every member of the Church, to live up to the Baptismal Pledge as a soldier and servant of the Lord Jesus Christ. The Victory we have won is a test. All depends upon the use we make of it. If we use the freedom it brings us only for selfish ends, we shall certainly lose it.

heart-hunger for the one true King which none but He can satisfy. Can we doubt that the world is ripe for a great onward movement of the Church of Christ, and that Christ Himself, is waiting till His wayward followers come to themselves, put away their worldliness and, with whole-hearted devotion, rise up to hail Him Lord.

the name of Christian without living the life. Too long they have forgotten that they are stewards of God's gifts hastening toward the day of account. In face of all that has happened of late, no man should be content to mock his Lord by an empty profession which costs him nothing. It is surely time for every man to shoulder his burdens, to take up his cross, and to follow his Master in truth and honesty.

Christ the leading force for good the wide world over. Men and women of the Church, awake; rise up. Too long we have tarried amid the fascinating but dead things of this world. 'Rise up, let us be going.' It is the Lord Himself who calls us.

The Expenditure of \$610,000,000

How the last Victory Loan was spent

For Demobilization

For Trade Extension

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year.

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000, for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster.

Other disbursements were not, strictly speaking, expenditures, but National Re-investments.

To Great Britain for example:

- \$173,500,000 was loaned for the purchase of our wheat and cereals.
\$30,000,000 for other Foodstuffs
\$2,900,000 for Canadian built ships.
\$5,500,000 to pay other British obligations in Canada.
\$9,000,000 for our fish.

Making in all, \$220,900,000 advanced to Great Britain.

To our Allies, we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time, with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.
