7 KILLED IN PRISON RIOT

Extra Forces Of Guards Called Out To Quell Disturbance Raging In Leavenworth Prison.

(Canadian Press)
LEAVENWORTH, Kansas, Aug. 1.—Seven prisoners in the Federal prison here were reported killed this afternoon in a riot, which was said to have broken out while the inmates were having their meal. No information as to the extent of the violence or its cause has been obtained. Extra forces of guards were called

out to assist in quelling the disturbance which was raging late today. While no persons were permitted to enter the walls of the prison, observers on the outside said they saw windows being broken in A and B cell houses. Shots and loud yells were punctuated by shots from the guns of the guards.

Poincare Undergoes Operation

(Special to The Guardian)
PARIS, Aug. 1.—Raymond Poincare underwent a successful operation today for the prostate trouble from which he had been suffering for some time and which last week caused him to resign as premier of France. The former head of the French Republic was operated on by Professor Marion, who was assisted by Professor Gosset and Doctor Boidin. The patient emerged from the anaesthetic after a normal period, the doctors said, and adding that the former premier had withstood the ordeal well and that he was resting comfortably.

Better Prices For This Year's Crop

ST. JOHN, August 1.—With greatly reduced acreage as compared with that of last year, particularly in the counties of Carleton and Victoria, the potato industry in New Brunswick has every appearance of a good year, with better markets and better prices more than offsetting the decrease in production, said A. H. Margison, of Centreville, N. B., secretary of New Brunswick Agricultural Societies (United), while a visitor to the city last evening. This year's crop, he estimated would be 25 per cent below last year.

Referring to the business in fertilizer handled last season by the Association, Mr. Margison said that they were now mailing to the farmers \$2.50 rebate on every ton sold, which in all would amount to something like \$20,000, while additional profits were placed in the bank to the credit of the society.

While at least 50 per cent of the farmers in Carleton and Victoria counties this year, were only planting about 10 acres of potatoes each, Mr. Margison felt the farmers should become more interested in grain growing and cattle production as well as general mixed farming. In that case, he claimed, even though New Brunswick was forced to meet another year with conditions similar to that of last year, the farmers would be in a better position to stand the crisis, financially. Last year's crop has been entirely cleaned up in the province, and this year's crop is looking well, with every prospect of a better future in the potato industry.

FLYING FLEET TO INVADE EXHIBITION

TORONTO, Ont., Aug. 1.—The largest air congress ever held in North America, is expected to be part of the Canadian National Exhibition programme for this year. Nearly 200 planes, it is anticipated, will undoubtedly form the largest group at one occasion on the continent.

Aeroplane clubs all over Canada and the United States have already signified their intention of being represented. Airport facilities will be taxed in caring for the visitors. In addition to the club and private planes present most of the aircraft manufacturers in Canada and the United States will have demonstration planes on hand besides exhibits in the new aircraft building. An extra feature will be the return of the Selfridge Field fliers, who, a year ago, made such a "hit" when they visited Toronto.

MAY BE LEGAL ADVISER

(Special to The Guardian)
TORONTO, Aug. 1.—J. E. Read, legal adviser, department of internal affairs, former dean of law school, Dalhousie University, may be Canadian legal adviser in I'm Alone arbitration.

SPARTANBURGH, S. C., Aug. 1.—Three men were killed two others probably fatally wounded and the entire west end of the city thrown into confusion here today when T. E. Robertson, a shipping clerk, became suddenly insane ran amuck with a hand

AMBASSADOR

Senator Walter E. Edge, Republican, N. J., virtually has been selected by President Hoover to be the American ambassador to France. Edge would succeed to the post vacated in Paris by the death of Ambassador Myron T. Herrick.

Wants Britain To Sink Some Of Her Ships

(Canadian Press)
WASHINGTON, Aug. 1.—Great Britain was called upon in a statement issued today by Chairman Borah of the Senate Foreign Relations Committee to sink some of her ships as a means of reaching a parity with the United States navy. Borah said England has 59 modern cruisers while the United States has eighteen built or building. If Great Britain will follow the example at the Washington conference, he said, and sink some of her ships, and thus come to parity, it will not only save the taxpayer but reduce the incentive to war, for huge armaments are always an incentive to war, parity or near parity.

New C.N.R. Ticket Offices Opened At Halifax

HALIFAX, N. S., Aug. 1.—R. L. Ritchie of the Royal Bank of Canada, Montreal, was the first person to purchase a railway ticket in the new offices of the Canadian National Railways at Halifax which were opened to the public at nine this morning. These offices are said to be the finest railway ticket offices in Canada east of Toronto. The increase in the Canadian National Railways business in and through the port of Halifax necessitated the enlargement of facilities and with the growth of the city moving from the downtown street of Hollis up to the centre of the city on Barrington Street corner George. The new offices are in the Page Building and command a most central situation in the city, directly opposite the Grand Parade and the City Hall.

With a very remarkable window space, the railway is daily displaying views and features of the scenic places on the National system throughout Canada, from Halifax and Sydney to Prince Rupert and Vancouver. H. H. Melanson, General Passenger Traffic Manager of the National system, Montreal, was present for the official opening, accompanied by M. F. Tompkins, traffic manager of the Atlantic region, Moncton.

Mr. Melanson in a brief interview given to the press setting out the reasons for the Canadian National Railways aggressive expansion at Halifax, pointed out Canada this year was enjoying the largest tourist traffic in its history; that the railway was acquiring through the port of St. John by rail and water twenty five per cent increase of travel over last year. There had been, he said, a very outstanding advance in long haul passenger traffic which offset to a considerable extent the loss of passenger business taken from the railways by the motor car on short distances. This was due, Mr. Melanson said, to the company having inaugurated a system of fast high class trains, such as the Acad-

TO ATTEND DELEGATIONS CONGRESS AT IN ONTARIO CH'TOWN NEXT FALL

(Canadian Press)
MONTREAL, August 1.—One of the prominent guests to attend the next Canadian Good Roads Association congress to be held in Charlottetown, on September 17, 18 and 19 next, will be Hon. J. E. Ferrault, recently appointed Minister of Roads for the province of Quebec. Hon. Mr. Ferrault accepted the invitation to the congress today, when a delegation headed by George A. McNance, secretary to the Royal Automobile Club and J. J. Maher, counsel for the association, called at the local government offices and tendered their invitation.

Police Officers Control Bank

(Special to The Guardian)
MOSCOW, Aug. 1.—Another action against Soviet citizens in Manchuria by Chinese authorities was reported semi-officially here. It was said that several police officers, empowered to arrest employees and customers of the Far Eastern Bank in Harbin, had established control over that institution. Simultaneously Chinese authorities were alleged to have ordered the management to surrender the keys to the most important vaults. Those now in control were said to have assumed a threatening attitude.

Girl Masquerades Ten Years as Man

LANCASTER, Pa., August 1.—Romantic "Bob Goehnauer" who specialized in moonlight auto drives and announced his intention of marrying a girl in a church choir, has been unmasked as a girl. She is Ellen Thomlinson, 28.

For 10 years she posed as a young man, and gained considerable popularity among the young set here as "Bob Goehnauer."

Police indicated their only charge would be that she obtained a driver's license under the false name of Goehnauer.

None of the young men and women of her acquaintance had suspected her sex. They welcomed her into the church and gave her the post of first tenor when she scaled high "C" in a choir troupe.

She received some money for her singing. She earned more by painting, and was expert at stencilling butterflies on the hose of prominent women. Her raven black hair and slender figure were attractive in her well fitting tailored suits.

INCREASE IN INFANTILE PARALYSIS

OTTAWA, August 1.—Telegrams went forward today from Dr. J. A. Amyot, deputy minister of health in the Dominion government to all the deputy ministers of health in the provinces advising them that returns showed an increase in infantile paralysis and warning them as to the best methods to be adopted should the situation become acute. A "blue book" is also being rushed through the government printing bureau and will be widely distributed explaining the disease and how to combat it in the light of recent developments.

INCREASE IN INFANTILE PARALYSIS

Instructions For Combating Disease Issued From Ottawa.

Some three years ago infantile paralysis was prevalent in California and other Pacific coast states. British Columbia was not seriously affected. In 1927 it spread to Alberta where there were 354 cases. Last year it reached Manitoba where there were at least 435 cases. The increase is noted in Ontario.

The department does not wish to frighten the public but it does wish to advise them of a danger which may develop quickly because of the contagious nature of the disease.

MEET FOR CH'SHIP TODAY

(Canadian Press)
ST. JOHN, N. B., Aug. 1.—The chief interest in the championship play of the Maritime Golf Association at Riverside today, centered about the semi-finals in which H. W. Dickenson, of St. John's Nfld., defeated G. P. Laidlaw, of Halifax, and Don MacNaughton, of Moncton, won from R. W. Maxwell, of Woodstock. This leaves the title play tomorrow between a representative of Newfoundland and one from New Brunswick.

Play in the different divisions was also continued and during the afternoon there were several specialty contests. Frank Mielke, of Halifax, won the approaching and putting tests for amateurs, with R. L. Davidson, of Fredericton, in second place. In the driving for amateurs, Nesbitt Ross, of New Glasgow, won with 603 yards, while Mielke was second with 588 yards. In the professional drive tilt, Williams of Moncton, made 664 yards; Wheeler of Sydney, covered 630 yards and Thornton, of Halifax, drove the ball 614 yards.

During this evening the visiting golfers are guests of the Riverside Golf and Country Club at a dance. The results of the matches today were as follows:—Championship (semi-finals) W. D. (Don) MacNaughton, Moncton, defeated R. W. Maxwell, Woodstock, 3 and 2; Harry W. Dickenson, St. John's Nfld., defeated G. Parker Laidlaw, Gorsebrook Club, Halifax, 1 up (nineteenth hole).

LIBERAL M. P.

Vincent Dupuis, Liberal, who has been elected member of parliament for La Prairie, Naperville, Que., succeeding the late Roch Lanctot.

Crop Conditions Very Bad In West Says Hon. Mr. Lea

(Special to The Guardian)
OTTAWA, Aug. 1.—On request of the Canadian Bankers' Association, Sir John Aird, president of the Canadian Bank of Commerce, will go to Japan in November to attend the institute of Pacific relations in Kyoto. He will be accompanied by Lady Aird. Sir John, who is chairman of the royal commission on radio broadcasting in Canada, is in Ottawa this week in connection with preparation of the report on the investigations conducted by the commission during the past six months in Canada, the United States, Great Britain and on the continent.

Ontario Pea Crop Ruined

(Special to The Guardian)
TORONTO, Aug. 1.—Dry weather has ruined the Ontario pea crop. The results, according to gardeners and canners, will be scarcity and higher prices, with possibility of a famine in peas or large importations. Dominion Canners of Hamilton, in a survey on the crop, reports that the pack in Quebec and Ontario to the east of Toronto is just 50 percent of average. To the west the pack runs 70 to 80 percent of average, with a total Ontario and Quebec pack at least 40 percent below normal. All ready prices have been increased, despite the fact that the 1928 pack was well above normal, and canners are carrying over a considerable quantity. Gardeners in this district report an almost total loss in the pea crop.

SALESMAN DOES TRAVELLING BY AIRPLANE

(By The Canadian Press)—High-pressure salesmanship in the form of aerial travel is being exercised by Miss Grace Walton, advertising manager for a firm of silk, glove and hosiery manufacturers. Miss Walton, who is considered to rank among the first three women advertising the quality of her firm's products, and realizes the importance of speed in anticipating trends and changes. She is among the first women to adopt the flying machine as a means of rapid transportation, but utilizes established air lines in the course of her travels.

CONFESED TO ROBBERY

(Special to The Guardian)
SMITHERS, B.C., Aug. 1.—James Wesley Burke, captured recently after a two weeks' manhunt, has confessed to robbing the Royal Bank here of more than \$2,000 on July 17. He was committed for trial on a charge of robbery with violence. Practically all the money has been recovered.

MESSAGE FROM GRAF ZEPPELIN

Huge Dirigible Reported Passing Cape De Gata, Spain, Just Before Midnight.

(Canadian Press)
FRIEDRICHSHAFEN, Germany, Aug. 1.—The Zeppelin works received a radio message from the Graf Zeppelin just before midnight reporting that it passed Cape De Gata, Spain, at 11 a. m., six p. m. E. S. T. The cape is about 186 miles east of Gibraltar which the message said would probably be reached by 2 a. m. The message concluded, all well on board, only a little too warm. The temperature is 33 degrees centigrade or 91 degrees Fahrenheit.

FRIEDRICHSHAFEN, Germany, August 1.—The Zeppelin works just before noon received a Marconi gram from Dr. Hugo Eckener, master of the Graf Zeppelin which left today for America, saying "Basic 6 a. m. Everything in order. Ship, running well. At first had head winds, against us.—Lyons 1053 a. m., taking course down Rhone, through the Mediterranean to Gibraltar."

Sir John Aird Will go To Japan

(Special to The Guardian)
OTTAWA, Aug. 1.—On request of the Canadian Bankers' Association, Sir John Aird, president of the Canadian Bank of Commerce, will go to Japan in November to attend the institute of Pacific relations in Kyoto. He will be accompanied by Lady Aird. Sir John, who is chairman of the royal commission on radio broadcasting in Canada, is in Ottawa this week in connection with preparation of the report on the investigations conducted by the commission during the past six months in Canada, the United States, Great Britain and on the continent.

Wheat Immune From Rust

(Special to The Guardian)
OTTAWA, Aug. 1.—Will Canada's new rust-proof wheat make good bread? L. F. Newman of Ottawa, Dominion Cerealist, is now on his way to Europe to find the answer to that question. If it is affirmative the Dominion will have another agricultural triumph to add to the fame already achieved with Marquis wheat. Through the dominion experimental farms branch 5,500 bushels of the new wheat immune from the arch enemy of grain—the rust parasite—has been distributed in the British Isles and the continent.

Former Slave Dies

NEW YORK, August 1.—Mrs. Mary Caswell, who was born a slave 109 years ago in Richmond, Va., and is believed to have been the oldest dweller in Harlem, died in Metropolitan Hospital.
