Apply Sulphur To Heal Up Your Skin

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up. Get a small jar of Rowles Mentho-Sulphur from any good drug-gist and use it like cold cream.

LONDONER WALKING TO CONSTANTINOPLE

LONDON, Oct. 2.—A tramp across Europe, from Ostend to Constantinople is being undertaken by Ralph Michaelis, of Cambridge. He is out to create a "record" by completing the distance, some 1,500 miles, in 10 weeks. His itinerary takes him across Belgium, Germany, Austria, Hungary, Yugoslavia, Greece and Turkey.

Interviewed, Mr. Michaelis said that he was relying on "army socks and army boots" to get him across the continent in record time.

His luggage was more than modest in its simplicity, for it consisted of a single rucksack containing a waterproof, a spare shirt, a razor, a dozen pairs of army socks, and a passport with six visas, and a military permit for Turkey.

"Socks are by far my most important article of clothing," said the traveller.

ISADORA DUNCAN DETAINED ON SHIP

NEW YORK, Oct. 5.—Isadora Duncan, classic dancer, whose liberal views of social conventions have been much discussed, was detained today by the immigration officials when she arrived on the French Line steamship Paris, from Havre. She was held at the request of the State Department at Washington, and will have a hearing at Ellis Island tomorrow, if she volunteers to go.

The dancer was accompanied by her young husband, Sergeant Essenne, a Russian poet, to whom she was married in Moscow last April. He was also detained. While no information was given out as to the reason for the detention, it was intimated that Mme. Dun-

BIG WINDJAMMER AT CAMPBELLTON

CAMPBELLTON, N. B., Oct. 3.—One of the largest sailing vessels that has docked here in recent years is now loading at this port. The vessel which is a four-masted barque of 3,500 tons displacement named *Souvenir*, arrived here Sunday the 17th inst., and is loading long lumber for Stetson Cutler, formerly known as the *Shives Lumber Co.*

The *Souvenir*, which is twenty-nine years old, having been built in Holland in 189, was formerly a German vessel. During the recent war she was laid up on the west coast of America and after the armistice was taken over by the British government. She was later bought by the Berntsen of Hvedestrand, Norway, and was fitted up and put into service. At

present she is in command of Captain Arnold Bernsten of Hvedestrand. In an interview Capt Bernsten spoke enthusiastically of his wife and two bright children who accompanied him on his long voyages.

Besides being one of the largest sailing vessels afloat the *Souvenir* is fitted with every modern equipment, having patent anchors similar to large steamers, and motors for hoisting her sails. It will take about three weeks more for her to complete loading as she will take on about two million feet of lumber. Leaving here she will sail for Australia, touching at Adelaide and Melbourne.

"I am an American," claimed the dancer, "I am proud of it, but I will not leave this ship before the Ellis Island."

Technically she lost her citizenship when she became a Russian citizen. It is considered possible, however, if the doctor recognizes her as a Russian citizen, the amputation will be a mercy and that she will be as an artist.

"Why, I never saw Trotsky in all the time I have been conducting the start children in Moscow," said to reporters. "And he is just a young Russian. He is not a politician, but our passports are valid and we aren't coming spread propaganda. We want to tell Americans who are being neglected."
