The HIGH HAND

A drama of adventurous days in the old West—the gambler, the daring outlaws, fearless women, the men who fought nobly and saved the nation.

Central Guardian

CHRISTMAS GIFTS GALORE at Trinity Bazaar this afternoon. 9884.

PATRONIZE HOME COOKING Table Trinity Sale—Puddings, Chickens, Cakes and Pastry. 9884.

TRANSFERRED—Mr. H. C. Alkinson has arrived from Sydney, N. S., being transferred from the Eaton Groceries branch of that city to the branch in Charlottetown. He is a native of Amherst, N. S.

TAKES NEW PASTORATE—Rev. A. A. McLeod, pastor of the Baptist Church at Centreville, N. B., and formerly of Prince Edward Island, has tendered his resignation and has accepted a pastorate in Nova Scotia. His last services at Centreville will be on Dec. 2.

FUNERAL YESTERDAY—The funeral of the late James K. McGee, which was largely attended, was held yesterday morning from his late residence, 242 Dorchester Street to St. Dunstan's Basilica, where a Requiem High Mass was celebrated by Rev. J. Sullivan. The pall bearers were Messrs. Frank Power, James Power, Reg. Flannigan, J. Vickerson, Alfred Martin and Robert Montleth. Service at the grave was conducted by Rev. P. McMahon, D. D.

DELIGHTFUL TRIP ABROAD—Miss Elaine Beales is being welcomed home by her numerous friends in Charlottetown after a delightful trip to Europe where she visited the British Isles and France. She had as her travelling companions the Misses Ruth and Jean Miller. The party left Charlottetown on August 26th, sailing from Quebec on the 28th on the "Duchess of Bedford." During their trip abroad they met on the streets of Edinburgh Dr. John Howie of Montreal, and his bride, Miss Jean Henderson of Charlottetown, who are on their honeymoon trip. Later on they also had the unexpected pleasure of meeting them in one of the opera houses in Paris. Mrs. Howie was the only Islander they saw during their trip.

CHRISTMAS MAIL—Persons who are desirous of mailing Christmas parcels to friends in foreign countries should see that the matter is attended to without delay. There are always Customs formalities to be complied with in connection with Parcel Post packages, so that to insure delivery prior to Christmas, parcels for all countries in the Trans-Pacific should be mailed at once. Parcels going to countries in South America should be mailed not later than the 26th and parcels for Great Britain and European Countries should be mailed to connect with the Steamer Duchess of Athol from Saint John on December 6th. Mail your parcels in time.

SLIGHT BLAZE—Last evening shortly after 5 o'clock, a slight blaze was discovered in a box of excoletor on the second floor of P. J. McDonald's store. Mr. McDonald with the help of his clerks, extinguished the blaze and carried the burning box outside before the firemen arrived. The origin of the fire is a mystery as nobody is allowed to smoke cigarettes on that floor, and there is no possibility of a fire from a short circuit in that section of the building. The fire was discovered by "Whacker" McEachern who saw the glow of the fire from where he was working across the street from Mr. McDonald's store. Had the blaze remained undiscovered for five minutes more it is probable that Charlottetown would have had another serious fire.

NORTH RIVER WOMEN'S INSTITUTE—The annual meeting of the North River Women's Institute met at the home of the President, Mrs. A. H. Ladner on Wednesday evening, November 6th. The meeting opened by reading the creed. Minutes of last month were read and adopted. Reports for the year were then given, showing the amount of \$347.88 raised. Of this sum \$40.00 grant, together with \$156.00 was raised in this Institute for the Sanatorium fund. The remainder of the funds were used for community welfare. The following officers were elected for the ensuing year. President, Mrs. A. H. Ladner, (re-elected); Vice President, Mrs. John MacKinnon; Secretary Treasurer, Mrs. Wm. MacKinnon; (Directors) Mrs. Spurgeon Warren, Mrs. Gordon Thompson, Mrs. John Moreside; Auditors, Mrs. Russel Wheatley, (re-elected); Miss Grace Thompson. The Institute regrets very much the departure of Mrs. John Wheatley, her daughter Miss Rita, who are removing to Charlottetown where they intend in future to reside. At the close of meeting refreshments were served and a social hour spent. The next meeting will be held at the home of Mrs. Jack Moreside on December 4th. Roll call to be answered by paying dues.

Larger water power plants are being constructed in Spain.

DR. H. D. JOHNSON'S office will be closed until December third. 9853-31

Y. M. C. A. RUMMAGE SALE Friday, November 22nd at 10 o'clock sharp. 9901-21

ENJOYABLE BRIDGE—Alpha Rebekah Lodge No. 10, I.O.O.F., held a very enjoyable bridge and auction party in the new I.O.O.F. hall Tuesday evening. Thirty-two tables were in play and splendid prizes were given. The winners in bridge were: 1st ladies, Mrs. Frank Hobbs, 2nd, Mrs. Rankine McLaine; 1st gentlemen, Mr. Ebers, 2nd, Mr. W. A. Ris; Auction Forty-Fives, 1st, ladies, Mrs. D. Morrison, 2nd, Miss Addie McLeod; 1st gentleman, Mr. Philip Howatt; 2nd, Nelson Winchester. Dainty refreshments were served at the close of play and all agreed it was one of the nicest parties of the season.

PERSONALS

Mr. Walter Trainor, formerly of Kelly's Cross, has arrived from Edmonton on a visit to friends in this city. He leaves on return the latter part of the week visiting New York en route.

Miss Mamie Macintosh, Long River, was visiting friends in Spring River, the guest of Mr. and Mrs. John Gillispie, where she spent a very pleasant week.

JAPAN WONDERFUL MANUFACTURING COUNTRY

VICTORIA, B. C., Nov. 19—(By the Canadian Press)—Old fashioned sales methods cannot be used with any more hope of success in Japan than in Canada, according to Richard F. Warner, head of a New York trading firm, who passed through here a few days ago on his way home from the Far East. He believes that Japan may no longer be considered a good market for manufactured goods.

"There is nothing that can be manufactured by the foreigner that cannot now be duplicated in Japan," said Mr. Warner. "Canadian and American manufacturers must be prepared to co-operate with the Japanese manufacturer by transferring business and manufacturing organization, plants, patents and executives to Japan with the object of turning out the finished product in that country."

Mr. Warner, who has had twenty years of experience in trading with Japan, says that country is changing its attitude towards co-operation with the foreigner relative to industrial development.

"Japan," he said, "has been going ahead very fast during the past fifteen years, and has arrived at the point where she needs foreign co-operation in perfecting her manufacturing organization, but she is now determined to overcome the drawback."

"There is no better workman in the world than the Japanese. It is the organization that has been faulty."

"I don't believe that Japan will ever again be a worth-while market for manufactured articles," said Mr. Warner. "But Japan has no raw materials and needs them badly."

IN TIMES OF PEACE PREPARE FOR WAR

SYDNEY, Australia, Nov. 19—(By the Canadian Press)—A strong plea for preparedness in the southern Dominions was made by Lord Stonehaven, governor-general of Australia, in a recent speech here.

"We are living at a time when war, and war on a scale such as the world has never before seen, is a recent memory; and, as has always happened in the world's history at such a time, men and women are centering all their efforts on devising some sort of machinery for preventing quarrels between nations degenerating ever again into armed conflict," Lord Stonehaven said. "In the past, the machinery devised under such auspices has been successful for varying periods of time."

"No man who has been through war can help doing his utmost to prevent his children and his neighbor's children from going through it, but it would be a sad thing if the youth of the country decided that it was absolved from the obligation that its forebears had been under to qualify themselves to defend their country if war did break out, however efficient the arrangements for preventing war might seem to be."

"I want you to remember what I have said, that it is not easy in a young and democratic community, engaged in developing its resources, to persuade young men that war is not a thing of the past; that mankind does not change and that even while we are taking steps to make war unlikely, nobody but a fool refrains from insuring valuable property."

IN MEMORIAM

MR. EDWARD RYAN

Word has been received in the city of the death in Calgary at an early hour yesterday morning of Edward Ryan, a prominent lawyer of that city.

The deceased studied law with Mr. J. J. Johnston, K. C., of this city and after successfully passing his examinations opened an office in Georgetown where he resided for some time.

The late Edward Ryan who was born at Mount Ryan is survived by two brothers, Father Ryan of St. Paul Minneapolis, and Mathias, on the homestead and one sister, Sister Saint, Dunstan de St. Idaho.

Many in this city will kindly remember the deceased who was of a genial and kindly disposition and who while residing in this city was constantly on the amateur programmes where his elocution, particularly of a humorous nature was always greatly enjoyed.

DIPHTHERIA CONQUERED BY MEDICAL SCIENCE

VANCOUVER, B. C., Nov. 19—(By the Canadian Press)—Apparently diphtheria has been conquered where advantage is taken of present day medical knowledge, it was revealed at a meeting of a commission which is engaged in making a survey of hospital accommodation and requirements here.

"Many Canadian cities have completely eliminated diphtheria by the use of prophylaxis," it was stated. Surprise was expressed that many cases of the disease were found here. Proper use of prophylaxis here would mean at least one floor of the infectious ward could be closed, the commissioners said.

"Diphtheria is the most serious disease a child can have, particularly from the point of view of after-effects, and the preventative, which is quite painless, may be administered at from twelve to fifteen months of age," it was stated.

"It means the elimination of death rate from diphtheria," declared Dr. M. T. MacEachern, former superintendent of the Vancouver General Hospital and now directing the hospital standardization movement in the United States.

Dr. William H. Walsh, hospital consultant of Chicago, maintained that it was up to the medical profession to tell the public of the value of this toxoid.

"Of course, there are always people of belligerent ideas, and if they will not conform, the law should step in for the protection of the majority," Dr. Walsh stated. "The whole theory of organized society is that one must conform to regulations designed for the good of the community."

Dr. A. K. Haywood, superintendent of the Montreal General Hospital is a member of the commission.

IRISHTOWN SCHOOL

The following is the report of Irishtown School for month of October:

Grade X—1, Alma Campbell; 2, Glenn Campbell.

Grade VIII—1, Ruby Cousins and Norma Davison (equal); 2, Jean Campbell; 3, Evelyn MacLeod.

Grade VII—1, Gladys Proffitt; 2, Edith Campbell; 3, Harold MacLeod.

Grade VI—1, Arthur Campbell; 2, Lillian Ready.

Grade V—1, Helen Campbell; 2, Arthur Proffitt; 3, Jessie Ready.

Grade IV—1, Anna Warren.

Grade III—1, Keith Warren.

Grade II—1, Marjorie Warren; 2, Henry Ready.

Grade I (Sr.)—1, Janie Mann; 2, Margaret Proffitt.

Grade I (Jr.)—1, Louise MacLeod.

Perfect Attendance—Norma Davison.

FEMINISM MODERATE IN ONTARIO

QUEBEC, Que., Nov. 20—"Le Soleil," says editorially, anent the Ontario election in which were eight women candidates: "It is well known the women in Ontario have the right to vote and it is but natural to expect that they would at least elect one of their number to the Legislature. They have done nothing of the kind, but have preferred to vote for the men. It may be concluded from this, that feminism in Ontario is not 'advanced' as it had been believed. There is, as between the province of Ontario and the province of Quebec, only a difference in degree from the feminist point of view. In Ontario the right to vote has been conceded to the women who, apparently, do not care to take advantage of it to elect one of their own to the local parliament. In Quebec we have justly refused the women the right to vote because in the majority the women themselves do not desire to exercise the right. In the end, it comes to the same thing, only Quebec is more logical. Our province is not given to useless movements."

S' Side Wedding Largely Attended

The marriage of Miss Ethel Schurman, daughter of Mr. and Mrs. F. Schurman, of Summerside, to Mr. Edwin Estey, son of Mr. and Mrs. Charles Estey of Florenceville, N. B., was a brilliant event in the Central Street Christian Church, Summerside, Rev. Albert E. Smith officiating, at seven o'clock on Tuesday evening. The church, which had been tastefully decorated with ferns and cut flowers for the occasion, was filled to capacity with friends and well wishers of the bride and groom. The bridal party entered the church to the strains of the Wedding March, played by Mrs. Keith Rogers, organist of the Charlottetown Christian Church.

The bride, who was given in marriage by her father, wore a lovely evening dress of oyster white velvet, which was in princess style and hung in long graceful folds reaching to the floor at the back. Her veil was of white tulle, in cap effect, and was caught at the sides and back by dainty sprays of orange blossom. Her shoes were white crepe de chine. A lovely necklace of pure pearls adorned her throat and she carried a bouquet of beautiful sunset roses and maiden hair fern.

The bride was attended by Miss Mary McPhail, of Charlottetown, who was gowned in a dress of beige lace, wore a beautiful necklace of jade with green shoes and carried a bouquet of bronze chrysanthemums. The bride's mother was charmingly gowned in black lace with touches of black chiffon velvet and corsage bouquet of pink carnations. Mrs. Pearson, sister of the groom, wore a dress of cut velvet in shades of mahogany with a bouquet of bronze chrysanthemums.

Miss Nellie Estey, sister of the groom, looked charming in a dress of green crepe, wearing a corsage bouquet of pink carnations. The groom was supported by Mr. Charles Marshall of Truro, N. S. The ushers were Mr. Harold Schurman, brother of the bride, and Mr. Barry Tait, of Charlottetown. During the signing of the register Miss Barbara MacNeill, of Charlottetown, rendered very beautifully "O Promise Me."

After the ceremony a reception was held at the home of the bride's parents. The spacious reception rooms were charmingly arranged with white flowers, making a lovely setting. The color scheme in the dining room was yellow. Beautiful tall tapers and autumn flowers graced the centre of the table. Mrs. Creel-MacArthur and Mrs. Gordon Schurman presided over the tea and coffee cups, and the laces were cut by Miss Bertha Schurman. Those assisting in serving were the Misses Mona Saunders, Marlon Leard, Marlon MacArthur and Mrs. Reginald Pope.

The out of town guests were Mrs. Pearson, of Florenceville, N. B., and Miss Nellie Estey, of New York. Sisters of the groom; Mr. Gordon Yockey of Sackville, cousin of the groom; Mr. and Mrs. Charles Marshall, of Truro, N. S.; Miss Margaret Brown, of St. John, N. B.; Miss Helen Duchemin, Miss Dickson Matheson, Mrs. Keith Rogers, Miss Barbara McNeill and Mr. Walter Hyndman, all of Charlottetown.

For travelling the bride wore an ensemble of silk crepe de chine in one of the new shades of brown, with hat and shoes to match, and a necklace of stone marten fur. After the reception the happy young couple left amid showers of confetti and the best wishes of a host of friends, for New York, where they will make their home. S.

BRACKLEY SCHOOL

The following is the standing of the pupils for October:

Grade X—1, Allison Bryenton; 2, Wallace Mellett.

Grade IX—1, Erma Mellett.

Grade V—1, Marion Younker; 2, Ethel Bryenton and Ivan Bryenton (equal).

Grade II (a)—1, Edward Younker; 2, Eileen Rodd and Helen Carr (equal); 3, Emma Newell; 4, Wallace Stead.

Grade II (b)—1, Alton Newman.

Grade I (a)—1, Ena MacLeod; 2, Jean MacLeod.

Grade I (b)—1, Ralph Carr.

Perfect Attendance: Wallace Mellett, Ethel Bryenton, Ivan Bryenton and Edward Younker.

Maritimers Compete At Winter Fair

(Special to the Guardian)

TORONTO, Ont., Nov. 20—There is not a happier nor keener group of juvenile farmers to visit the Royal Winter Fair this year than that which reached here yesterday to compete in the annual contests for Dominion championship in Swine Judging and Cattle Judging conducted by the Canadian National Railways. Ten are from the Maritime Provinces. From all nine provinces they came 22 in all. Twelve are provincial champions in Swine Breeding in six provinces and ten are provincial champions in Cattle Judging in five provinces.

As a result of their prowess they

WOMEN MAKE GOOD SKYRIDERS

TORONTO, Ont., Nov. 20—The Telegram, in its weekly feature "With the flyers" takes up the question of women.—It was long ago agreed that women make good skyriders, that they like the clean thrill of flying, and their nerve is about as steady as a man's, but whether they will prove equal to a man as a pilot remains to be seen. They might, for once-upon-a-time men scoffed at the thought of women driving a car. Most men still declare that women are washouts as motorists. But there are lots of poor drivers amongst men and lots of very expert amongst women.

About the only place where women seem to be failing to make headway as Amelia Earhart complained recently is on the big ships. They are not obtaining the training necessary to vie with men on the established runs of the big transportation companies. Perhaps the males, if they are apprehensive of the march of women-of-wings, can take comfort out of that. It is not likely that women will ever fly as pilots of large passenger and freight carriers.

Air transport lines report a steadily increasing patronage among women the world over. Aircraft dealers are using women to promote air-mindedness among others of their sex. Twenty years from now women persuasiveness will have as tight a hold on the makers plans as they have now on the automobile designer and manufacturer. It is said that 25 percent of the passengers on the coast-to-coast run in the United States are women. California society flies to New York. From there to Miami and San Juan, almost half the passengers are women. Boston to New York, one-third are women.

So female domination of flying is already felt. Countless improvements in cabin machines and air-travel facilities are made through the transport companies desire to make them comfortable and attract them to the air. Mrs. F. H. Russell designed the interior of the huge Curtiss-Condor. Many T. A. T. machines have cabins designed by women. The air meal served on long flights is daintier than a man would ask. Magazines and writing paper provided are obviously for women passengers. Special accommodation has been made at all principal airports. There can be no doubt, judging by the trend of things, that the day is near when wives cease attempting to persuade husbands against the air. Generally, they might be said to be still attempting to influence man against flying, but they, too, are gradually being converted.

The only place in aviation which women can't enter fortunately or unfortunately, according to your point of view, are the army and navy flying schools, which up to now, at least, can be said to more or less lead in developing pilots. But every civil flying school in the world is glad to train women; countless women are learning to fly later, and even the Federation Aeronautique Internationale, the air-sports governing body of the world, has decided in Copenhagen to create a separate category for women flyers. So they are not only recognized as a factor, but one of ever growing importance.

Hawaii is preparing for the greatest influx of tourists that ever has had.

Ethiopia is developing its schools along American lines.

Albany And Vicinity

The November meeting of the Jubilee Institute met at the home of Mrs. Francis with thirteen members and two visitors present. Meeting opened by singing Ode and repeating Creed. Minutes of last meeting were read and approved. Report of different committees were heard and new ones appointed. Sick committee, Mrs. Buchanan, Mrs. Francis; School Committee, Mrs. K. Bassett, Mrs. Elliott Bell; Programme Committee, Mrs. G. W. Burns, Miss Margaret Affleck; Entertainment Committee, Mrs. Francis, Mrs. A. C. Green, Mrs. Curtis. A reading was given by Mrs. T. E. Noonan, "A Thangsgiving Rosary." A vote of thanks was moved by Mrs. W. P. Cameron, seconded by Mrs. T. E. Noonan, the Auctioneer and all who assisted in making the supper the success it was. Reading by Mrs. S. MacKay, "Preventive of Rickets." It was decided to have the school scrubbed. Reading by president, "The Wardens." The annual report was then given by Mrs. MacKay. The financial report by Mrs. G. Burns, which showed the Institute was in a flourishing condition. Election of officers: President, Mrs. S. M. MacKay; Sec'y Treasurer, Mrs. Ham Gamble; Directors, Mrs. James Johnson, Mrs. A. C. Green, Mrs. Wm. Buchanan; Auditors, Mrs. T. E. Noonan and Mrs. Keir Bassett. Then came a sing song, which was enjoyed by all. Convener of Canadian Industries, Mrs. Francis; Better schools, Mrs. Curtis; Agriculture, Mrs. Dawson; Emigration, Miss Affleck; Home economics, Mrs. A. Noonan; National events, Mrs. Bell; Legislature, Mrs. Burns. Mrs. A. Noonan, Mrs. T. E. Noonan and Miss Margaret Affleck were appointed to prepare the program for the next three months. Next meeting to be held at the home of Mrs. S. M. MacKay, roll call to be answered with "Christmas Hints." A hearty vote of thanks tendered the hostess for the use of her hospitable home brought a very enjoyable evening to a close.

Mr. and Mrs. Percy F. Allen were visitors to Summerside Saturday.

Miss Gladys Lowther, Searletown, was a visitor to Summerside Saturday.

Mr. Ernest Paynter, Bedeque, paid a business trip to Albany on Thursday.—H.

ONTARIO STONE WILL DECORATE NEW BUILDING

LONDON, Nov. 19—First cargo Bancroft marble, Niagara limestone and two blocks of Coeshill granite will leave Montreal today for incorporation in the Ontario Government's new London headquarters. The granite and limestone are for the front of the building, the marble for the stairs, paving and wall facings. Ontario pine, to be shipped later, will be used for panellings, dados, cornices and columns. These are Ontario's contribution to the fabric of the building, which in structure and equipment alike will be of all-Empire material.

The entire front of the old premises has been removed, laying the interior bare, and the adjoining building has been entirely demolished in readiness for the new foundations. Work is proceeding according to schedule. Mr. Noxon said today that architect, contractors and builders are working in perfect unison and there is every prospect of occupation by the agreed date. Meanwhile the work of the office is going on smoothly in temporary quarters.

Used by Doctors

Many Doctors recommend Minard's as the best Liniment made. They use it for many ills.

MINARD'S
"KING OF PAIN"
LINIMENT
