To be Honest with

your Family you Should Insure Your Life.

As long as a man is uninsured, he is an isolated, helpless, precarious creature. When he is insured he becomes a link in the chain that is moored to the pillar of fate.

Great West Life rates are the lowest, and Dividends to policy-holders highest.

July 1st REINVESTMENTS

Investors having Bonds maturing or interest and dividends payments available for reinvestment, should have regard to the following: SAFETY is the first and principal requirement. YIELD is a very important consideration. A much better yield than Bank interest can be had with absolute safety of principal. DESIRABILITY Interest paid the exact day it matures upon presentation of coupons at our office, and a ready market at any time the principal is required, make this form of investment much more desirable than mortgages. A complete selection of high grade securities to meet different requirements and the aid of well informed investment brokers are essential. A complete printed list of investments fulfilling the above requirements, can be had with full information from
