"A Solid Rock of Truth and Honesty"

HON. ANGUS L. MACDONALD  
B.A., LL.B., S.J.D., M.L.A.  
Premier of Nova Scotia

In a recent address, the HON. ANGUS L. MACDONALD, Premier of Nova Scotia, paid the following tribute to Life Insurance:

"WHEN one reflects that the Life Insurance Companies in this country have assets which total more than two and one-half billions of dollars, and that you number three and one-half million Canadians among your policyholders, he will understand what an important part life insurance plays in the economic and social life of this Dominion..."

"In a country which believes in British tradition, let us remember that one of the proudest of British traditions is that of honest dealing between men, of fair representation, of the sanctity of the pledged word..."

"The record of the Canadian Life Insurance Companies will, I hope, stand forever as a solid rock of truth and honesty, an example and inspiration to all men in this country of good-will and honour..."

CHICAGO, Nov. 13 (AP)—Wheat prices mounted almost a cent a bushel Saturday as the market adjusted itself to over-the-holiday advances abroad but increased selling held the upturn in check here.

Strength in securities and an improved export situation were factors affecting buyers. However, the market remained quiet, failure of buying to expand discourag-

## Currencies

NEW YORK, Nov. 13 (AP)—Persistence of rumors that the relation between the value of the French franc and United States dollar would be revised officially—although confirmation was wholly lacking—unsettled foreign exchange dealings Saturday.

Sterling lost 3-4; of a cent in terms of the dollar to \$4.73 and the French franc was 00 7-16 of a cent lower at 264 7-16.

The beiga advanced .01 of a cent. The guilder dropped .12 of a cent and the Swiss franc was .01 of a cent lower. The Canadian dollar was unchanged at a discount of 3-4.

## Steel Groups

NEW YORK, Nov. 13 (AP)—It was almost entirely a steel stock market Saturday with leading issues in this group mounting to new peaks for better than a year at gains running to more than 2 points.

While the list generally finished the week on the upside, many recent leaders acted a bit tired and most were able to tack on only modest fractions. A number of minor losses were also in evidence at the close.

Traders returned from their holiday, a ill cheered by the elections and business, and quickly got behind the steel as signs became more pronounced of climbing production in this field.

Motors were some distance behind Steels, but did relatively well as output in this field apparently was expanding satisfactorily and yesterday's New York Automobile Show opening was said to have attracted the largest crowds since 1929.

Selected farm implements were in demand, as were aircrafts and an assortment of specialties, but Rails, Utilities, Mail Orders and Rubbers shifted over a narrow route.

The Associated Press Average of 60 stocks up 3 of a point at 54.7. Equalling the year's high. On the week the Composite held a gain of 2.2 points. Transfers amounted to 1,005,680 shares. The week's volume of around 8,000,000 shares compares with some 5,000,000 the week before and considering two holiday closings, was one of the best in several months.
