THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 130,000. The Guardian's daily circulation is therefore 1 to 13 of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believe, unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as a 5 to the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of our readers and advertising patrons alike. They have a right to know how completely their favorite Journal's endorsement by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

The Guardian news office closes at twelve midnight Saturday and does not open again until midnight Sunday. In the meantime any news items, duly signed by the writer and dropped in the letter box in The Guardian main entrance door, will have prompt attention when office opens.

MOONEY'S PERFECTIO Cream Sodas

The perpetual charm of freshness and crispness—of daintiness and deliciousness—is in every box of

"Its Only a Cold, A Trifling Cough."

Thousands have said this when they caught cold. Thousands have neglected to cure the cold. Thousands have filled a Consumptive's grave through neglect. Never neglect a cough or cold. It can have but one result. It leaves the throat or lungs, or both, affected. Dr. Wood's Norway Pine Syrup is the medicine you need. It strikes at the very foundation of all throat or lung complaints, relieving the weakened bronchial passages, soothing the inflamed membrane, and preventing Pneumonia and Consumption.

It has stood the test for many years, and is now more generally used than ever. It contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other pectoral remedies. It stimulates the weakened bronchial organs, allays irritation and subsides inflammation, soothes and heals the irritated parts, loosens the phlegm and mucous, and aids nature to easily dislodge the morbid accumulations. Don't be humbugged into accepting an imitation of Dr. Wood's Norway Pine Syrup. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cents.

Mrs. C. E. Bisette, Lombardy, Ont., writes: "I have been troubled with a hard dry cough for a long time, especially in the mornings, but after having used Dr. Wood's Norway Pine Syrup, for a few weeks, I find my cough has left me. I can positively say that this remedy is well worth a trial."

WAS A TOTAL WRECK FROM HEART FAILURE.

Heart disease is characterized by its stealthy approach and its variety of forms, yet in all its forms nature gives unmistakable signals which warn us of its presence.

One of the first danger signals announcing something wrong with the heart is the irregular beat or violent throbbing. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or, again there may be the most violent beating, with flushings of the skin and visible pulsations of the arteries. You may experience a smothering sensation, gasp for breath and feel as though about to die. In such cases the action of Milburn's Heart and Nerve Pills in quieting the heart, restoring its normal beat and imparting tone to the nerve centres, is beyond all question, marvellous. They give such prompt relief, such speedy restoration to health that no one need suffer.

Mr. Darius Carr, Geary, N.B., writes: "It is with the greatest pleasure I write you a few lines to let you know the great blessing your Milburn's Heart and Nerve Pills have been to me. I was a total wreck from heart failure, my wife advised me to take your pills, and, after using two boxes I was restored to perfect health. I am now sixty-two years old and feel almost as well as I did at twenty."

Price 50 cents per box or 3 for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
