SUMMERSIDE

**SPRINGFIELD W. I.**

The August meeting of the Springfield Women's Institute met at the home of Mrs. Reginald and Miss Muriel Haslam. In the absence of the President and vice-president, Mrs. Ernest Haslam occupied the chair. Meeting opened with singing of Institute Ode followed by repeating the Creed in unison. Eight members and two visitors answered roll call with recipes. Minutes of last meeting were read, approved and signed. Red Cross committee reported two sweaters and two pairs of slippers made. Bills were presented and paid. Treasurer's report \$59.73. A very interesting letter from the

secretary of our Adopted Institute in England was read also one from the Island Book Room concerning Christmas Cards and it was decided to send for 12 boxes. As the meeting was small, the place of next meeting was undecided. Lunch committee—Mrs. Arthur Haslam, Mrs. William Haslam, Mrs. John Hickon. Program committee—Mrs. Wm. Curley and Mrs. Ivan Lambie. School committee—Mrs. Everett Haslam. Roll call—a variety of apples grown on P. E. I. Music teacher for the school was again discussed and it was left to the committee. Mrs. Reg. Haslam and Mrs. Arthur Haslam to canvas the parents regarding funds. A kitchen contest was won

by Mrs. R. E. Howard and Miss Matilda Haslam. Lunch was served and meeting closed with the National Anthem.

**SIX FIREMEN OVERCOME**

TORONTO, Aug. 29 — (CP) — Six firemen were overcome Saturday fighting an estimated \$10,000 fire in East-Central Toronto. Nearby, thieves snatched a total of \$260 from two stores as clerks watched the blaze. Spontaneous combustion is believed responsible for starting the fire.

**LARGE VARIETY**

Nearly 60 kinds of food fish as found in Canada.

Alger Hiss (standing right) and Whitaker Chambers (standing extreme left) come face to face at a dramatic public meeting of the House Un-American Activities Committee in Washington. The purpose of the meeting was to show which of them lied during House hearings on Communism-in-Government. In center, pointing at Chambers, is Robert Stripling, chief counsel for the committee.

**Alberton**

Miss Dorothy Ann Green is spending her vacation at the home of her grandfather, Mr. A. C. Green.

Mrs. Herbert Brown left by bus the earlier part of the week to visit relatives in the vicinity of Boston—A.

Miss Bessie Fielding has returned to her home in Lawrence, Mass., after spending the past month with her sister, Miss Mabel Fielding.

Miss Florence FitzPatrick is visiting here, the guest of her parents, Rev. R. A. FitzPatrick and Mrs. FitzPatrick at the United Church Parsonage.

Mrs. J. H. White of Vancouver is visiting her brother, Mr. R. H. Gordon at the home of Mr. and Mrs. George Ramsay. It is about twenty-seven years since Mrs. White last visited here, and she is receiving a warm welcome from her numerous friends.

Mrs. G. C. Gordon recently returned home after a very pleasant visit to Melrose, Mass., where she was the guest of her sister, Mrs. N. M. Woodside. Her daughter, Miss Alice Gordon, travelled by bus through United States to visit friends in Gypsumville, which points she served as home missionary for a number of years.

A miscellaneous shower in honor of Miss Alice Gordon was held at the home of Mrs. Arthur Wright one evening recently. While the wedding march was being played by Mrs. Hubert Campbell, Miss Gordon was led to a place of honor by Mrs. George Ramsay. "Oscar" had a busy evening as from time to time he directed the bride-to-be to numerous packages concealed about the house. The verses and good wishes which accompanied the beautiful gifts were read by Mrs. J. N. Smythe. After Mrs. Gordon had expressed her thanks and appreciation, all joined in singing, "For She's A Jolly Good Fellow." A happy social hour, during which refreshments were served, was followed by "Auld Lang Syne."

**Field Day At Long River**

Nearly 200 farmers with their wives and families gathered at the farm of William E. Johnstone, Long River, on Wednesday afternoon to attend the Field Day sponsored by the Division of Illustration Stations, Charlottetown.

From the very moment of turning into the tree-lined driveway it was favorably impressed. Time did not permit a tour of the whole farm but attention was attracted to three points of special interest by the supervisor of Illustration Stations, Mr. W. N. Black, namely: A potato experiment where different formulae was applied which gave the field a checker-board look, a pasture experiment where 20 acres of steeply-sloping hill was covered with a thick heavy mat of clovers and grasses and lastly, the swine.

Mr. Johnstone's 2-year old sow, Cornwell Empress 2A comes from the most famous line of breeding strains of Yorkshire bacon type pigs in the world. She has an advanced registry score of 91.

Under the large marquee the crowd listened with interest to the many varied talks and gathered much useful information. The speakers were: Hon. W. F. Alan Stewart, Minister of Agriculture; Dr. J. E. Latimer, Professor of Economics, MacDonald College, P. Q.; Mrs. Harry W. Cudmore, Director, first aid, swimming and water safety, Canadian Red Cross Society, Charlottetown; Mr. R. C. Parent, Superintendent, Experimental Farm; Mr. H. W. Clay, Senior Livestock Fieldman, Dominion Production Service; Mr. S. C. Servotte, Dominion Poultry Fieldman; Mr. W. N. Black, Supervisor of Illustration Stations, Charlottetown.

The afternoon closed with a lovely lunch served by the Women's Institute of Long River.

**SET BUILDING RECORD**

LONDON — (CP) — A post-war record of more than 21,000 permanent houses were built in Britain during June, it was announced recently. At the present rate of building about 1,000 families are being rehoused every working day. Between the end of the war and June of this year, 725,000 permanent and temporary houses were completed.

**COMPLAIN OF "GHOST"**

DURBAN, South Africa — (CP) — Enraged residents of hotels and flats along Durban's Esplanade have petitioned their M.P.'s to banish a "ghost" which has been filling the nights with screeches and groans. The "ghost" is a harbor dredge working 24 hours daily. On still nights it can be heard three miles away.

**BURLINGTON**

Mr. and Mrs. Carl Getson and little daughter, Irene, of Kildara Capes, were in Kensington on Tuesday and attended the funeral of the late Mr. William Sudebury.

Mrs. S. C. Thompson and daughter Carol returned to their home in Charlottetown on Tuesday after spending a week at Kelvin and vicinity. They were accompanied by Miss Diane Mayhew, Margate who will be their guest.

Mr. and Mrs. Albert Craswell, have returned to their home at Ruston, after spending a few days at Clermont, where they were guests of Mr. John Mill and family. On Sunday they accompanied Mr. and Mrs. Ernest Mill to Burlington, where they visited their niece and nephew, Mr. and Mrs. N. W. Paynter.

Mrs. W. J. Harrington presided at the August meeting of St. Stephen's W. A. held in the church at Burlington. The meeting opened with the regular devotional service, and the hymn, "O Master Let Me Walk With Thee." Mrs. Hiram Harrington read a report by H. J. Newman, under the title, "Inauguration Through Canadian Eyes, which appeared in the May number of the Farmer's Magazine. Rev. Mr. Newman, a former rector of this church, left here four years ago, to serve the Church of England in Palampur, Punjab, India. He has been placed in charge of an agricultural project designed to improve better living conditions for the people who do not get the variety, amount or quality of food that Canadians enjoy. Inadequacy is a great curse. Vegetable growing has been introduced, out at much more difficult than in Canada.

A letter of thanks from L. Kempis in England who received a donation of food from St. Stephen's Church was read. It was decided to purchase a second lamp for the chancel. The rector, Rev. J. J. Davies, was invited to address the meeting and gave an interesting report on the World Council of Churches. He said, "what the world needs is unity, not uniformity," and compared the Protestant church to a wheel with each spoke representing a nation and Christ, the center. "Unity where all are at one with Christ, the World Council of Churches is moving in the right direction." Mrs. Harrington thanked the rector for his timely remarks, and the meeting closed with the benediction, pronounced by Mr. Davies.

**Says Dieppe Raid Was Turning Point**

TORONTO, Aug. 30 — (CP) — The Dieppe raid by Canadians in August, 1942, was "the turning point in our technique for the great invasion" Earl Mountbatten of Burma, the man who conceived the raid, said Saturday.

The former combined operations chief, who told a press conference Friday he was "astounded" that any doubt existed in Canada over the value of Dieppe, declared that "it was not a question of it being valuable—it was indispensable."

"The Battle of Normandy was won on the beaches of Dieppe," he told the press conference. "If I had to do the same thing over again, it would be out of the question not to have an operation of the type of Dieppe. For every life lost at Dieppe we saved 10 during the invasion."

Saturday he told a Warrior's Day luncheon at the Canadian National Exhibition some of the problems of commando raids on the continent and the background behind the Dieppe assault.

Dieppe, the "greatest and the most important single operation ever carried out in war" not only gave the Allies the right lessons in invasion technique but "what was equally important, the Germans first saw the wrong lessons from Dieppe."

**Ousted Red Envoy Sails For Home**

NEW YORK, Aug. 30 — (AP) — Jacob M. Lomakin, ousted by the United States State Department as Soviet consul-general here, sailed for Sweden Saturday aboard the liner Stockholm.

The 44-year-old envoy, stripped of his credentials by President Truman, was accompanied by his wife and two children, Lora, 11, and Alexis, six.

The Stockholm is scheduled to arrive in Gothenburg, Sweden, Sept. 5.

Shortly before the vessel departed, a Swedish-American line official quoted Lomakin as saying he had been ordered to the United States by General Assembly meeting in Paris where he would serve as chief adviser to the Russian delegation.

Lomakin was uncertain, the official said, whether he would go immediately from Sweden to Paris or return home to Moscow first.

Lomakin parried all questions relating to Mrs. Okasa na Kasenkina, the Russian school teacher whose accusations touched off an international controversy and led to his recall.

He did say, however, he had booked today's passage on the Stockholm six weeks ago, intending at that time to return home for "a rest."

Lomakin was accused by the State Department of "highly improper" conduct in the Kasenkina case. The teacher, injured critically in a three-storey leap from the Soviet consulate here, said she had

**BLOOMFIELD & VICINITY**

The festival recently held in Ploverville school was a decided success. The people of this community are to be commended for their co-operation in working as they did for a good cause, getting a graded school.—Blom.

Mr. Joseph LeClair has this to tell of his brother, Thomas, of Sussex, N. B. The latter formerly of Bloomfield, on Friday, Aug. 20 celebrated his 60th wedding anniversary. He is 97 years of age while Mrs. LeClair is 91. Both are enjoying excellent health and Mr. LeClair is a gardener worthy of note. He followed the sea for several years and met and married Mrs. LeClair in Liverpool, Eng.

A very pretty wedding was celebrated in St. Anthony's R. C. Church when Mary Mildred, daughter of Mrs. Moses Gallant, became the bride of O. S. Clarence J. Pineau, son of Mr. and Mrs. Urban Pineau of Bloomfield. Rev. M. J. Ronney blessed the marriage and celebrated the Nuptial Mass. The bride was beautifully dressed in white brocade satin with three quarter length veil and silver leaved head dress. She carried a beautiful bouquet of American Beauty roses. She was attended by her sister Edna who was dressed in pink taffeta with shoulder length veil and carried pink snapdragons. The bride was given in marriage by her brother, Leo. The groom was ably supported by his brother Reginald. Appropriate hymns were rendered during Mass by Mr. Plus Pinnan and members of the Sodality choir. After the solemn breakfast was served at the bride's home to upwards of sixty guests. The bride party then motored to Summerside to have photographs taken. In the evening a reception was held at the home of the groom, where many friends and neighbors called with beautiful gifts and good wishes for the popular young couple. After the reception the happy pair left by plane and toured the Maritimes on their honeymoon. They will reside in Halifax where Mr. Pineau is at present stationed in the Royal Canadian Navy.

**Human Bones Elastic as Wood**

WASHINGTON, Aug. 29 — Elasticity of human bones is about one-fourth that of steel, but about equal to the elasticity of wood.

That was discovered in tests made at the National Bureau of Standards here. The new study is aimed at finding out how the human body behaves under shock in airplane crashes, seat-ejection from planes, parachute opening and exposure to blasts. The project has been undertaken in conjunction with the Naval Medical Research Institute.

The scientists first investigated the mechanical properties of human bones and joints, because the skeleton supports the body and protects vital organs.

Specimens were made from impact type bombs from the extremities of human beings and monkeys. They were put through seventeen tests with special gauges.

Ultimate strength of bones under compression was found to be full 20,000 pounds a square inch. This gives bone a compressive strength of about one-fourth that of cast iron, or twice that of hickory wood. Compression bone specimens failed with a sudden snap and with longitudinal cracking.

The next study planned in the research program will include tests of the entire human knee joint in the standing position.

New developments in high-speed aircraft have caused flight personnel to be subjected to shocks and impacts in regular flying as well as accidents, but aviation scientists said. Basic information for the development of new safety devices is expected to come from the research program.
