

**Regulate Kidneys AND Relieve Constipation**

Gin Pills are acknowledged to have the largest sale of any proprietary medicine in Canada—an achievement solely due to their remarkable virtue as a Kidney and Bladder remedy.

But users of Gin Pills have discovered that this invaluable remedy also acts as a mild cathartic. The evidence of hundreds of letters we have received establishes the very logical fact that in compounding a medicine to heal and tone up the Kidneys and Bladder certain of the ingredients have a stimulating effect upon the other organs, especially the bowels.

It is important to know, in the case of constipated patients, that Gin Pills do not act harshly on the bowels; there is no griping, but a gradual and gentle restoration of the function. Try Gin Pills for constipation. In thus relieving the bowels, you safeguard yourself against possible kidney trouble.

Gin Pills are 50c. a box, or 6 boxes for \$2.50 at your dealer's. A trial treatment will be sent upon request.
