At the London market an advance of 1/8c to 1 1/8c per lb. was compared with those paid on Monday. This was attributed principally to some demand that came from the United States, which resulted in sales of several car loads being made, and in addition to this it was also reported that some business was done for English account, but this could not be confirmed, in fact some of the largest export houses stated that business in this direction was still and slow.

We quote wholesale prices for round lots as follows:
The receipts of cheese yesterday were 8,594 boxes, as compared with 7,098 for the same day last week, and 4,983 for the corresponding day a year ago. There was no actual change in the condition of this market, the demand from over the cable being reported slow at prices which were of little inducement to exporters, but there had been rather more business passing on spot, and it is reported that sales of 8,000 to 10,000 boxes have been made so far this week and the goods shipped out. Old Kapp Group Is Suspected
Wirth Says Erzberger Was Victim of Monarchist Plot

Wirth told the Reichstag standing committee today that he had proof of a monarchist plot behind the murder of Dr. Matthias Erzberger. The chancellor produced a statement by Herr Weismann, Commissioner of Public Safety, showing that the old Kapp coup group has been busy in Munich, and Col. Bauer, who is chief of the Triumvirate, in which are also Major Pabst and Capt. Ehrhardt, had long had protection from the Bavarian Government against the arrest of his recruits and agents. Col. Bauer, who lives in Bucharest, was in Munich recently. The police unearthed that portion of the plot which operated through what is known in the reactionary conspiracy as "Organization D," which was the murder corps. They are closing the net around the whole group of plotters, in addition to ten already held, who formed a portion of the conspiracy.

Old Kapp Group Is Suspected
Wirth Says Erzberger Was Victim of Monarchist Plot

Wirth told the Reichstag standing committee today that he had proof of a monarchist plot behind the murder of Dr. Matthias Erzberger. The chancellor produced a statement by Herr Weismann, Commissioner of Public Safety, showing that the old Kapp coup group has been busy in Munich, and Col. Bauer, who is chief of the Triumvirate, in which are also Major Pabst and Capt. Ehrhardt, had long had protection from the Bavarian Government against the arrest of his recruits and agents. Col. Bauer, who lives in Bucharest, was in Munich recently. The police unearthed that portion of the plot which operated through what is known in the reactionary conspiracy as "Organization D," which was the murder corps. They are closing the net around the whole group of plotters, in addition to ten already held, who formed a portion of the conspiracy.
