TALKING OF WEATHER. The beautiful weather of the past few weeks, of the whole summer in fact, is not without parallel in the meteorological history of the province. Indeed it has been typical Prince Edward Island weather to which there have been few exceptions in odd years. Mr. P. S. Brown informs the Guardian that on November 24th and 25th, 1878 he held two days races on Upton Park which he had leased from the late Dr. Jenkins. On those two days the mercury stood at 85. On the first of these days the principal event was the race between the two famous stallions All Right and Messenger Boy, the former winning.
