1930 A RECORD YEAR FOR LEVER BROTHERS

Mr. P. Farnell Tyler, President of Lever Brothers Limited and a number of associated companies has reported a record breaking year ending the 31st December 1930, surpassing in volume all previous years by a good margin and showing a very satisfactory profit.

It is interesting, at this time of world wide business depression, to hear of the success of this Company whose products, entering into every Canadian home, have been purchased by the public at the lowest prices in the past fifteen years.

This should serve as a tonic to those of us who are inclined to think that business is bad everywhere in Canada, ignoring or being uninformed as to the excellent progress of many of our largest enterprises.
