# COAL GAS KILLS TWO OF CREW

VINEYARD HAVEN, January 30.—Two members of the crew of the barge Boston are dead and Captain George King, of Perth Amboy, N. J., is lying at the marine hospital with no hopes offered for his recovery, as the result of being overcome by coal gas in their little cabin recently.

The accident was not discovered until this afternoon, when the captain of the barge Bear Creek, lying alongside the Boston, became suspicious of the deserted appearance of the boat, and made an investigation. As he pushed open the door of the Boston's cabin he was met by the strong odor of coal gas. Waiting for an instant to allow some ventilation in the room he went in and found Captain King unconscious in one bunk, while in the other bunks were bodies of Ichabod D. Bagnell, of Plymouth, Mass., aged 17 years, and another member of the crew familiarly known as Fred Charles, who real name is not known. A dog was lying on the floor at the foot of Captain King's bunk, and he revived after being removed to the open air.

Captain King failed to regain consciousness upon being removed to the deck and the captain of the Bear Creek called for assistance and had the captain removed to the marine hospital, where it was said to-night that he was not likely to recover. Dr. Edward Roth, of this port, took charge of the bodies of Bagnall and Fred Charles. The Boston put in here last night in tow of the tug Lehigh Valley, from Boston for Perth Amboy, New Jersey.

# TWO THOUSAND ARE MADE ILL

PITTSBURG, Jan. 30—According to an official estimate made by a chemist representing the state board of health and the local health authorities there are 2,000 persons ill at Bellevue, a suburb of this city, as a result of drinking raw river water furnished by a water company last Friday, Saturday and Sunday. Should the estimate be correct practically the entire population of Bellevue is now suffering from a nauseous illness, which may develop into typhoid fever. Public charges, which have not been denied, are to the effect that the water company's filter apparatus failed.

During the latter part of last week and in an endeavor to maintain the supply of water to their customers, the raw river water was pumped through the pipes without warning.

It is believed that the present situation is responsible for orders issued this week by the state health authorities to the city of Pittsburg, located above Bellevue, to install immediately a new system of sewage disposal. This work will cost Pittsburg between $15,000,000 and $20,000,000.

## To Be Dyspeptic Is To Be Miserable.

**Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, pickles, confectionery, etc.**

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the blood, and tones up the system to full health and vigor, and thereby cures dyspepsia and all its tributary diseases.

Mr. Amos Sawler, Gold River, N.S., writes:—"I was greatly troubled with dyspepsia, and after trying several doctors to no effect, I commenced taking Burdock Blood Bitters and I think it is the best medicine there is for that complaint."

REPORT NOT GIVEN MUCH CREDEACE.

OTTAWA, Jan. 30—The Canadian Associated Press' despatch last week stating that Lord Eorthcote, ex-Governor General of Australia, is to succees Earl Grey, as Governor General of Canada, is not given much credence by members of the Government here.

Lord Northcote is a Unionist, and it is considered that the present Liberal Government in Britain would be more likely to select for so important a position as Governor General in Canada, a Peer who was in sympathy with the Liberal rather than the Unionist policy.

The Canadian Government is usually consulted before the appointment of a new Governor General is made, and so far no name has been suggested as a probable successor to the present Governor General whose term expires in October next.

HON. MR. TEMPLEMAN.
Whose way for re-entrance to the House of Commons has been paved by the resignation of Mr. Sloan member for Comox-Atlin.

ELIHU ROOT.
Secretary of State in the Roosevelt Cabinet who is Republican nominee for Senator of New York State.

SIR FREDERIDK BORDEN
Minister of Militia who has been in England conferring with the Military authorities regarding the placing of Imperial troops in Canada.

# DESIGNING WOMAN AFTER CIVIL WAR VETERANS

WASHINGTON, Jan. 30.—Widows of deceased soldiers and sailors of the Civil War in instances where the marriages occurred since June 27, 1890, and the provisions of a bill favorably reported to the Senate today from the committee on pensions. Under the existing law the widows of soldiers and sailors of the Civil War are not pensionable unless their marriages took place prior to the date mentioned. It is estimated by the pension bureau that there are about 15,000 or 20,000 women who would be benefited by the passage of this law. Last year there were between 9,000 and 10,000 deaths among the widows of soldiers and sailors and therefore it is argued in support of the measure that the annual pension budget would not increase materially. The report of the committee says that it cannot be assumed that these widows who married since June 27, 1890, were influenced by mercenary ideas. Opponents of the measure point out, however, that the bill furnishes a reason for designing women to seek out aged soldiers and marry them. By the provisions they will be pensionable after the death of their soldier husbands.
