The "Boston Tourist" King of Soft Hats.

THE CAPITAL OF THE WEST

Court Cabot I. O. F. meets tonight. An interesting paper will be read by one of the members.

John McFadyen of Tignish arrived on the Island on Wednesday on return from his medical studies.

Wm. F. Strong of this town is spending a day or two in Charlottetown on return from western Canada.

Dr. A. A. McLellan, accompanied by his family, has returned to Summerside after a few days' visit at Souris.

Alexander Campbell, agent for the Dobell Steamship Company, has received word that the first steamer of the Dobell line to arrive at Summerside will be the Restigouche, a first class passenger boat. This steamer will be followed later by the S. S. St. Helm, also with good passenger accommodation. These steamers will during the season call here on both trips from Montreal to St. John's, Nfld. and return.

MANY ask the question how is it that Summerside produce dealers can afford to pay 40 cents per bushel for potatoes while in that great city of Charlottetown but 33 cents is being paid, and even at Georgetown, "the established winter port," quotations only go as high as 25 to 30 cents per bushel? During the present week upwards of 12,000 bushels have been taken in at 40 cents by Summerside dealers which renders them about \$3000 paid in cash to our farmers this week for potatoes alone.

The death of Mrs. Compton, wife of Stanley Compton, St. Eleanor's, which occurred about ten o'clock Wednesday evening came as a sad blow to the many friends of deceased. Mrs. Compton had been ill about three months. She was 36 years of age and leaves besides a sorrowing husband five young children. Deceased was a daughter of the late T. C. Cannon of St. Eleanor's. Five sisters, Mrs. R. H. Montgomery and Mrs. J. W. Craswell, St. Eleanor's, Mrs. J. Porter and Mrs. T. Lawrence, Revelstoke, B. C., Mrs. W. W. Baker, Summerside, one brother Arthur in Marlboro, Mass., and her stepmother residing in Revelstoke, B. C., survive her. The Guardian joins with the community in extending to the bereaved relatives deepest sympathy.

Further particulars of the death of Capt. W. H. Barnard came in a letter to J. F. McMillan last evening from Robert Anderson, Jr., Cambridge, Mass. The writer states that the captain went to bed as usual (April 4) and had a comfortable night until about three o'clock when he woke up with a burning pain in his chest. Mrs. Barnard went down stairs to make a mustard plaster and had hardly got down when she heard a fall. She called Mr. Anderson who went in and found the Captain on the floor, and turning him over saw at once he was a very sick man. Before the physician arrived Capt. Barnard had breathed his last. The doctor pronounced the cause heart trouble and said that nothing could have saved him. In the same mail last evening Mr. McMillan also received a letter from Capt. Barnard written on the eve of his death in which he complained of being somewhat troubled with asthma and bronchitis.

The First Annual Reunion of the Architects of Tignish took place on Tuesday evening last. The evening's enjoyment consisted of an entertainment, basket sale and dance. About four hundred were present in Tignish Hall and spent an enjoyable evening. The entertainment consisted of instrumental music by the orchestra, choruses by the Tignish choir, solos, recitations etc. Father Gauthier's solos were well rendered and much appreciated. Miss Chatsosa had to respond to a rapturous encore. Miss McElroy delighted the audience by her cleverly given recitations, whilst L. S. Perry fairly brought down the house by his violin solo. Miss Georgia McTague and Miss Nora Dalton surprised all by their clever execution of a difficult violin duet. The music by the orchestra was indeed excellent and the choruses were the best ever heard in Tignish. The sale of baskets brought upwards of a hundred dollars and the audience was delighted with the entertainment. The accompanists were Miss Minnie Richard, Miss McTague and Miss Josephine Gaudet. The Artisans are to be congratulated on the success of this, their first social reunion.

Rheumatism.

Is Uric Acid in the blood. Unhealthy kidneys are the cause of the acid being there. If the kidneys acted as they should they would strain the Uric Acid out of the system and rheumatism wouldn't occur. Rheumatism is a Kidney Disease. Dodd's Kidney Pills have made a great part of their reputation curing Rheumatism. So get at the cause of those fearful shooting pains and stiff, aching joints. There is but one sure way—

The care of children's eyes is a matter of the utmost importance. Few parents realize their responsibility in this matter. Many a poor child has spent years of misery at school, been called dull and stupid simply because of some eye defect which should have been next to impossible. Read G. F. Hutchison's ad in this paper. It states some startling facts emphasizing this most important matter. 21 d w 11
