AN ANTI-GREEK MOVEMENT ON

SOFIA, Bulgaria, Aug. 17.—The anti-Greek movement in Roumelia, and especially in Bulgaria, is daily assuming greater proportions and threatens to become a serious danger to peace. The Bulgarian Government, it appears, will be forced to take exceptional measures to terminate the disturbances which are due to the anti-Greek feeling with which the entire population of the principality is imbued.

The cause of the anti-Greek feeling is the historical competition of Greece and Bulgaria for domination in the Balkans, which was recently reawakened and stimulated by their rivalry in Macedonia—rivalry which it is alleged has been artificially encouraged by the Turkish authorities—and particularly by the atrocities of the Greek bands. It is asserted that the patriarchal church at Constantinople has acted as an accomplice of these bands with the object of forcing the peaceful population of Bulgaria to join the patriarchal church and that the propaganda has been carried out in Bulgaria by the organs of the patriarchal church.

SECOND CALL FOR HELP.

The Northwest needs more workers to assist in gathering this season's wonderful harvest. From every section comes the cry for men. The thousands who have gone from the Maritime Provinces and from Upper Canada are now hard at work, and still the demand is for more. There is work for all who can go—work that will last well on to the New Year and that may result, if the visitor wishes it, in opening up for him opportunities of settlement on advantageous terms in the new land. This year's crop promises to be the record crop of the Canadian Northwest and to harvest it will give employment to a mighty army. The call of the West to save its crops and help in the growth and development of Canada is a call that must be heeded. It is a practice duty to our brethren in the West to go to them in their hour of necessity, and every man who can should lend his assistance. Many of the Northwest farmers are from these Maritime Provinces, and they will make welcome those from the home land who go to help them. The Canadian Pacific Railway Company in order to assist the western farmers, has decided to run a second farm laborers' excursion from the Maritime Provinces, leaving here on Wednesday, September 12. Already there have been a number of enquiries and every indication is that there will be hearty response to the call of the West. Remember there is work for all who go and a chance to see the Great West land as well.

MAY DISSOLVE PARLIAMENT

OTTAWA, Aug. 17.—Sir Wilfred Laurier's trip to the western coast, the probability that he will address the Manufacturers' Association convention in Winnipeg, and the news that the Hon. A. B. Aylesworth will be there also, cause political prophets to surmise that everything is being made ready for an appeal to the country within a few months after the autumnal session of Parliament.

A man in the councils of the party told your representative to-night that the next session of Parliament would be the last one for the present house. His idea is that the tariff will be revised in the interest of the most persistent and with a view to catching the popular fancy. Sir Wilfred Laurier will put through legislation with the intention of clarifying his political career, and on the wave of unexcelled property appeal to the country.

Said your informant: "At the next session of parliament great representation will be given to the west. A measure of tariff reform will be meted out to meet the wishes of the western farmers, and everything prepared for, going to the country."—Despatch to Toronto World.
