The Burns Anniversary Concert at the Strand Theatre last night which has been looked forward to with so much pleasure in city and country, was attended by an audience which packed the spacious auditorium to the doors and from the enthusiastic applause with which each number was received, there was no doubt as to the unqualified success of the performance, every number being encored. In the opinion of many, even the high standard maintained at the previous entertainments given by the Caledonian Club was excelled last evening. Certainly no concert within recent years has had a better reception, and none better deserved the generous approval of an audience.

The concert, which was under the distinguished patronage of His Honor the Lieutenant Governor and His Worship the Mayor, was divided into three parts, the first and last comprising individual vocal and instrumental music and dances, and part two being a skillfully enacted comic operetta entitled "The Twin Sisters," the music of which was selected from the most popular numbers of Le Coccos celebrated Opera Bouffe.

Mother's Advice
NO mother ever taught her children a more valuable lesson than the necessity of keeping the bowels regular. Health, happiness and success are more dependent on this simple rule than most of us ever realize. This mother advises the use of Dr. Chase's Kidney-Liver Pills because she has found this medicine to be absolutely dependable as a regulator of the liver, kidneys and bowels. Physicians have estimated that nine-tenths of all human ills have their beginnings in the sluggish action of these eliminating organs and the consequent poisoning of the system. Not only such ills as indigestion, constipation and biliousness but also appendicitis, Bright's disease, diabetes and high blood pressure arise from this cause. Prevention is so much easier than relief after the disease has become settled that the value of mother's lesson is at once apparent. In many homes the rule is one pill at the week-end as a regulator and preventative and more frequent doses when required. The strong points for Dr. Chase's Kidney-Liver Pills are their dependability to produce the desired results and their direct and combined action on liver, kidneys and bowels. It is worth remembering that colds and other contagious diseases are quickly checked by the use of Dr. Chase's Kidney-Liver Pills to rid the system of the accumulating poisons. You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 85 cents, the box now contains 35 pills instead of 25 as formerly. Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box for 50 pills. Edmandson Bates & Co., Ltd., Toronto.
