## WEAK AND WASTED BABIES

More Striking Cures by Dr. Cassell's Tablets.

A British Medicine of World-wide Popularity.

**Baby's Cure Just Wonderful!**

**Was Wasting Away for Want of Nourishment.**

**Just Seemed Like Skin and Bone.**

**Months of Treatment of No Avail.**

**Afterwards Completely Cured by DR. CASSELL'S TABLETS.**

That Dr. Cassell's Tablets are an suitable for young children as for adults will be evident to all thoughtful mothers when they read the following true testimony.

"I am so delighted with Dr. Cassell's Tablets that I don't know how to praise them enough. I am quite sure they saved the life of my little baby." So says Mrs. Emma Martin, a happy young mother, residing at 1111-1113, Havelock Street, Havelock, Ont. And she goes on: "Baby was only a few weeks old, poor little girl, when she fell ill, and nothing that we could do for her was of the slightest use. For months she was under treatment, and had ever so many bottles of medicine, but she only got worse. Nothing would remain on her stomach, she was just wasting away for want of nourishment. We had all sorts of infants' foods for her, but it was always the same, poor little baby would do nothing with them. Whatever we gave returned almost at once.

"We were told it was very severe dyspepsia, and that there was nothing to do but persevere. We did persevere, but I am sure I did everything I could, but all the time my child was getting thinner and thinner till she seemed just skin and bone. She looked like a little shriveled-up old woman. At last we lost hope altogether, and quite made up our minds that baby could never recover. Every body who saw her thought the same. She was positively dying of starvation, poor little mite, for no food at all agreed with her.

"I am sure I can never sufficiently praise Dr. Cassell's Tablets; they were the means of saving my baby's life." So says Mrs. Bate, of 8, Queen-street, Quarry Bank, Brerley Hill, England, and her name will be echoed by every Canadian mother who has ever used Dr. Cassell's Tablets.

Mrs. Bate continued: "Baby had not been strong from birth, and when he began cutting his teeth he got ever so weak and ill. First, there was a breaking out on his little body, and then he just seemed to waste away before our eyes. We were told it was severe bowel trouble; but though everything possible was done to save him, poor baby appeared to be beyond hope of recovery. He was always very restless, and hardly got any sleep, so thin that you could have almost blown him away, as the saying is. Whatever kind of food we gave him returned. He was very restless, and hardly got any sleep. We were constantly in fear that baby would die when we were not watching. We had sat up with him all one night, when then, by a lucky chance, we read about Dr. Cassell's Tablets, and at once sent for some. Very soon there was improvement, the sickness stopped and the diarrhoea, and from that time baby got better and better, till now he is as well as any child could be.

WEDNESDAY

The quarterly meeting of the Presbytery of Prince Edward Island was held yesterday in St. James' Hall, there being a large attendance of ministers and elders. A good deal of business was done. Circular letters were read notifying of application by eighteen ministers of different denominations to be received in the Presbyterian Church at the next general Assembly. A call from the congregation of Little Narrows, Cape Breton, was presented to Rev. Alexander Ferguson, Minister of Strathalbyn. The call was supported by Rev. Allister Murray, Minister of Middle River, Cape Breton. Commissioners from the congregation for Strathalbyn made a strong plea for retaining Mr. Ferguson's services. The call was accepted by Mr. Ferguson, and his pastorate in Strathalbyn will close on May 16. The Presbytery took up a call from Orwell to Rev. Dr. McEwen. Having heard commissioners from the congregation, on motion of Dr. Fullerton the Presbytery resolved to give Dr. McEwen three months to consider the call and in the meantime to remain as stated supply for Orwell. This was all the business done at the morning session. In the afternoon Presbytery agreed to apply to the Church and Manse Building Fund for a free grant of \$500 for Murray Harbour with congregation. The Clerk submitted a report on statistics which was adopted. The budget allocations were made the same as last year. The Clerk reported on the Presbytery Fund. Presbytery disapproved of the report of the General Assembly reducing the representation from 1 in 6 to 1 in 8. Rev. H. J. Fraser was nominated for the Home Mission Board in place of Rev. E. J. Rattee, who has left the Presbytery. Four months' leave of absence was granted Rev. George Miller, and Rev. E. Lockhart was appointed interim moderator of the Presbytery during his absence. On motion of Dr. Fullerton, seconded by Rev. G. C. Taylor, Presbytery unanimously and heartily adopted the following resolution: "That this Presbytery endorse the Provincial Patriotic Abstinence movement and urge upon their congregations the desirability of signing the pledge in connection with same." This was all the business and Presbytery hereafter adjourned.

THURSDAY

**WEDDING BELLS.**—A quiet wedding was solemnized at St. Paul's Rectory last night, when Miss Florance Winchester, daughter of Mr. and Mrs. Joseph Winchester, became the wife of Mr. Wallace Stewart, Brandon, Manitoba, who has been visiting his home on the island for some months past. The ceremony was performed by Rev. T. W. Murphy in the presence of only the immediate friends of the contracting parties. They leave this morning for Brandon. On Tuesday night the bride was remembered by the members of the Rebekah Lodge, of which she is a member, and showered with acceptable gifts. The Guardian joins with many friends in extending best wishes to Mr. and Mrs. Stewart.

**WEDDING BELLS.**—At the residence of Mr. and Mrs. W. C. White, Brighton, their eldest daughter, Miss Ethel P. White, and Mr. Alfred Pickard, one of the leading of the younger business men here, became the bride yesterday morning by the Rev. G. C. Taylor. The bride was beautifully dressed in a costume of blue and carried an exquisite bouquet. Only the immediate relatives were present and the couple were unattended. After the wedding a dainty breakfast was served, when the wedding party drove in automobiles to the station and on to a honeymoon trip to some of the leading cities in the United States. The Guardian heartily extends congratulations.

**I. O. G. T. CONCERT.**—The concert which was given on Tuesday evening by the members of Charlottetown Lodge No. 19 I. O. G. T. proved a decided success, a goodly sum being realized. ### PRINCESS PATS USE ZAM-BUK

NOTHING MORE WELCOME IN THE TRENCHES

Pts. J. R. Smith, of the "Princess Pats" writing to a friend in Ottawa, says: "Tell the friends if they want to help me, such articles as socks, handkerchiefs, rough loosenges and Zam-Buk would be useful indeed."

Scores of other messages from the front are to similar effect. One private writes: "Mrs. — offered to send me a rug. I have written to tell her to send out some Zam-Buk instead. It will be of more use here than all the blankets in creation."

Another says: "Advise every one of the boys to bring with him a box of Zam-Buk; it is better than a loaf of bread to a starving man out here."

Still another private says: "On the retreat from Mons we had a forced march of 37 miles, and not a man who used Zam-Buk on his feet fell out."

For sore feet, chafed places, scalds, sores, barbed wire scratches, cuts, abscesses, painful sores, etc., Zam-Buk is a veritable marvel. It stops the pain and heals so rapidly. Here it costs but fifty cents per box. Out at the front, to your friends in the trenches and engaged on communications is a very handy and a few boxes in your next parcel. Remember also that, for the same kinds of injuries sustained at home, it is just as good.

of dialogues, solos, readings, recitations and piano selections. At the close of the programme the baskets were auctioned by Mr. Benjamin Carter, who deserves special mention for the way in which he performed his duty. Mr. Carter is very popular with the young people and as natural the baskets sold at a good figure. Coffee was served by the members of the Lodge and after the young men had eaten of the contents of the basket the young ladies who owned the same all returned home well pleased with the evening they had spent.

**A YOUTH PASSES AWAY.**—The Angel of death has spread his wings over another victim and has brought grief and consternation to the home of one of the most respected families of Mont Carmel, when on Tuesday, May 4th at a quarter to three in the afternoon, passed away Mr. George Brun, adopted child of Mr. Joseph A. Richard and son of Mr. Pacific Brun. The deceased was adopted in his early youth, and was cared for with all possible vigilance and paternal love. He leaves to mourn a foster father and mother, grief-stricken and two sisters, a nun in a convent in the United States and the other adopted in Summerside by Mr. and Mrs. Phil Arsenault, her parents having died. Deceased was in his 17th year and was a model boy for his age and behaved all through his illness with great fondness and patience, trusting in his Maker as a devout Christian would do. This young lad attended school the greater part of the winter and continued his studies as long as his health permitted. The funeral took place Friday, largely attended by relatives and friends. The pall-bearers were Messrs. John C. Acorn, Joseph R. Richard, Andre Aucoin, Francis Richards, Augustin Richard and Mr. Richard. The funeral was composed of friends, and relatives followed by the teachers and pupils of Mt. Carmel School, who all write in heartfelt sympathy for the family in their grief. R. I. P.—R.

**SEED ASSOCIATION.**—A meeting of the Co-operative Seed Association was held in the Agricultural Hall, Summerside, on Tuesday, May 11, for the purpose of further organization and the appointing of a Directorate. The President, Rev. J. J. McDonald, of Kinkora, occupied the Chair and explained in a few fitting words the object of the meeting. After the adoption of the Minutes of the previous meeting, Mr. Joseph Reid was called and dealt with the offer the Company could make in handling the product of the Association. This was later received in writing and dealt with by the meeting. A partial list of by-laws was constructed and the balance left for a committee composed of Albert Schurman, Rev. J. J. McDonald and Professor Reid to construct. The following Directorate was then appointed: Hon. Murdoch McKinnon, Honorary President; Rev. J. J. McDonald, Kinkora, President; Thos. Waugh, North Bedouque, Vice-President; Prof. W. J. Reid, Summerside, Secretary; Treasurer, and Albert Schurman, Central Bedouque; W. H. McGregor, Central Lot 16; Horace Wright, Bedouque; John Sinclair, Springfield; Theodore Cross, Charlottetown; Richard Creed, Albion, as Directors. With general assent the next meeting will be called towards the last of June. Those present at the meeting felt that a large field could be developed for the sale of a high grade grain. This will necessitate the permanent attention of every member in that direction but the outcome will be most agreeable to those who show persistence. The Standing Fields of Grain Competition is a prominent feature in aiding the development of the movement and all interested should avail themselves of full information on the subject.

Besides giving a readable and interesting history of the industry and its pioneers, it devotes chapters to such subjects as Management of Ranches and Ranching Companies, "Location and Construction of a Modern Fox Ranch," "Food and Feeding," the conditions which make the industry valuable from the investor's point of view, and many other topics which will enable the reader to get a comprehensive grasp of the whole industry.
