Stock Markets At A Glance

CHICAGO, Nov 30 — (AP) — Grain futures were weak most of the time today on selling inspired partly by rumors that substantial deliveries of cash grains would be made tomorrow on December futures contracts.

TORONTO, Nov. 30 — (CP) — The Toronto Stock Market displayed a more confident note in the final stage of today's session and index gains were netted by the golds and Base Metals. Western Oils finished the day with a loss of .64. Volume was sizable at 2,554,000 shares

WINNIPEG, Nov. 30 — (CP) — Rye futures prices on the Winnipeg Grain Exchange today again moved irregularly showing early weakness on light selling and lack of support. They rallied for small gains in deferred months during the last hour. A few selling orders in the closing stages, however, found support thin and lost all their early advantages. Dealings were dull throughout the session.

NEW YORK, Nov. 30 — (AP) — Led by motors, steels, rails and a wide assortment of specialties, the Stock Market negotiated a substantial recovery swing today that put many favorites at peaks for the past several years.

Closing advances ranged from fractions to 2 points generally with scattered issues up 3 to 5. Transfers for the full proceedings totalled 1,820,000 shares.

The Associated Press 60-stock average was up .7 of a point at 75.6.

MONTREAL, Nov. 30 — (CP) — Securities continued Thursday's upswing in transactions today on the Stock Exchange and Curb Market and again moved up from the lower levels to which they dropped in the narrow technical correction during the past two weeks. Utilities hit a new five-year high in the indices and banks went to their best range since their index was initiated in the averages. Industrials and papers were up and golds off. A number of individual issues switched from loss to gain territory.
