. The C. P. R. at the present time pays from 15 to 20 per cent. higher wages than the G. N. W.

## A WOMAN'S BACK.

Not One Woman In Twenty Has a Stong Back.

The kidneys are to blame nine times out of ten.

When the blood isn't properly filtered the poisons that ought to be carried off by the kidneys are sent back through the system, and it's hardly to be wondered that backaches and lame backs come to make life miserable.

Doan's Kidney Pills are a specific for all kidney troubles. They begin by expelling all the poisonous matter from the kidneys, and then heal the delicate membranes and make their action regular and natural.

Mrs. A. H. Hutton, Jr., McCreary, Man., writes:—"Two years ago last spring I had a very severe pain in the small of my back. When I would rise it seemed as if my back would break. My kidneys were very badly out of order, and I would have to get up three or four times during the night. I took one box of Doan's Kidney Pills and they effected a cure."

Doan's Kidney Pills are 50 cents per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

**Eczema on Leg for 25 Years**

I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said, "try them if you like but I do not think they will do any good." At this time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches. I bought a cake of Cuticura Soap and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought. It has many grandchildren and they are frequent users of Cuticura and I always recommend it most highly as a sure and economical cure for skin troubles. (Signed) Mrs. J. B. Renaud, 277, Montana St., Montreal.
