ULSTER SITUATION AGAIN VERY GRAVE

Carson is Leaving for Belfast and Serious Developments are Denoted. Feared Conflict Between Nationalists and Unionists.

(Canadian Press) LONDON, May 24.—The gravity of the Ulster situation is emphasized by the announcement that Sir Edward Carson is leaving for Belfast, his departure being hastened on account of the advance in the meeting of the Cabinet Council.

Saturday's meeting denotes that there are serious developments and Monday's debate on the third reading of the Home Rule Bill necessitated the exceptional course. It may be recalled that Sir Edward Carson's departure from Ulster just two months ago precipitated the Irish crisis, barely avoiding civil war.

The Government is greatly alarmed by the prospect of the same conditions or worse occurring during the coming week in Londonderry, County Tyrone, where the Unionist and Nationalist forces are equal. This is regarded as the possible storm centre.

The Nationalist volunteer forces have been underrated. They include 20,000 former army-men, fully armed. The Government contemplates a much more serious course than it has hitherto taken. If a serious disturbance occurs, the Government will call out large bodies of the regular army and should the military be unwilling, the Government will decide to appeal to the electors immediately on this issue.

LONDON, May 25.—The fate of the Irish Home Rule Bill will be decided on Tuesday next. As the Government has a majority of nearly one hundred in the House of Commons, the third reading of the Bill is absolutely certain, unless something extraordinary and unexpected occurs. It is possible that there will be an occurrence of disorder, necessitating adjournment, such as took place a few days ago, when the Unionists refused to permit the transaction of the business.

If passed, the Bill will be sent to the House of Lords but, whether or not passed by the Peers, it becomes law. Fears are felt that there will be rioting in Belfast, but, it is understood, the military authorities are prepared for that contingency.

PREPARING A RECEPTION

A meeting of the St. Dunstan's congregation was held in the nave of the Pro-Cathedral yesterday afternoon in order to make arrangements for the reception of the Apostolic Delegate in Canada who will shortly pay an official visit to the Province. This, in fact, will be his first official visit to the Island. He is expected to reach Charlottetown on the 14th, June.

Mr. James McIsaac was elected to the chair, and Mr. C. P. W. Seale was appointed Secretary.

Lordship the Bishop of Charlottetown was in attendance with other clergies and explained to the meeting the purpose for which it was convened, as stated above.

After some discussion, a committee of twelve was appointed to draw up a programme and to make and carry out the necessary arrangements. The committee is as follows:—

Mr. James McIsaac, Chairman; Mr. C. N. P. Seale, Secretary; Dr. W. J. McMillan and Messrs. Alexander McDonald, W. J. Brown, L. B. McMillan, John M. Hughes, P. A. Smith, Thomas Campbell, William Moran, Hugh F. Connors and James Monaghan.

TERRIBLE MARINE DISASTER FEARED

(Special to the Guardian.) HALIFAX, May 25.—The steamer Dufferin, which arrived at Liscomb on Saturday, while entering the harbor picked up three bodies, evidently of sailors; also a quantity of wreckage, including buckets, life-belts, marked "Halifax, No. 19," a trunk marked "Mr. Anderson, Sailors' Home, Glasgow, Scotland" and a flag with a red ball.

THE BOYS SCOUT MOVEMENT APPROVED

(From our own Reporter.)

OTTAWA, May 22.—Some hearty tributes to the results of the Boy Scout Movement in Canada were paid by members of the House tonight during consideration of the Bill to incorporate the Canadian General Council of the Boy Scouts Association. The tributes were in part a reply to Hon. Rodolphe Lemieux's movement and on the whole he thought it was healthy in its effects. He doubted, however, if the summer camp features were beneficial. Mr. Lemieux continued that he was not averse himself to the Military Movement among boys and in fact thought that it was a good thing for boys to know the rudiments of military training and defence. He referred to the fact that recently a paper in Quebec Province had said that the Scout Movement was associated with Free Masonry. The Lieut. Governor of Quebec had denied this and denounced the paper for making such a statement. Mr. Lemieux said he agreed with the Lieut. Governor and would like to see it under the control of the Minister of Militia.

Mr. R. B. Bennett of Calgary said that Mr. Lemieux was mistaken both as to the aims and the purposes of the Boy Scout Movement. The Boy Scout Movement was "in no sense Military." It aimed to make young boys have a sense of duty and it taught them courtesy, the old world courtesy that was called Chivalry. It taught them to do kind acts and to live as if they were trustees not alone for those about them but for generations yet to come.

Mr. Bennett paid high tribute to results he had himself seen in the change made in boys with but indifferent home training who had been made living examples of how to conduct themselves and Mr. Bennett repeated that while the Cadet movement was Military, the Scout Movement could not be so classed.

Mr. B. H. Burnham of Peterboro said that he desired to add his tribute because the Scout Movement was a revival of the days of Chivalry which had almost disappeared under the haze of materialism. "Not that had," interjected a Liberal member. "Well in the Opposition anyway" sported Mr. Burnham and laughter. The Peterboro member instanced the case of a five year old Ottawa boy who when badly injured did not cry and when asked why he held out so well proudly said "I am a Scout." The House applauded the incident.

BUSH FIRES STILL RAGING

While no Houses Yet Burned, a Good Deal of Other Destruction Caused.

(Canadian Press.) PARRY SOUND, Ont., May 25.—Bush fires are still raging through the district. Up to the present however, no buildings have been reported burned. Blooming Point, one of the beauty spots, has been destroyed. It burned merely. The Indian reserve on Parry Island is on fire in many places. North and south east and west of the town flames are seen.

Galt, Finance Minister, and a fine reproduction of the public building of Prince Edward Island. In addition there are what is described as "A remarkable photograph of the real Fathers of Confederation, in the Convention at Charlottetown, N. E. I., September 1, 1864" and excellent likenesses of Hon. Col. John Hamilton Gray, the then Premier of P. E. I., Hon. George Coles, Hon. Wm. H. Pope, Hon. James C. Pope, Hon. Senator Andrew A. McDonald and the present Premier. These illustrations were supplied by Mr. Arthur Newbery, Provincial Secretary, who in a letter from the Editor of the Courier was heartily thanked for what is undoubtedly a unique collection of photographs.

After referring to the initial stages of Confederation, the Premier proceeds as follows:—

It is evident from this discovery that the new Canadian Lightship, "Halifax" on her way from Glasgow has been wrecked. She arrived in St. John's, Newfoundland, short of coal and left for Halifax. It is feared that her crew of twenty-five men have all been drowned.

"Opportunity Period" starts today and will end Wednesday, June 3 at 8 o'clock, and is put on for the purpose of introducing new entries. It also affords an excellent opportunity for those who are already in the race, but were unable to get as early a start in "Booster Period" as they should. The late start has seriously hampered some of the candidates, and it was at their request that this vote proposition was put on.

A MILLION VOTES EASY

While "Opportunity Period" is not as good as "Booster Period" candidates should make the best of the offer. It is still possible for a new candidate to enter and carry off one of the large prizes, if he or she takes advantage of this offer. Stop, take out your pencil and do a little figuring and see what you can do on this offer in the way of getting a good reserve vote. First you should go over your list of friends and nearest relatives. After this is done an effort should be made to procure the subscription of those who have not as yet given a subscription to The Guardian. Show them what it means to you to secure their subscription. The Guardian is the largest and best newspaper published in this province. It is possible that one single subscription may mean the winning of the Grand Prize for you.

CONFEDERATION COMMEMORATION

Premier Mathieson Writes Absorbing Article on Coming Jubilee Celebration for Canadian Courier.

Under the caption, "Celebrating Confederation," the Premier (Hon. J. Mathieson) contributes to last week's issue of the Canadian Courier a timely and interestingly written article in relation to the celebration, which is to take place in Charlottetown in August, of the Jubilee of the first Confederation Conference which was held in this city in the early days of September 1864. The interest of the article is enhanced by a series of excellent photographic reproductions, forming the most complete illustrated record of the early days of Confederation ever published in any periodical in Canada.

There is a reproduction of a full page of the Illustrated London News, containing portraits of Hon. George E. Cartier, Attorney General; Hon. George Brown, President of the Council, and Hon. A. T. Galt, Finance Minister, and a fine reproduction of the public building of Prince Edward Island. SHIPLOAD OF HINDUS DETAINED

Drastic Action Taken by B.C. Immigration Authorities. Hindus Confident of Landing.

(Canadian Press.) VICTORIA, B. C. May 25.—That the Komagata Maru, the Japanese tramp steamer, will not be allowed to land her passengers, consisting of 376 Hindus in British Columbia, is the statement made by the immigration officials. The steamer is detained at the quarantine station. The reason of the port authorities in not permitting the landing was that the skipper had not a clean bill of health. The Hindus are confident that they will be able to avoid trouble while immigration officials are equally confident they have no fear of the result.

DERBYSHIRE SEAT IS WON BY UNIONISTS

LONDON, May 23.—The results of the by-election in the northeast division of Derbyshire, necessitated by the death of W. E. Harvey, being a gain for the Unionists, is acclaimed with great joy by the Unionist press this morning. At the general election the Liberal vote was 7,838 and the Unionist 6,083. Yesterday's vote gave the Unionist candidate, Major Bowden 6,469, as against 5,155 for Houghton, the Liberal candidate, and 3,669 for Martin, the Laborite. Thus while the Unionist is elected by a plurality of 314, the Radical vote combined exceeds his total by 3,355. This is the fifteenth Unionist gain since general election. The Liberal organs naturally emphasise the fact that it was a triangular contest, showing an overwhelming anti-Unionist majority. This argument, however, makes real concern respecting the latest developments in the relations between Liberals and Labor.

BRITISH NATIONALITY BILL DISCUSSED

(From our own Reporter.) OTTAWA, May 22.—A British subject anywhere, will hereafter be a British subject everywhere.

This is the chief effect of an Act respecting British Nationality, naturalization and Aliens, which received a second reading in the House of Commons yesterday. The Bill is the outcome of a desire which has long existed for a uniform system of Empire Naturalization. The matter was beset with obstacles and was the subject of discussion at three Imperial Conferences. Within the last year or two however a solution was arrived at and Bills providing for uniform Naturalization Laws have been introduced in the Parliament of most of the self governing Colonies. The new Law as represented and fathered by Hon. C. J. Doherty, requires a five years residence in the country to entitle a person to Naturalization Papers instead of three years as heretofore. This five year period need not however be passed in the particular portion of the Empire in which Naturalization is desired. Twelve months in all that is required.

FURTHER PROGRESS MADE IN COMMONS

PRESENTATION TO PASTOR

The high measure of esteem and value in which the congregation of St. James' Church hold their pastor, the Rev. T. F. Fullerton, D. D., has been hitherto clearly demonstrated on repeated occasions, and last evening further evidence was forthcoming of these happy relations between the Minister and his people. Dr. Fullerton leaves Charlottetown on Monday next in order to attend the General Assembly of the Presbyterian Church which is to be held in Toronto. At its conclusion he purposes taking a well-earned furlough which he will spend in travelling through the Canadian North West. In order to enable him to take this necessary holiday a certain number of his friends in the congregation (and a few outside of it) last evening presented him with a handsome sum of \$350. This amount was comprised in two presentations, one of which was represented by a cheque from a prominent member of the St. James' congregation who desires to remain anonymous.

The House is Likely to Close on June 3rd Unless Obstructionist Tactics are Repeated. Liberals Play Petty Politics.

(Special to The Guardian.) OTTAWA, May 24.—Hon. William Pugsley was absent from the House on Saturday and rapid progress was again made with the legislative programme and the talk of an early adjournment is again revived. The opinion is that the House will close on Thursday, June 5th. However, if Mr. Pugsley returns next week and repeats his tactics of this week, there will be no saying when the business will be wound up. Mr. Pugsley arrived in Ottawa on Tuesday and for the rest of the week until to-day, almost personally held up the business of the House: no progress was made on the C. N. R. and other bills were blocked. On Saturday the Inspection and Sales Act and the Cold Storage Bills were passed, while the Naturalization Bill in some respects one of the most important of the session, was given third reading. In addition, most of the public works estimates were passed, running up into millions. Practically only three measures of importance remain. First, there is the C. N. R. Agreement, the debate on which will be resumed on Tuesday; secondly, there is the Farmers' Bank Proposals, which will likely prove controversial, and thirdly, there is Redistribution.

A petty attempt was made by the Liberals to play politics when the Naturalization Bill was under discussion on Saturday.

Dr. Neely and several other Liberals objected to the fact that an adequate knowledge of either French or English, the two official languages of the country, was required. They endeavored to make out that this was a discrimination against Germans, a very evident play for the German vote.

Hon. C. J. Doherty pointed out that it would be impossible to include German as a qualification language without distinguishing against other nationalities. English and French, being the official languages of the country, had to be recognized, it would not do to mention any other language in the Act.

The result in Derbyshire is expected to materially effect the result in Ipswich where polling takes place on Saturday.
