ADVERTISING IS BROAD.

Advertising in itself means publicity and publicity is a very broad and comprehensive term. It does not mean simply a word whispered to a favored few. It is, rather, synonymous with a general, broadcast declaration, and the broader the scope of the announcement, the better the advertising. No occupier of space that directs attention along given and desired lines can be reasonably regarded as wasteful; nor can any funds expended to this end be adjudged extravagant. —American Medical Journal

Big Stirring 10 Day's Sale
PREVIOUS TO STOCK-TAKING

Commencing this Friday morning, we will during the next 10 days give extraordinary bargains in all departments in the store.

In every department there are accumulations of broken goods and odds and ends, left over from a big years selling, which we would like to see cleared out before stock-taking, and we have marked the prices so low, as to ensure their going rapidly.

We have made extraordinary sales in our Mantle department this season, but on the few handsome ladies' jackets left over, we have marked the price down to actual cost, so here is a chance for a snap. We have some very desirable Misses' and Children's coats off which we are giving a discount of 1-3 also. All left-over millinery at a fraction of price.

We are giving big reductions in our Men's clothing department of certain lines. Come in and investigate. There are snaps in furs, dress goods, fancy goods, underwear, staples, etc.

In fact there are extraordinary opportunities for cash buying all over the store, which shrewd shoppers will not fail to take advantage of. We have prepared for and expect a big rush. So come early and get best choice.

M. TRAINOR & CO.
The Store That Saves Your Money.

THE PRICE OF A RANGE

is not only in the first cost. It comes in the fuel consumed every day in the year as long as the stove lasts and this far exceeds the original price.

Therefore a range that will save fuel every day in the year will be the cheapest in the end.

Economy in fuel is one of the strong points of the

Enterprise Monarch Steel Range.

The others are PERFECT OPERATION and DURABILITY. It will pay to investigate. Circulars with full particulars and references on application. Sold by the most reliable and progressive dealers everywhere.

THE STORY IN A NUT SHELL—DAINTY FROCKS.

Christmas and New Year's now over sewing-time will soon be here. Mothers are anxiously looking about for dainty frocks for little wash-dresses for their little girls. We have hundreds of pretty patterns in wash goods and materials for warm school dresses—the odds and ends of slow sellers. Many of these are the best short lengths from the best sellers of 1900 goods. Others are the old-timers slow sellers.—Some are anything but pretty others two high in price for ordinary trade—all are cut up in suitable lengths and at price cut in two. Jas Paton & Co. 1-10111.

The moving of the shift-key in machines that have that feature produces a lateral jarring motion that imperceptibly but surely robs the machine in all its parts. There is no shift-key in the Smith Premier, which is built for durability and speed. A. Milne Fraser, 197 Hollis St., Halifax, N. S. 1-29131.
