New Brunswick to Have Pro Baseball League This Year

FREDERICTON, March 28.—Progress towards the formation of the proposed professional baseball league in New Brunswick for the coming season has been considerably more rapid than expected. The Fredericton Gleamer says today that the organization meeting has been called and will be held at St. John today. Apparently the program is to have the moving spirits in the project get together first and when they have a definite program formulated to place it before the public in the various centres to be embraced in the league.

1923 SERIES STUDEBAKER LIGHT-SIX TOURING CAR, \$1375

ECONOMICAL

The Studebaker Light-Six Touring Car is an investment in economical transportation. Its price is low, because savings made possible by quantity production and by the virtual elimination of parts-makers' profits are passed on to the buyer. The Light-Six is economical to drive—27 world-wide tests established an average of 26.9 miles to the gallon of gasoline. Maintenance costs are minimized—Studebaker's sales of parts, covering accidents as well as service, averaged in 1922, but \$13 per car in operation. The quality is high; the price, low; and the name on the radiator ensures lasting satisfaction.

You can afford a Chevrolet because of its amazingly low purchase price. This price includes complete modern equipment. Not an extra remains for you to buy.

Despaired of Life at 50 Strong and Well at 70

Mr. Jacob H. Macksey, 336 Midland Ave., Midland, Ont. writes:—

"I have used Dr. Chase's Kidney-Liver Pills for over 20 years and I feel that I owe my life to them. I suffered severely from rheumatism and heart failure. One doctor just gave me one year to live, and even told me I might be found dead at any time. A neighbor advised Dr. Chase's Kidney-Liver Pills and I have been using them as needed ever since. I am now 70 years of age, weigh 217 pounds and can work as well as any young man."
