FOX NOTES

"It is just fourteen weeks since the Murray River Silver Fox Co., Ltd., placed their stock before the public (1080 shares at \$100 a share) and today there are only a few shares left. It is a popular and reliable proposition, all right. The remaining shares are being handled by the Canada Fox Exchange and Investment Co., Stampers Block, where application blanks, prospectus, etc., can be obtained.

"The new issue of the Murray River Silver Black Fox Co., Ltd. has been advertised for only four days but today there are only a few - a very few - shares left for investors. Those who appreciate an investment in a sterling proposition such as this company offers, should call at the Canada Fox Exchange any time today - Thanksgiving Day - for information regarding the company, prospectus, application blank, etc.

"The company only fourteen weeks old - the proposition advertised for only four days - and only a few shares in a \$108,000 proposition left to offer the public! Such is the unique record of the Murray River Silver Black Fox Co., Ltd. Only a few shares are left - remember - and these will be snapped up quickly. If you want to get in right with this gold-bond corporation you had better get in touch with the financial agents right away - The Canada Fox Exchange and Investment Co., Ltd., in the offices formerly occupied by the Bank of New Brunswick, Stampers Block. 2207-10-20M31.

TON OF BRICKS FAIL TO KILL

PORTLAND, Me., Oct. 20. - Herman Keith joined the Chestnut Street Methodist church three weeks ago. Today, as he stood in front of the church building reading the announcement of services, more than a ton of bricks fell from one of the towers and he was buried.

Passersby dug him out and save for a few minor cuts and bruises he was uninjured.

For Sale

36 acres choice land with good house and barn 3/4 miles from the city on Malpeque Road. This is known as the 'Burke Farm' and the land is in a high state of cultivation. There is a bearing orchard of 400 apple trees and a good grove for a fox ranch near house.

Apply to DANIEL PARTRIDGE, Malpeque Road, or to this office. 2242-10-23Mstf.

SPECIAL LOCALS

One half cent per word each insertion in this column. Cash must accompany order. Minimum charge twenty-five cents. Rates for local in Charlottetown news column, two cents per word, not each insertion.

IN MEMORIAM

PRESENTATION TO JOHN J. McINNIS, EAST POINT

Dear Sir,-We, the parish priest and Elders of St. Columba's Church on behalf of ourselves and parishioners feel that it is our duty to approach you with expressions of deep gratitude - and to manifest in some tangible way our appreciation for your generous, whole-hearted efforts in the cause of good in our parish.

"As a teacher, you have done excellent work, endearing yourself to parents and pupils alike, as a parishoner you have ranked among the best and as a very active member of our congregation few have surpassed you; for in doing good you did not fail, but were ever ready wholeheartedly to correspond with each and every movement on foot for the good of the parish.

"We assure you, dear sir, that we have fully appreciated your faithful services, in the capacity of choir-master and organist, in our Church, both of which offices you have filled in a manner, well worthy of commendation. These, we well know, were labors of love to you. Your lively faith prompted you to give freely and generously of your time and talents to God's services, and as we are assured that special graces are in store for all those who take an active part in the services of our holy religion, we hasten to express the fond hope that you, dear Sir, during your years of faithful services here, may have gathered in the full quota of such graces.

"We wish also to express our deep regret that you, your estimable wife and family are about to leave this parish. Mrs. McInnis, during her few years at East Point has succeeded to a remarkable degree in winning by her cheerful and charitable disposition the good wishes of all with whom she has come in contact. As a promoter of the Sacred Heart, she has worked faithfully and well in the interest of the message and no doubt that Divine Heart will bless both her and her labors.

"The departure of such families as yours, dear Sir, is always a distinct loss to a parish - a loss which is deeply felt at the time of departure but which is likewise felt, we may say, for generations afterwards. For one family is often the nucleus of a great number of other families. However, there is a consolation left us and it is this, that what is our loss is another's gain, and, as self sacrifice is the very life of true Christianity we will not murmur.

"In conclusion, dear Sir, we ask you to accept this cheque as a slight token of our esteem for you, and we sincerely wish you, Mrs. McInnis and family many years of health, happiness, peace and prosperity in your new home.

(Signed) BERNARD GILLIS, P.P. Elders - L. McDonald, Pius J. Campbell, Colin J. Campbell, M. J. Campbell, Louis McDonald, Arch N. McPhee, Neil McPhee, Chas. McDonald, Andrew F. Campbell, Daniel Campbell.

ANGUS A. BLUE.

Fell asleep at Little Sands, after a lingering illness of Bright's Disease, Angus A. Blue, son of the late Alexander Blue, deceased, who was in his sixtieth year was of quiet friendly disposition, honorable, and respected by all his acquaintances. He leaves to mourn a sorrowing widow, two sons Alexander and George H., and one daughter Mary J., at home, also three brothers, Daniel and Hector, in the United States, and Duncan in Hopfield, together with a large number of relatives and acquaintances to mourn the loss of a loving husband, a kind father, and an ever helpful friend.

Rev. A. S. Stewart, Valleyfield, conducted the funeral service, and the interment took place in Little Sands Cemetery on Saturday, October 19th, where a large number assembled to pay the last tribute of respect to the deceased.

ONE COSE RELIEVES A COLD - NO QUININE

"PAPE'S COLD COMPOUND" ENDS BAD COLD OR GRIPPE IN A FEW HOURS. Relief comes instantly. A dose, taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and sniffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

SPORTING NEWS

SHOOTING CHALLENGE.

The first team of the Civilians Rifle Club in the match on Thanksgiving Day for the Capt. McKinnon Trophy are not satisfied with the tie which the club's second team succeeded in effecting with them - in fact, it was a tie which the second team had the better of, inasmuch as, making a better score at the longest range, they were placed before the first team in the results. The first team, therefore, desires to regain their lost laurels, and are challenging the second team to meet them again on the range for a shoot at the 200, 500, and 600 yards targets, with a barrel of flour as the prize, which may either be given to the hospital or to the highest scorer in the match. The challenging team are Major Jones, Messrs. W. S. Louson, G. M. Moore, G. R. Beer and P. Barlow.

U. S. PRESIDENT'S DAUGHTER WILL WED NEXT MONTH.

NEW YORK, Oct. 22. - Although engaged to be married next month, Miss Jessie Wilson, the President's youngest daughter, has found time to help the Young Women's Christian Association in its campaign to be formally begun soon, to raise \$4,000,000 within two weeks. At the home of Mrs. William Straight, at Westbury, Long Island, yesterday, Miss Wilson declared that neither tressou nor wedding cake concerned her enough to interfere with her interest in the welfare of needy girls. A large audience of fashionably dressed women from all parts of Long Island listened to her vigorous appeal for aid in behalf of the young women. "It we think of the difficulty we shall fall," she said, "we must strike right out from the shoulder - we must do a hundred percent of the job or more."

COLUMBUS BOATS WILL NOT BE TAKEN TO SAN FRANCISCO.

CHICAGO, Ill., Oct. 22. - Because of the hardships encountered in navigation on the Great Lakes, the proposed cruise of the Columbus Caravel through the Panama Canal to San Francisco, for the exposition in 1915, has been abandoned, and the three vessels, the Pinta, Nina and Santa Maria, will return to this city. This was the information received here last night from Cleveland, where the caravels are tied up in a winter boat yard.

The old boats, which were built for the Chicago exposition in 1893, are said to have sprung numerous leaks on the trip to Cleveland. It has been the expectation to repair them in Montreal before the ocean cruise was begun, but the plan is said not to have warranted the cost.

BRITAIN WILL SEND WARSHIPS.

LONDON, Oct. 21. - Great Britain today accepted the invitation from the United States Government to send representatives vessels of the British Navy to the gathering of the international fleet in Hampton Roads, early in 1914, to celebrate the completion of the Panama Canal, by making a voyage to the Pacific through the new waterway. The acceptance by the British foreign office has been forwarded to the Secretary of the United States Navy at Washington.

"For curing and banishing that cough and accompanying headache, sore throat, etc. you will find Rexall Cherry Bark Cough Syrup the really right and reliable remedy. It is most pleasing to the taste, allays all irritations and strengthens the delicate membranes of the throat. A bottle in two sizes 50c. and 25c. at outlet, guaranteed. The MacKinnon Drug Co., Corner Great George and Kent Sts.

THE WEATHER THE TEMPERATURE TIDE, MOON, ETC

(Special to The Guardian.) TORONTO, Oct. 23. - Moderate winds shifting to easterly, fair and cool. THE WEATHER. - Yesterday was clear with bright sunshine, but cool; clear and very cool at night. The highest temperature recorded yesterday was 64 above zero and the lowest was 44 above. The lowest the previous night was 44 above. At nine a. m. it was 46 above and at nine p. m. it was 44 above. The tide will be high this evening at 5.37 and tomorrow at 6.28; it will be high tomorrow morning at 3.46 and Saturday at 5.33. The sun sets this evening at 5 and tomorrow at 6.29 and Saturday at 6.30. The moon rises tonight at 11.49. The last quarter of the moon was on Wednesday, Oct. 22nd at 7.53 p. m. There will be a new moon Wednesday, Oct. 29 at 10.23 a. m. The length of today will be ten hours and thirty-two minutes.

MARITIME BAPTIST CONVENTION

(Continued from page one)

consider about religious instruction in the public schools of Nova Scotia. Other recommendations in reference to missions and education were made and adopted.

Resolutions of sympathy were sent to Rev. E. M. Saunders, D. D., concerning the death of his wife, and to Rev. C. H. S. McLearn, North River, P. E. I., concerning the death of his mother which took place during the convention at Rawdon, N. S.

A committee, with Rev. J. S. Porter, M. A., B. L. Chairman, was appointed to consider the matter of the publication of a handbook for the Baptists of the Maritime Provinces.

Rev. J. W. Brown, Ph. D., reported for the Historical Society. Much valuable material is being secured and preserved in the library at Wolfville, N. S., in connection with Acadia University.

Mr. Hughson, an Amherst lawyer, was invited to a seat in the convention and spoke on the temperance question. He explained that the N. S. Temperance Alliance was advising the repeal of the Scott Act and the acceptance of the Nova Scotia Temperance Act. The Baptist Convention has always been strong on the temperance question and this year no less emphasis was laid upon the extermination of this giant evil. Prince Edward Island was held up as the banner province in advanced temperance legislation.

Many other committees made interesting reports. A. W. Sterns, Charlottetown, gave the financial statement for P. E. Island. He was able to make a fine showing for the province. When he announced that the province had exceeded the allotment asked, the convention applauded. Prince Edward Island led Nova Scotia and New Brunswick in this respect and hopes to keep its position this year.

At the evening meeting splendid addresses were given by Dr. J. G. Brown, Toronto, General Superintendent of Baptist Foreign Mission work in Canada; Rev. H. Y. Corey, returned missionary from India, and Archibald Gordon, who is going to India this autumn for his first term. A moving scene took place when Rev. T. Blackader, who has been in the ministry for 50 years, as a pastor of weak country fields on small salary, stepped forward and offered \$100 towards the work in Chili, South America. He has a daughter, Miss Helena Blackader, who is a missionary in India. Then Rev. R. D. Porter, an aged minister of small means, arose and said: "I have laboured the past nine months on a mission field and my salary from the field has been \$20. I will give \$100 of this to make up the deficit in our missionary work." A wave of benevolence swept over the audience and in a little while \$2,400 was subscribed to wipe out the deficit of the eastern section which amounts to something over \$8,000. It was decided to continue the appeal in the Maritime Baptist '80 that all may have an opportunity to contribute and wipe out the deficit. It looks as if it would easily be done.

There was a total registration of 277 in attendance. It was a good Convention. The Amherst people entertained splendidly and were heartily thanked for their kindness. The Convention adjourned to meet next October in Fredericton, N. B.

SHOT PROFESSOR INSTEAD OF DEER.

ROSWELL, N. M., Oct. 21. - Professor M. G. Hammar, entomologist of the United States Department of Agriculture, who for the last two years has been doing special work in this State, was accidentally shot and killed by C. J. Leland, a druggist of this city yesterday, while they were hunting in the Capitan Mountains.

Leland, not knowing Professor Hammar was in range of two deer, fired with an automatic rifle. The bullet struck Hammar, killing him instantly.

Leland gave himself up to the officers after bringing the body here.

Prof. Hammar had been married but two months.

DEVELOPMENT OF HOME INDUSTRIES

It is particularly gratifying to record the growth of home industries. The history of one especially, that of Messrs. Bruce Stewart & Co., Ltd., Charlottetown, makes interesting reading. The business was started a little over 20 years ago, by Mr. Bruce Stewart, in an unpretentious building on the Steam Navigation Co's wharf. The goods turned out were their way in the markets. A machine or implement of any kind bearing the name, "Bruce Stewart," sold on sight. The name became a synonym for honest and reliable goods, and the demand for the Bruce Stewart goods and Bruce Stewart work soon grew beyond the capacity of the unpretentious shop.

In 1892 Mr. Andrew McNair, who had been trained in Scotland, who knew the engineering business from Alpha to Omega, and who is the Vice President of the present company, was taken into partnership. The new firm, under the name of Bruce Stewart and Company, and with the modest capital of \$8,000 continued to grow until demand again outgrew capacity and in 1910, the capital stock had increased to \$60,000. The average net profits during this period were about 22 per cent.

On January 31, 1910 the present joint stock company was organized with an authorized capital of \$125,000. In less than four years the demand has again outgrown the capacity of the plant, notwithstanding many enlargements and additions to the equipment. Last year the firm was obliged to turn down as many orders as they were able to fill for their Imperial motor which, in the space of only three years, had leaped to the front as one of the world's best gasoline engines.

Such a growth as this proves conclusively that, given the right industry, the right kind of management, and the public confidence inspired by honest and reliable goods, Prince Edward Island offers as many inducements as any other part of Canada for industrial development. It is not too much to say that no other manufacturing concern in Canada has made more rapid, more healthy and more satisfactory progress in the same time than has that of Messrs. Bruce Stewart & Co., Ltd.

It is still growing. There should be practically no limit to the expansion of such a concern as this. It is built on the solid foundation of real merit, capable management and honest goods.

In advocating the establishment of new industries in Charlottetown, desirable as they undoubtedly would be, the claims of those already established should be remembered and their development and extension encouraged as far as possible. While the fact that the business of Bruce Stewart & Co., Ltd. has outgrown the capacity of its plant is in every way creditable to the firm, it would be a distinct injustice to the city and to the province if, with such a history, such management and such possibilities, its development should go no further. The limit of its possibilities is yet a long way off. The development of established home industries is a true patriotism.

FAMOUS ENGLISH AUTHOR DEAD.

LONDON, Oct. 21. - Charles E. Brookfield, the author of "Dear Old Charlie" and other well known works, whose appointment as joint censor of plays in 1911, created amazement and harsh criticism, died here yesterday.

SIX MEN KILLED BY EXPLOSION IN STATEN ISLAND.

NEW YORK, Oct. 21. - Six men were instantly killed, four others badly injured one probably fatally, and practically all of Staten Island was left in darkness and without trolley service to-night as the result of a double boiler explosion at the plant of the Richmond Light & Power Company at Livingston, Staten Island.

The dead men are Daniel Sullivan and Phillip Gudden, firemen; Francis Hanna, engineer; Patsy Demezeto, laborer, and two unidentified.

YOU'RE BILIOUS AND COSTIVE! - CASCARETS

SICK HEADACHES OR SOUR STOMACH? MEANS SLUGGISH LIVER AND BOWELS.

Get a 10-cent box now. Purged Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery - indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrid and nauseating. A Cascaret to-night will give you constipated bowels a good cleaning and straighten you out by morning. They work while you sleep - a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children - their little insides need a good gentle cleansing, too.

If you want a liquid tonic we most heartily recommend Rexall Emulsion of Cod Liver Oil. This is the most palatable form of pure, Norwegian oil that is before the public today, and in building up new bone, blood, sinew and tissue has worked such wonderful results that we can heartily recommend it to any person suffering from debility or a run down condition. In two sizes 75c and 35c, money back if dissatisfied. The MacKinnon Drug Co., Corner Great George and Kent Sts. Mt.

LONG AEROPLANE FLIGHT STARTED.

ISSY-LES-MOULINEAUX, France, Oct. 21. - One of the longest aeroplane flights ever attempted was started from here this morning.

The French aviator, Pierre Dauceourt, who took with him as his assistant another French aviator, Henry Roux. He rose from the aerodrome and departed on the way to Cairo, Egypt, a distance of 3,348 miles.

Stops are to be made at Schaffhausen, Germany; Vienna, Austria; Budapest, Hungary; Belgrade, Serbia; Bucharest, Roumania; Varna, on the Black Sea; Constantinople, Turkey; and at various cities in Asia Minor, including Jerusalem, and the flight is to be concluded by way of Fort Said and the Egyptian capital.

The French foreign office made elaborate arrangements through its consular officials in the various countries to facilitate the passage of the aviators, and large supplies of liquid fuel and lubricating oil are sent to the Turkish capital for distribution at the central station in Asia Minor, which are separated by distance of about 200 miles.

BIG RAINS BRINGS OUT MANY LOGS.

NEWCASTLE, Oct. 21. - A unique situation has been caused by the recent heavy rains in this section. The rivers have risen to flood height and the lumbermen are taking advantage of this and have crews of men at work bringing out the drives which were stuck last spring. Messrs. D. & J. Ritchie have a crew on the Portage River and at last reports the logs will all be in the booms inside of the next ten days. There is a possibility of several of the mills, which have been shut down for the past month, resuming operations.
