Weekly Live Stock Market Report

Ottawa, Canada—February 24, 1944

SUMMARY

The steer division of the cattle market came in for some overhauling in a price way during the past week, possibly due in part to the commencement of the Lenten season with its usual lessened demand for meats. Cattle buyers were inclined to be cautious in their purchases. The heavier kinds of steers were hard to dispose of and as a rule had to take a loss of 25 cents to 50 cents. Other cattle grades, however, maintained fairly steady price levels. All small stock sold well, with calves in firm demand, hogs firm to a shade higher on some markets, and the small quantity of lambs offered selling to a steady to strong trade.

Exports to United States

There were only 301 dairy cattle exported to the United States during the past week, compared with 727 head in the same week last year. Shipments to the south up to date this year are 2,811 dairy cattle, compared with 3,441 in the same period last year.

Calves Again Firm Sellers

There were no lumps in the firm demand for veal calves, all markets reporting continued good to firm prices. Best veals at Toronto sold \$16 to \$17, Montreal mostly \$16, Winnipeg up to \$15.50, Calgary up to \$12, Edmonton \$12, Prince Albert \$13.50, Moose Jaw \$11.50, Regina \$14, and Saskatoon \$12.50 to \$13.

Stronger Tone to Hog Market

There was a shade firmer feeling in the past week's hog trade, and prices were generally higher, a little higher. The general price at Toronto was \$17.75 but many sales were made up to \$17.25. Montreal was generally \$17.12 for the basic grade, Winnipeg \$16.70 to \$16.40, Calgary \$15.95, Edmonton \$15.85, Prince Albert \$15.50, Moose Jaw \$15.90 and Vancouver \$16.60 to \$16.75.

Lamb Steady on Light Marketings

Lamb prices were seasonally light and prices little changed from a week ago. Toronto quoted a top price of \$13.50, Montreal selling on a flat basis at \$10 to \$13.50, Winnipeg up to \$11.25, Calgary \$11, Edmonton \$11.25, Prince Albert \$10.25, Regina \$10.50, and Saskatoon \$11.

"OIL PAINTING" YOUR HANDS

Do your hands have a case of "emery-board complexion"? If so, once a week, give hands an "oil bath" and you'll have them looking like a new coat of paint.

Western oil stocks advanced 34 in the index to a new high for the year, while the Base Metals and golds posted minor index gains during today's Toronto Exchange session.

NEW YORK, March 2 (AP) — Buyers again leaned toward specialties in today's Stock Market while more or less neglecting the general run of leaders.

The Associated Press 60-stock average ended with a net advance of .1 of a point at 514.7, which advanced as much as 1.5 at times. Dealings continued light and most of the activity was provided by local traders, although there was a little buying in wheat shortly after the opening.

CHICAGO, March 2 (AP) — All grains continued their slow climb today under the leadership of rice, which advanced a group of blue at times. Dealings continued light and most of the activity was provided by local traders, although there was a little buying in wheat shortly after the opening.

LONDON, March 2 (AP) — The Stock Market retained a firm undertone today in quiet trade.

Rayons, brewery shares and most of the industrial list some stability. Kaffirs were firm along with diamond stocks. Quiet. Home rails held steady and British funds ended higher.

MONTREAL, March 2 (CP) — Utilities, paced by Winnipeg electric issues, and a group of blue chips in the west, staged a rally today on the Stock Exchange and Curb Market. Papers slipped, averages dropped, but individual stocks in demand volume was on the light side.

CANTEENS TO AID LONDON DOCKERS

By MARGARET ECKER, Canadian Press Staff Writer

LONDON, MARCH 1. — (CP) — Ontario women of St. Thomas, London, Windsor and Timmins, would have been very proud if they could have stood a cook in London with the wind blowing up the Thames the other day.

While ships at the docks are loaded and unloaded the cargoes with caps side her, Mrs. Vincent Massey, wife of the Canadian high commissioner, presented two well-equipped mobile canteens to the Women's Legion, British Forces, for their use.

"The plaque on the side of the canteens said that they were the gifts of women of the Order of the Eastern Star."

"These canteens express the appreciation of Canadian women for the work of the Legion and of the dockers," said Mrs. Massey.

"We have a lot to thank the Canadians for," said Admiral Dunbar Nasmyth, admiral of the port of London, as he acknowledged the canteens. "They have served with men of the Canadian navy and they are prime fellows."

Mrs. Marjorie Roberts, the attractive commandant of the Legion, spoke and dockers with caps over their eyes and their scarves knotted jauntily gave three cheers for Canada.

"These free canteens mean a lot to us dockers," Bill Ramsay told me over a cup of tea, free in honor of the occasion. "When you're working hard as we work these days, it does a man good to be able to knock off for a cup of tea and a sandwich."

The khaki-uniformed members of the corps were handing out cakes and sandwiches free that day, but Bill explained that the usually three "thence" (1 1/2 cents) each is charged for tea sandwiches, cake and tart.

The Women's Legion now have more than 30 canteens, presented by organizations in Canada, United States and South America, and operated by the members, all of whom are volunteers, along the miles of London's docks.

CLEAN IT UP

When gas burners on the stove become greasy remove them and scrub in hot soapy water with a stiff brush. After degreasing the burners the gas should be turned on full for a few seconds to dry out the inside and prevent rusting. Clogged burners can be cleaned with a darning needle or fine metal skewer.

SMALL PRODUCTION

Bathtubs and furniture with steel springs are the first discontinued civilian items to be restored to production across the line. Their prices will be an indication of what will happen to other items, such as electric irons, stoves and the like as they come back in small quantities this year. So far the pricing of bathtubs and upholstered furniture with steel springs is being held to previous prices. Bathing manufacturers expect to take a loss on the first few thousand at those prices, but are apparently willing to carry on. Furniture manufacturers are expected to appeal for higher prices to cover the cost of small-quantity production.
